THE DUTY OF REPUBLICANS.

The republican party of Lincoln county in delegate convention—the largest and most representative ever held in the county—selected the standard bearers of the party for this campaign. The contests for the nominations were conducted in an honorable manner without rancor or any unfairness. Every republican in the county had an equal voice in the selection of the candidates. The candidates chosen are unexceptionable in character and fitness for the several positions for which they have been chosen, and every republican is in honor bound to support the entire ticket, not only with his vote but with his voice and influence.

Lincoln county is republican by over 100 majority, and all that is necessary to elect our entire ticket is for every republican to vote the ticket straight. This is a battle royal for supremacy. The populists are fighting for existence. With the election of the entire republican ticket this fall populism will be dead in Lincoln county for all time.

The populists admit that they have no show of beating Elder, Wills, Ray, Hosford or Donaldson, and are using their boodle and bending their influence to defeat Warner and Matthews. They say that while it is true that the republicans are in the majority, they expect to secure enough republican votes for Buchanan and Miller to defeat Warner and Matthews.

Republicans show by your votes on November 5th that you spurn the slander on your republicanism; that you do not put forth standard-bearers to betray them; that you do not give aid and comfort to the enemies of your party.

Let us rally round the flag, boys, shouting the battle-cry of freedom and vote straight, and every republican can then, with a clear conscience, join in a grand jubilee over the redemption of Lincoln county from its worst enemy—populism.

AND it came to pass in the Province of Lincoln, State of Nebraska: That the populists such as Mang, Gutherless, Ellingham, Beeler, Kilmer, Seaton and others to the number of sixty, held a convention on the 28th day of the ninth month. And Mang cried with a loud voice saying, nominate B. Buchanan who is our only honest man for treasurer and all the pops cried selah.—And Buchanan came before them and cried unto them, saying, behold the only honest man in the Province of Lincoln. And Gutherless, said he, Charles, wend his way and cried with a loud voice, saying, is Butler more honest than I? I will not support the pop ticket; I will vote with the republicans. And when Butler, the honest man, heard this he took fifteen shekels in silver and went to the house of Kilmer and said unto him, this will I give you if you will support me; and Kilmer immediately rose up and went forth and talked with a loud voice, saying, vote for the honest man Buchanan. And Miller, Keliher, Burritt, Franklin, Hawley and Ericsson were exceedingly wroth and swore privately.

If Mrs. Franklin has evidence of her qualification except letters of recommendation by back-numbered Iowa county superintendents she should produce it. The people have a right to such evidence. The Era in sketching the life of its candidate failed to state that she held a diploma or certificate of any kind. There is a grave suspicion that had diploma's candidate possessed a diploma, certificate at all-complimentary, that the people would have heard of the people who have

WE hasten to assure Colonel Ellingham that the silver dollars being distributed by the populist candidates are not used to purchase republican votes, but to stiffen the back-bone of certain weak populists. Republicans are never "in the market."

THERE is no doubt but the lies which populists are circulating in certain parts of this judicial district relative to H. M. Grimes will prove a boomerang to Judge Neville. Whether these falsehoods are circulated by consent of Judge Neville we are not advised, but if so we must say that he is stooping to tactics which would not be recognized by any reputable politician, much less a district judge.

THE Western Irrigator, owned by a rank populist, last week published in full Judge Neville's decision on the irrigation law, and the Judge mailed copies of the same to parties all over the Thirteenth judicial district. Last Friday the local populist paper printed this same decision, which took up nearly all the space devoted to reading matter. The publicity given this decision will lead the general public to think that Judge Neville had in view the votes of the people of the irrigated section when he rendered his decision. This may be a biased view of the matter, and yet there is no doubt but the Judge hopes to win votes by reason of the decision, else why should he give it such publicity at this particular time.

THE extremely hazardous chances of the so called independent party being able to elect a single candidate on their ticket, are indicated by the methods employed in their canvass of this county. Not having any argument to present they resort to paltry lies, and have them peddled about the country by one of the party pensioners who travels in a buggy telling independent voters (?) how to vote. These stories are heralded around as facts, with some more reliable man's name as authority for them than the cheap individual who turns them out for \$2.50 per day. The want of policy in the methods employed has made more votes for Dr. Warner, Wiley Mathews and Miss Hosford than for the parties for which they show the greatest interest. The stories of which the following will serve to illustrate have but little weight. On the north side of the river they tell as follows: That the republicans promised Miss Hosford a deputy at an additional expense of \$600 to the county and that Ritner agrees to this. This malicious falsehood has no foundation in fact. Under the statutes of Nebraska no provision is made or can be made for a deputy for the county superintendent. Nor for the employment of an assistant for whose assistance the county superintendent is responsible. See compiled statutes, section 3206. See also note 1, school laws of 1895, where the state superintendent says: "The law does not provide for a deputy county superintendent, and action by such person is not legal."

