S. P. Delatour, who has a ranch near Llewellyn, Duell county, has just received a train load of two-year-old steers from New Mexico. It is Mr. Delatour's intention to sell the greater part of these steers to local cattlemen. This is an excellent move, and as cattle have been pretty well cleaned out of this and adjoining counties, it might be well for growers to avail themselves of this opportunity to stock up; or if the supply is limited follow Mr. Delatour's example and ship in a train load. We are sure that the banks of this city would be willing to negotiate loans on cattle security.

LO AT THE THEATRE.

It was while Buffalo Bill's contingent of Sioux Indians was attending the performance of The Strange Adventures of Miss Brown at the Walnut Street Theatre, says the Philadelphia Telegraph. The aboriginals sat solemn but content until "Mrs. G'Gallagher" in her excitement over the elopement of "Angela Brightwell" and "Captain Courtney", seized her husband by the lapels of his coat and pitched him half way across the stage. The effect on the Indians was startling. They expected to see the "Major" floor his wife with a powerful blow. But he simply apologized for interfering, and continued with his lines. Then the warriors assumed a look of disgust, and one big fellow sitting next to the government agent grunted out:

"Ugh, white man a coward—let squaw beat him—me scalp her."

What do you think was the universal comment on the Indians' appearance from the gentler portion of the audience? It was:

"What a noble looking set of men?"

DEAFNESS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
