JOINT INSTALLATION.

S. A. Douglas Corps No. 110, recently reorganized, held joint public installation with S. A. Douglas Post No. 69 Saturday evening, Jan. 4th.

Past Post Commander Thomas C. Patterson installed the officers of the post as follows: Commander, A. McMichael; S. V. C., W. T. Brown; J. V. C., Chas. Simpson; chaplain, A. M. Mason; quartermaster, Geo. Nauman; adjutant, F. Peale; officer of the day, J. W. Voodry; officer of the guard, E. Canright; surgeon, P. Ruddy.

After this the president of the W. R. C. Mrs. Schumann called the meeting to order and Mrs. Annie F. Church as installing officer proceeded to install the officers of S. A. Douglas Corps. The services were conducted with grace and dignity, the corps organist Mrs. Orr giving valuable assistance by playing a suitable march during most of the service, and thus making the ceremony complete.

The installation being finished, the president, Mrs. Patterson, thanked the installing officer in behalf of the corps. Past corps president, Mrs. Schumann, was called on for a few remarks and she responded in a short speech and thanked the corps again for the gold recognition pin that was presented to her in the afternoon by the corps. The meeting was then turned over to the post, and the remainder of the evening was spent in listening to speeches from Commodores Patterson, Cruseen, Leonard, Walker and Bobbit, and Mrs. Church responded to a call in a few well chosen words.

Mrs. Orr sang a very appropriate song, "My Father's Flag and Mine." Miss Burke and Mr. Crane led the singing of the patriotic songs, "America" and "Marching Through Georgia," assisted by the entire audience.

THE NEBRASKA CLUB.

The following preamble and resolutions fully explain themselves:

WHEREAS, The immigration of good citizens into Nebraska should be encouraged.

WHEREAS, Having in the eastern part of our great state, a territory capable of supporting many times its present population, and the middle and western, under irrigation systems, both completed and in process of construction, thousands of acres of as fertile, productive soil as may be found anywhere in the world, one of Nebraska's greatest needs now is a more rapidly increasing population.

WHEREAS, An increase in immigration, more particularly upon our agricultural lands, would result in (first) an increased trade in the commodities handled by the jobbers and retail merchants of the state; (second) an increased consumption to the products of our home manufacturers; (third) the employment of idle labor and renewed activity in all the avenues of business and the professions; (fourth) an increase in the valuation of our farm land, city realty and other taxable property, thereby producing a higher general average of prosperity to all our people now here and to come. And

WHEREAS, There already exists among the people of the state, need only to be crystallized and organized in order to become a live working factor in the general advancement of the interests of the state, a sentiment strongly in favor of pushing Nebraska to the front in an honest, earnest and effective manner, therefore with an abiding faith in the great resources of our state and fullest confidence in the integrity of its citizens, be it

Resolved, That we the undersigned, and others who shall hereafter join with us, hereby agree to associate ourselves together and organize an association to be known as The Million Club of Nebraska, for the general purpose of securing the co-operation of all classes of people throughout the state in a systematic effort to promote immigration of good citizens and add to the population of the state by the year A. D. 1900 one million immigrants, being good settlers from other states and countries. The capital stock of the club is to be two hundred thousand dollars divided into shares of one dollar each, in substance a popular subscription in which the subscribers have the management of affairs and have the direction of the work.

The announcement is made by the Union Pacific bondholders' re-organization committee that it has secured the deposit of a majority of all the outstanding bonds of the Union Pacific lines and is in a position to push the foreclosure proceedings on the first mortgage to an early hearing. This means that if the government does not act the first mortgage bondholders will attempt to do so. The purpose of the committee is no doubt to bring pressure to bear at Washington in behalf of its funding scheme, for whose passage we may soon expect to see the reorganization syndicate moving heaven and earth. In the interval the people residing in the states traversed by the Pacific roads and most vitally interested in the debt settlement should lose no time to make themselves heard on the subject.—Bee.

OCR neighbor across the imaginary line between this and the big Sixth congressional district are already in the throes of congressional trouble. The Sixth always was troubled with an over abundance of statesmen. However, when she has in her midst such men as Hon. A. E. Cady, Judge Beamant, Judge Kinkaid, Judge Kendall, H. M. Grimes, John Brady and Jack McColl, things will always be lively. All except the latter are already mentioned for congress to succeed Kem.—Grand Island Independent.

When active persons are disinclined to exertion, and know what is the matter it is safe to predict that they have taken cold or that the grip's coming on.
