ENDS IN A DEADLOCK.

CULMINATION OF THE SENATORIAL FIGHT IN KENTUCKY.

Blue Grass Lawmakers Adjourn After Accomplishing Little—Governor Bradley Comes In for a Scoring at a Meeting of Blackburn Democrats.

CINCINNATI, March 18.—The Commercial Gazette special from Frankfort, Ky., says: The legislature adjourned last night after a 60 days' session. The legislature failed to accomplish the two important acts it had before it—the election of a United States senator and the enactment of legislation to save the state's financial reputation. Governor Bradley has refused to order a special session and the state is in a bad way. The senate committee backed down and offered a report that was so mild when the threats to unseat the governor are considered, that even the Democrats laughed. In the house a resolution was passed denouncing the lawlessness and inciting Governor Bradley to the end. Lieutenant Governor Worthington has issued a call for a special election April 11, to fill the vacancy in the senate caused by Senator Weissinger's death. Senators Walton and James will resign and the governor will order a special election, refusing to recognize their expulsion by the senate.

Committee Offers a Mild Report. The senate committee appointed to "investigate" Governor Bradley and impeach him for usurpation of office, and impose both fine and imprisonment, reported to the senate last evening. The report finds that the militia was not placed under the control of any civil officer; that members were prevented from entering the house; that soldiers entered the senate chamber while the senate was in session; that no application was made to the jailer or county judge for assistance; that the governor made no inquiry of either house as to the situation and that the object in calling out the militia was to cast in the joint assembly two votes and elect a senator. The committee, in closing its report, says: "Your committee therefore find and declare and recommend that by the adoption of this report the senate of Kentucky declare that said use of the military power of the commonwealth by the governor was unnecessary for the preservation of the peace or for any other lawful purpose; that said military force was not used by the governor for the purpose of preserving peace, but was used solely for partisan purposes; that said action of the governor was wholly without warrant of law and was and is now a subversion of the civil authority by the military power of the commonwealth." By a vote of 19 yeas to 14 nays the report was adopted.

Legislature Adjourns sine Die.

Senator Jones denounced the statements in the report as absolutely false in point of fact and indorsed the governor. Lieutenant Governor Worthington did likewise and denounced the report.

When the senate convened last evening the Republicans, led by Deboe, made a fight to bring up the revenue bills for consideration, but the Democrats prevented legislation by filibustering. Senator Gobel leading the fight. An effort was made to unseat President Worthington and place Senator Gobel in the chair in order that he might prevent any consideration of the revenue bills, but it was only prevented by the Republicans agreeing to allow the senate to receive the report of the special committee and then the Democrats were to assist the Republicans and take up the revenue bills. After the special report the Republicans again attempted to bring up the revenue bills, but were prevented by the Democratic majority and the senate adjourned sine die. The house also adjourned sine die.

Three Great Victories For Zelaya.

MANAGUA, Nicaragua, March 18.—The city of Managua is in a frenzy of excitement and rejoicing over the news received of three great victories scored by the government forces over their opponents, the Leonist rebels. The city of Metapa was taken by storm after two days' hard fighting. The capture was attended with terrible slaughter, one regiment placing the number of killed and wounded as high as 1,000 men. The town of Mora has also succumbed to Zelaya's army, with heavy rebel losses. The troops supplied by the president of Honduras to assist President Zelaya are doing active service and in full career down the western coast of the Occidental department. They have already occupied Viogo City, north of Leon, and are proceeding southward.

Young Shoshone Chief Dies.

LANDEX, Wyo., March 17.—News has just been received here from Kinneer's ranch, on Big Wind river, of the death of the young Shoshone subchief, Jim Washakie. The Indians will give him an elaborate funeral. Several hundred Shoshones will be in attendance and invitation has been sent to the Arapahoe tribe to participate. The Shoshones have demanded that the murderers be arrested, even if they cross the line into Canada, as it is reported they will do. Captain Wilson, the acting Indian agent, apprehends serious trouble if Will Lamoroux and party are not arrested.

What a person prides is perhaps a rarer standard even than what he considers of his character, information and abilities. No wonder, then, that most people are so shy of praising anything.—Hare.

BROWN ONLY MILDLY CENSURED.

Ecclesiastical Council Acquits Him of Every Serious Charge.

SAN FRANCISCO, March 18.—Dr. Brown is acquitted of the charges of adultery and unministerial conduct. The council excused Dr. Brown's actions after the charges had been made public on account of his quick temper. With regard to the young woman, whom it is alleged he threatened, the council says: "We find his conduct to have violated all rules which should control the actions of a gentleman and christian minister, and we censure him for it, while we gladly recognize the kindly and many words of appreciation and reparation offered by him to the young woman in our presence." The council says Dr. Brown's explanation of the payment of money to Mrs. Davidson is unsatisfactory, but there is not a trace of suspicion in the minds of the council concerning the hitherto stainless reputation of Dr. Brown and his friends concerning the verdict a complete vindication.

TAILORS ON STRIKE.

Practically Every Tailor Shop in Chicago Is Tied Up.

CHICAGO, March 14.—In aid of the cutters who are now out on a strike in this city, 8,000 Chicago union garment workers declared a sympathetic strike. This vast body of workers will necessarily be joined by as many more, who are not members of the union, but who are in sympathy with them and for whom there will be no work during the idleness of the cutters, trimmers and tailors. In accordance with the action taken last night at meetings of the various tailors' unions, 13,000 tailors went out on a strike today, comprising approximately the total strength of the union organizations. Although there are some nonunion men still at work, the strikers claim that every shop in Chicago is practically tied up. The big strike was accomplished without violence, the strikers reporting at their headquarters or remaining quietly at home.

TRAIN GETS BEYOND CONTROL.

An Attempt to Make a Running Switch Resulted in Disaster.

BRAZIL, Ind., March 17.—A passenger train on the Center Point branch of the Vandalla line was wrecked at Center Point, south of here. The engine and miners' car, containing about 100 miners, had gone on the sidetrack to make a running switch, when the other section of the train, composed of a caboose and passenger car, got beyond control of the trainmen and, shooting down the heavy grade, collided with the first section before the brakeman could throw the switch. The caboose and miners' car was crushed in, while the engine and passenger coach were damaged. The miners in their car were thrown into one end of the car and the heavy seats piled on them. In their wild efforts to escape, they trampled and tore each other in a frightful manner.

PAINFUL EXECUTION.

In Germany the view obtains that the execution of criminals should be by some means more certain even than the electric chair. Dr. E. Culmann, a celebrated chemist, suggests the use of carbolic acid. According to his plan, the criminal would be carried to a cell, which can be filled noiselessly with carbolic acid in gaseous form from floor to ceiling. When the gas reaches the delinquent's mouth and nose it causes instant paralysis of the lungs and unconsciousness, and life departs without previous pain.
