—Some citizens are in favor of making electric light bonds an issue in the coming city election. The voting of bonds is a subject which should be thoroughly discussed. There is room for argument both pro and con. The columns of this paper are open to those who have anything to say on the matter.

—The married folks' high five club was entertained Tuesday night by Mr. and Mrs. Warren Lloyd and the usual pleasant time resulted. The royal prizes were won by Mrs. Luke Haley and John Herrod, and the boobies by Mrs. Wm. Grady and Luke Haley. The members of the club after that Mr. Haley absolutely "faked" the booby from Mr. Grady, so anxious was he to secure a prize of some description. How about it, Luke?

—Local stock shippers are complaining considerably on the advance railroad rate to Omaha. Prior to Jan'y 1st, the rate was so much per standard car, now each shipment is weighed and the transportation charges based on the actual weight. The stock exchange will confer with the railroads and if possible secure a readjustment of rates.

When he returned the valise had vanished, as had also a bum who was the sole occupant of the room at the time Mr. Sherman stepped out. In addition to the order book there were several articles of wearing apparel in the valise. Mr. Sherman will be forced to re-canvass the territory from which he took the orders. Yesterday forenoon a young fellow who was seen in the waiting room about the time the theft occurred, was arrested. It is thought he is the guilty party.

Measurements of the water in these wells will be taken once a week and an accurate record kept of the rise and fall.

—County surveyor Meyer has been putting in considerable "overtime" lately straightening up the road records. There is a disposition on the part of some country residents to fence up old-established but seldom used roads on the plea that these roadways were never legally established. It is to head off the action of these parties that the surveyor is going through the records and putting them in better shape.

—Dr. Morrill uses a painless method in extracting teeth which is absolutely harmless.

—C. F. Scharmann, who has been taking short-hand instruction in Lincoln preparatory to filling the position of court reporter to Judge Grimes, came up from Lincoln Tuesday evening. He left yesterday for Wilber, where he will do court work for a couple of weeks under the instruction of E. A. Cary formerly of this city. Con says he is making excellent progress and we have no doubt but he will fill with credit the position to which he has been selected by Judge Grimes.

—Several gentlemen of the city will probably in a few days incorporate the Citizens' Telephone Co. These parties have already made inquiries concerning the cost of instruments, wires and poles, and believe that the system can be put in very cheaply. Mayor Baker has also received a letter from Beatrice parties in which they offer to put in a telephone system if sufficient patronage can be secured. If the Citizen's company fails of its object, a proposition from the Beatrice parties will be solicited. It is pretty certain that North Platte will have a telephone system within the next ninety days, operated either by a local company or by outside parties. To many of our business men a system would prove a great convenience.

A very elaborate report of the accident which befell F. E. Bullard has been made out by a local railroad official, and the report will probably be forwarded to U. P. headquarters. A diagram of the accident, enclosed with the report, is rather amusing.

DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.
