ENTRANCE BLOCK, OPPOSITE THE UNION PACIFIC DEPOT

HAPPILY WEDDED.

Joseph L. Roddy was united in marriage Wednesday evening to Miss Mary Sullivan, at St. Patrick's church, Rev. O'Toole officiating. A reception was held at the home of the bride's parents, Mr. and Mrs. P. H. Sullivan at which a sumptuous wedding supper was served. The wedding was a pretty and impressive one.

Mr. Roddy is to be congratulated upon having secured for a helpmate so estimable a young lady. Endowed with a gentle and refined disposition, charming in her manner, and the possessor of a liberal education, she is well fitted to assume the manifold duties of a wife and make her home a pleasant one for the man of her choice. Mrs. Roddy enjoys the friendship of a very large circle of acquaintances and this she will retain in her marital life.

The groom is one of the popular firemen on the Union Pacific, and has ever proven himself to be a straightforward and deserving young man. That he will make an exemplary husband goes without saying.

The couple left the same night for a visit with relatives of the groom at LeMars, Iowa.

To the Mr. and Mrs. Roddy THE TRIBUNE extends its best wishes for a long and prosperous life.

The presents received were handsome and varied, and were as follows:

Oak side board, J. M. Sullivan; couch, imported corduroy, P. H. Sullivan; two pair double blankets, towels and china toilet set, nine pieces, P. H. Sullivan; china dinner set, 110 pieces, James Roddy; silver tea set, six pieces, Gus Chamberlain and Ella Sullivan; glass water set, Edna Sullivan; set of silver knives and forks, Mt. and Mrs. C. F. Jennings; Holdrege, Neb.; silver salt and pepper set, Miss Maurine Jennings; Holdrege, Neb.; silver butter knife and sugar spoon, Miss Louise Adams; silver butter knife, Miss Alice Sullivan; silver vase and ornamented bride cake, Miss Mary B. Sullivan; floral center piece and two pair of scapulars, Miss Katie Costello; silver cake basket and berry dish, Arthur Bush; hand painted china tea set, Miss Katie Conway; Chester, Wyoming; silver cake basket, Mr. and Mrs. M. J. Cronin; silver syrup pitcher, Mr. and Mrs. J. C. Federboof; china cake plate, Miss Bessie Bonner; onyx table, Mr. and Mrs. J. J. Sullivan; set of silver tea spoons, Wm. J. Sullivan; silver dessert spoons, F. J. Sullivan; set of silver tea spoons, Mrs. Jesse Norton; silver cream spoon, James Sullivan; cut flowers, P. J. Gillman; table linen, Leo Sullivan; clock, Miss Bertha Thoelecke; silver tea pot, M. C. Harrington.

In a recent issue of the Railroad Gazette there is an interesting article from Prof. Alexander Hogg of Ft. Worth, Tex., to prove that a railroad train going eastward is helped both by the force of the earth's revolution eastward and by the prevailing west wind. On the other hand a train is obstructed and delayed to a corresponding extent going west. Trials of railroad speed, to obtain the best results, should accordingly be from west to east. Mr. Hogg's reasoning is supported by elaborate mathematical formula, and his formula are approved in the main by the Railroad Gazette as leading to the correct solution. The argument is further sustained by Prof. E. H. Randle of Byhali, Miss., who adds that a train going west is not retarded so much as one going east is accelerated. As he puts it, "a train running east increases its centrifugal force and lightens the train." Professor Randle estimates that a train running seventy miles an hour going north or south loses two miles an hour by reason of the rotation of the earth, "on account of pressure against the right rail." It would be interesting to know whether practical railroad men have found that other things being equal, they make better time going east than west.

BRITISH STEAMER GOES DOWN.

Over Two Hundred People Find Way to French Coast.

BREST, France, June 18.—The British steamer Drimmond Castle, Captain N. M. Pierce, from Cape Town for London, collided at midnight with an unknown steamer and sank three minutes later with 144 passengers and 108 officers and crew on board. When a later dispatch from Ushant announced that the vessel struck a rock while hugging the French coast, instead of being in collision with another steamer, it was conceded that there could be few survivors. Six bodies have been washed ashore on the island of Ushant. The vessel sank and disappeared directly in about three minutes after striking. Only two boats were launched and one of these is believed to have been lost. The passengers must have been asleep when the vessel struck. Seafaring men believe the Drimmond Castle, while under full speed, struck the ledge, ripped open the compartments and the greater part of the ship's bottom, slid across the ledge and went down in the deep water on the outside. It is thought that important witnesses in the trial of Dr. Jameson and other citizens and mining men of Transvaal with their families were on the vessel.

WEST POINT, June 18.—Fully 10,000 persons attended the graduating exercises at the military academy yesterday. All these sections of the island seem to have been more or less shaken. The subterraneous disturbance lasted about 20 hours, and during that period the utmost terror prevailed.

Mortland Not Confirmed.

WASHINGTON, June 14.—The report of Mortland's confirmation as postmaster at Montezuma, Ia., which was sent out last night by Iowa correspondents, was incorrect. It is believed here that President Cleveland will name Mortland within a day or two to serve at least during the recess of congress.

De Mores' Party Massacred.

PARIS, June 18.—A dispatch received here from Tunis announces that a report is current there that the Marquis de Mores, well known in New York and in the western states, has been killed south of Tripoli.
