The specialties, of which there is an abundance, are all seen, and include several novelties. The company contains nearly twenty-five members, including besides Murray and Mack, the stars, George Emerick, the author, Bert Leslie, Clayton E. White, Chas. Lamb and Vincent Minelli. The girls are not only pretty, but all possess good voices and add dash and chic to the farce that is highly pleasing. The costumes too, are worthy of especial mention.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