HON. H. M. GRIMES, the republican nominee for judge in this judicial district, is not a stranger to the voters of this county, in the courts of which he has practiced for several years, and all will admit that as a lawyer he stands at the head of the profession in this district. In the trial of cases in the courts he has always relied upon the law and evidence and scorned to win by means of appeal to personal prejudice when pleading to the jury, which has given him a host of friends among men who, while differing from him in politics, admire this trait in him. What a lawyer has followed in his practice he will continue to do if elevated to the bench. The writer first became acquainted with him when Grimes & Wilcox were appointed as county attorneys for McPherson county, and it is because of good advice received from that firm that McPherson county has kept out of debt and is in such prosperous condition.—Gandy Pioneer.

THE political friends of Colonel Ellingham have convinced him that attack on Miss Hosford week before last was a mighty "bad break." Buchanan realizes that it cost the populist ticket lots of votes and made Miss Hosford many friends. The Colonel is one of those unlucky fellows who is constantly getting "his foot in it," and the populist candidates are excused for praying for deliverance from the action and words of their fool friends.

It is an absolute necessity in this county that the county superintendent be able to hold a number one certificate. It is true the state board asks the questions for that grade but who is to say when they are correctly answered? Does Mrs. Franklin hold a first grade certificate?

Will Mr. Buchanan deny that he furnished certain parties money with which to purchase the votes of weak-kneed pops who threatened to vote for Warner? Of course the Era will deny it, but does Mr. Buchanan dare to come out publicly and deny it?

MISS Managers Appeal For Aid. BOSTON, Jan. Oct. 28.—Governor McConell received an appeal from the mine managers at Wallace stating that the miners union have ordered the miners out of the Hunter mine at Mullen and threaten to take them out if they do not join the union. The governor is asked to maintain martial law and order out the militia. Another dispatch states the people of Mullen want to organize a militia company. The governor notified militia captains at Gardner to hold their companies in readiness to proceed to Mullen. He has directed Colonel Morrow at Wallace to direct Colonel Morrow at Wallace to go to Mullen and muster in the company. He has wired the sheriff that property and life must be protected and martial law will be declared instantly if an outbreak occurs.

UNION PACIFIC EAST TRAIN. PORTLAND, Ore., Oct. 28.—The Union Pacific, in connection with the Northwestern and the Oregon Railway and Navigation company, it is said, will soon shorten the time between Portland and Chicago 12 hours, making the run in 72 hours. A like reduction is contemplated between San Francisco and Chicago, in connection with the Central Pacific.

Case of Love at First Sight. NEW YORK, Oct. 28.—It is announced that Count Belashchy will in a few days marry Mrs. Yznaga, who was recently divorced at Yankton, S. D., from her husband, Fernando Yznaga. The young nobleman is 35 and Mrs. Yznaga 23. They met at Newport last summer and it is said to be a case of love at first sight.

BECK AGAIN ON TOP. Garratt and Myers Denied a Writ of Habeas Corpus. DECISION BY JUDGE SHIRAS.

Indian Police Are Legally Qualified to Serve Legal Processes—Open the Way to Evictions of White Settlers on Indian Lands.

LINCOLN, Oct. 28.—In the federal court this morning Judge Shiras, in the case of William H. Garratt and John F. Meyers, applicants for a writ of habeas corpus, denied the writ. The court held that the Indian chief of police had the right to serve the legal writ addressed to him as an officer of the United States.

The effect of this ruling leaves the prisoners, Meyers and Garratt, under bonds to answer to the charge of resisting an officer in the sum of \$500 each. The opinion is rendered on the first count, which charges the defendants with unlawfully obstructing, resisting and opposing Henry French, Jr., an officer of the United States and an Indian policeman for the Winnebago agency, in serving a legal writ.

