### COLONEL CODY IS SURPRISED

A message was received by Colonel William F. Cody yesterday intimating that he will probably be called upon to accept the nomination on the republican ticket for governor of Nebraska.

The telegram was from a friend of the Colonel's at Lincoln, Neb. It read: "You will be asked to accept the nomination for governor of this state."

An effort was made to see Mr. Cody after the performance at the Coliseum last night. A reporter for The Inter Ocean called upon Major Burke at the conclusion of the show, and asked to see Colonel Cody in regard to the message. Mr. Burke said that Colonel Cody was very much fatigued, having put in a day of hard work in preparation for the opening night, and that he was too tired to talk about the matter.

After a few words in private, as Mr. Cody was leaving the building, Mr. Burke called the reporter and said:

"This is Colonel Cody. He wishes to say that he is very tired this evening and does not want to discuss politics."

The Colonel then said good evening, stepped into his carriage, and was gone.

It is probable, from the way Major Burke and Nate Salisbury look at the matter, that Colonel Cody will not accept the nomination if it is offered to him. The contents of the telegram, although unexpected, were not a surprise, as he has many friends throughout the state of Nebraska who are desirous of bringing him into the politics of the state to which he belongs, but the idea of his accepting the nom-

ination for any office whatever is not regarded seriously by his associates of the Wild West show.—Inter Ocean.

### POLITICAL CLIPPINGS.

The Weyler cable has not reported Maceo or Gomez dead for over three weeks. The bosses at Havana must have lost their nerve.

Administration partisans assert that Mr. Cleveland is handling the Cuban affair to please himself, and we are compelled to believe it. He is certainly not handling it to please anybody else.—New York Mail and Express.

The end of the session is in sight and the Pacific railroad debt funding job has not yet been railroaded through either house. Mr. Huntington's confidence in his grip upon congress must have been rudely shaken during the past few months.

Republicans have no desire to see the democratic party split in the middle at the Chicago convention. They wish the concern would hold together and try to make the campaign interesting. Whether split or united the party is for the present a back number.—Ex.

It is the stamp of the government which gives value to silver and gold, say the free silverites. If this is true why is it that coins short in weight, through abrasion or mutilation, will not be received at the value placed on them by the government stamp? Even the government itself will not receive such coins at their stamped value. Will our free silver "stomper" rise and explain? Louisville Journal.

A potato famine has lately materialized in the northwest, but it will begin to let up in a week or two when the new crop from Arkansas commences to take the cars for a trip northward. The Minnesota farmers who were so disgusted by their immense crop last fall which rendered it unsalable on the spot for what it cost to dig them that they left them in the ground, will be sorry they wasted any now that the price has shot up all around them. Potatoes are a good thing to store in the cellar to await a better market.

An old soldier subscriber has written the Bee to call attention to the result which depreciated 16 to 1 free silver coinage would have on the men who are drawing pensions for disabilities incurred in the military service of their country. A 50-cent dollar, of course, would be equivalent to cutting every veteran's pension down to one-half its present purchasing power. Owing to the cheapening of production the pension of \$12 a month buys now two and three times the necessities and comforts that it did when the pension laws were first put into operation. Free silver coinage would, if it accomplished what its advocates claim for it, restore prices to the scale of 1873 and reduce the old soldiers' resources in a corresponding ratio. All this has been brought out time and time again, and it is difficult to believe that many rational old soldiers can be in favor of the free silver program.—Bee.

The B. & M. railroad company has received a contract for hauling 300 trains of cattle from Concordia, Kas., to Billings, Mont., for feeding purposes. This means about 6,000 cars, and as the cattle are yearlings, and about thirty can be packed in a car, it means the shipment of about 180,000 head. In another year these cattle will be reshipped to Omaha or Kansas City. The Elkhorn road also has a contract for hauling 100 trains from Superior to Belle Fourche, and these will be returned to the stock yards and slaughter houses next year.—Hastings Republican.

It has been said that there could be no cure for internal piles without a surgical operation, but over 100 cases cured in Council Bluffs, Ia., by the use of Hemorrhoidine proves the statement false. There is a cure and quick permanent relief for all who suffer with blind, bleeding and protruding piles. Its use causes no pain, even in the most aggravated cases. It is also a cure for constipation. ### DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O. Sold by all Druggists, 75c.