The decision is looked upon as a clear victory for the attorneys of Captain Beck. They say that it opens the way to the eviction of the settlers on the Indian lands, because Judge Shiras in his decision held that the writs of eviction issued by Captain Beck were legal, by saying their service was legal. Moreover, it is thought that the settlers will be evicted peacefully, as it is not believed they will further oppose the Indian police when it is understood that they are acting as United States officers.

BIG FIGHT TO COME OFF. Fitzsimmons Consents to a Postponement of Five Days.

ROCHESTER, Oct. 28.—Parson Davies, who is in this city with Sullivan, Ryan and other well known fighters, received the following dispatch from Hot Springs: HOR SPRINGS, Oct. 28.—Charles E. Davies: Fitzsimmons will be here Wednesday. There will be a postponement of about five days.

JOSEPH H. VENDIG. From this it is to be inferred that Fitzsimmons has reconsidered his decision and that the big fight will come off. Davies and his company will leave this city Wednesday for Hot Springs.

New Congressional Library.

WASHINGTON, Oct. 28.—The works of art intended to decorate the new congressional library buildings are beginning to come in slowly. There has already arrived besides the nine sculptural statues decorating the western front of the building, which are carved in granite, three of the emblematic statues of heroic size for the great central drawing room. These are "Historic," by John Charles H. French, "Science," by John Donoghue, and "Philosophy," by B. L. Pratt. There have also been received two of the life sized bronze statues for the reading room, one of Gibbon representing history, and one of Chancellor Kent representing law. The large fresco painting by the artist, Blackfield of New York, in the inner concave ceiling of the dome is "Progress," representing the advance of letters, art and science by bold emblematic figures, which, it is believed, will be much admired by all resorting to the reading room.

Governor Offers a Reward.

LINCOLN, Oct. 28.—W. H. Essex, sheriff, and W. B. Bowman, coroner of Sheridan county, have each written a letter to Governor Holcomb, calling his attention to a supposed murder committed Oct. 13 in the southern part of the county. The letters are from Rushville. The man, a stranger, was found dead on that date, and the verdict of the coroner's jury was to the effect that he was killed for his money. The writers request the governor to offer a reward for the apprehension of the murderer. In compliance with this request the governor has offered the statutory reward of \$200.

Brotherhood Chiefs in Session.

DENVER, Oct. 28.—The leaders of five great railway orders are holding a secret meeting in this city today to consider a grievance of the telegraphers in the employ of the Denver and Rio Grande railroad. The officials in attendance are: E. E. Clarke, grand chief of the railway conductors; P. H. Morrissey, grand chief of the railway trainmen; F. P. Sargent, grand chief of the locomotive firemen; W. V. Powell, grand chief of the railway telegraphers; M. M. Dolphin, assistant chief of the telegraphers, and Assistant Grand Chief Youngston, of the railway engineers.

Terror of Two Towns.

RAWLINS, Wyo., Oct. 28.—Reports have been received that Jeff Dunbar, a notorious "bad man," has been terrorizing the towns of Dixon and Bagg for the last week. At the saloons in both places he has shot the bars full of holes and has broken up the stoves and lamps. There are no officers in either town to take him into custody.

Gale on Lake Erie.

BUFFALO, Oct. 28.—A strong southeast gale prevails here and the lake is running high. The gale is accompanied by occasional gusts of snow. Some anxiety is expressed regarding vessels that were due here today, but it is presumed that most of them have sought harbors on the way down.

Children and Matches.

MANISTEE, Mich., Oct. 28.—Two children of John Costro, aged 5 and 8 years, were smothered by smoke. They had gotten some matches and set the bedding on fire.

Albino's Inauguration.

GUAYAQUIL, Ecuador, Oct. 28.—General Alfaro was inaugurated as supreme executive of the Republic today.

WOULD-BE MURDERER KILLED.

Plot Revealed and the Sheriff Meets Him With a Shotgun. PENELOPE, Ariz., Oct. 28.—L. U. Orme, sheriff of this county, early Sunday morning shot Dr. Rose at Mesa, 10 miles east of Phoenix with a shotgun, killing him instantly. Rose, with two confederates, had attempted to murder the Williams family, consisting of the doctor, his young wife and daughter. The latter was formerly the wife of Dr. Rose in Kansas. The confederates, Burt and Cooley, were captured and placed in jail. Burt previously gave the plot away to the sheriff, but was afraid to refuse to help execute the plans of the murderer for fear Rose would kill him. Sheriff Orme was in Dr. Williams' bedroom awaiting the assassins, which remained outside to watch. A 9:30 Burt came and cut the screen and unlocked the door. At 11 o'clock he returned with Rose and entered the house. Rose had a blacksmith's hammer in his right hand, a wagon spoke in the other and a pistol in his pocket. Two dummies had been placed in Dr. Williams' bed. Rose struck one with the hammer. Sheriff Orme said: "Hold up your hands; I am sheriff of this county and have you covered with a double-barrelled shotgun."

After waiting a few seconds he again said: "I will surely shoot if you don't throw up your hands." Rose failed to do so and the sheriff fired both barrels, killing him. Rose was wanted by the government for holding up mails, and also in Kansas for bank robbery. He was here six months ago, when he tried to kill his wife, but was arrested and agreed to leave the country. He had \$300 and seven doses of arsenic sewed in the waistband of his trousers.

FAST TRAIN ACROSS THE CONTINENT.

Trip From New York to Los Angeles to Be Made in Ninety-Six Hours.

NEW YORK, Oct. 28.—The New York Central Railroad company contemplates putting a new fast train to Chicago with the intention of reducing the time of the run from 25 to 22 hours. The train is to connect with the new fast train over the Santa Fe route for Los Angeles, Cal., which is to start on its first regular trip on Tuesday. By this eastern connection the trip from New York to Los Angeles can be made in 96 hours, deducting the two and one-half hours layover at Chicago or exactly four days. The previous fastest long distance train in the world was the California Limited of the Chicago and Northwestern and Union Pacific systems, which made the run from Chicago to San Francisco, a distance of 3,335 miles, in 85 hours and 15 minutes, the average rate of speed being 37.6 miles an hour.

MILITIA ON GUARD AT TIFFIN.

Speedy Termination of the Trouble Caused by Sunday's Riot is Expected.

TIFFIN, O., Oct. 28.—The indications point today to a speedy termination of the trouble caused by the attempted lynching Sunday morning of Marshal Schultz's murderer. A conference of the civil and military authorities has just been held, and it has been decided to withdraw the troops tomorrow morning. Further trouble has been anticipated after the funeral of the victims, Mutchler and Matz, who were shot by the jail guards, but it is thought this can be prevented by having private funerals. The Rev. Father Puetz today wired Bishop Horstman, at Cleveland, asking for a dispensation to that end in the case of Mutchler, and the request will doubtless be granted. One of the largest crowds Tiffin has ever witnessed was here tonight, being drawn here partially by the Campbell meeting and partially by a desire to see the scenes of the recent mob violence and the militia on guard about the public buildings.

NOT VOLCANIC FIRES.

PORT TOWNSEND, Wash., Oct. 28.—The exploring party which went into the Olympic mountains seeking evidence of the alleged volcanic fires has returned after an unsuccessful trip. They reached the summit of the first range and ascertained that the smoke and flames emanated from a deep ravine leading down from the mountain peak, and which was filled with dead timber. In the same ravine is a lead of lignite coal, which was ignited, and as the fire followed the ravine, caving boulders and falling earth caused the flames to ascend similar to volcanic fires. In the last few days the flames almost subsided, although vast volumes of smoke continue to roll upward. After convincing themselves of the cause and origin of the fires they hurriedly returned to Port Townsend.

APPLE CARNIVAL AT LEAVENWORTH.

Thousands of Visitors Participating in the Celebration.

LEAVENWORTH, Kan., Oct. 28.—This city today experienced its first whirl at the apple celebration carnival. Every building and store front down town is gorgeously decorated with apples of all sizes and colors and the carnival colors—red, yellow and green—are conspicuous everywhere. Business is suspended and everybody is celebrating. Thousands of bushels of apples are being used. A street parade nearly a mile long was the feature this afternoon. Governor Morrill, Governor Woodbury of Vermont, Congressman Blum and United States Senator Baker later made speeches. Tonight the city was gorgeously illuminated.

Met With Foul Play.

TOPEKA, Oct. 28.—A probable murder has been unearthed by the finding six miles southeast of here, of the dead body of Edward Illston, the 16-year-old son of a well-to-do farmer. The body was found in a bunch of high weeds. There were two bullet holes in the head. Young Illston had been missing since Oct. 14 and was last seen alive in company with an unknown young man, who has since disappeared, and who had at the time had a gun in his possession.
