KEITH'S BLOCK, OPPOSITE THE UNION PACIFIC DEPOT

INSTITUTE NOTES.

Both the attendance and interest in the work of the Lincoln county teachers' institute appear to be largely on the increase the present week. This augurs well for the good that will be accomplished, and is alike creditable to the instructors and attendants.

After the usual opening exercise Monday morning the roll call developed the fact that there were 133 preceptors present.

Mr. Somers led the class in Third grade work and made a very interesting showing.

After intermission the instruction in the fundamental principles of music by Prof. Orr was shown to have fallen upon good ground by the excellent fruit it was bearing.

At 11:15 o'clock Mr. Watson, of Gothenburg, took a class in numbers through the subject of percentage in a very instructive and thorough manner.

In the afternoon Prof. Orr led the class in history from 1787 to 1815. To-day he resumes his subject and takes the class from 1816 to 1835. It is needless to say that he succeeded in arousing a great deal of interest in his work.

Miss Martin next led in the subject of physical culture and the attention paid demonstrated the fact that a great deal of interest is being taken in this matter.

BETWEEN THE RIVERS.

There was a light frost in places Sunday morning. The ladies' union aid will meet at the home of Grandma Tillion to-morrow afternoon.

John Tallmadge and wife of Sutherland, in company with Mr. and Mrs. Ernest Gibbons and Zach Zook and sisters, made a trip to the canyons last week in search of plums.

They gathered about three bushels. W. H. Hill, of Hershey, has removed the partition from his store in order to make room for a larger stock of hardware.

He will also put in a stock of harness. The elevator has been moved over and it will not be long until Hershey will handle all the grain for shipment in the valley.

The dog killing fiends are once more in the land. They come from their lair after midnight and are the ones who are suspected of doing some petty thieving in the neighborhood. Fred Campbell of North Platte and Alex McNichol of Myrtle, accompanied by several ladies, took in the sights along the ditch Sunday.

If people from the east think plums will not grow on the ditch, they should visit the Spurrier farm and view the plum trees there. The Hershey, Nichols and Platte Valley Sunday schools will hold a picnic at Stoddard's grove Thursday, Aug. 27th. Everybody invited. A fine programme has been prepared for the occasion. U. R. I.

SUTHERLAND NEWS.

Miss Minnie Etchison spent Sunday with her parents. J. H. Abshire spent last week in North Platte receiving treatment for hay fever. Water is once more running in the S. & P. canal, but if the rains continue the labors of irrigating will be lessened. C. E. Doran, of Sidney, was here Friday looking after his hay interests.

Ennice Johnson, C. J. Paruham, E. C. Brown and several others from this vicinity are attending the teachers' institute. Frank Martin, of North Platte finished plastering C. B. McKinstry's house on Friday. The carpenters commenced work on Yates' hotel on Thursday. The foundation was laid by J. N. Thornly. Eli Etchison shipped cattle to Omaha the early part of the week. Geo. Golvinn, of Hershey, was in town Saturday rustling up members for the Maccabee lodge. Beaumont Bros. of Madrid were the guests of W. C. Blackmore the first of the week.

L. C. Applegate is building a house on his lot in the west part of town. John Pierson and wife, of Keith county, are visiting Sutherland friends this week. Chris Sundburg has sold out his Nebraska interests and expects to leave for the Pacific coast within a week. C. B. McKinstry was an Omaha visitor Monday and Tuesday. P. C. Meyer and wife, of Paxton, transacted business at this point Saturday. Jesse Etchison, of Ft. Morgan, Col., is visiting his parents this week. A. E. Cady's speech last week is said by many to have been the best ever delivered in this village. T. H. Thurber and wife visited with relatives at Paxton the greater part of the week. Rumor has it that O. A. Hostetter has sold his west build-

ing lot to Eli Etchison. G. C. White purchased a couple of cars of cattle of H. Brogan the last of the week. Ed Richards departed for the Rosebud agency the first of the week. Ed is a fine fellow and the people of Sutherland dislike to see him leave this section. John Bratt shipped three cars of stock to Omaha Sunday. CITIZEN.

MYRTLE NEWS.

A. E. Moore transacted business in North Platte a week ago Friday. Alex McNichol had the misfortune to lose his watch while on the Dismal after plums. Misses Cora Combs, Jessie Waite and Jennie McNichol and A. M. McNichol are attending the teachers' institute at North Platte. D. McNichol and D. C. Schrambling left for the Dismal Tuesday, and C. A. Moore on Thursday. A number of men attended the Cady and MacColl political meeting at Gandy Thursday night. Bob Douglas of Logan county, was in this vicinity Tuesday trying to buy cattle. The rains of Sunday night, Thursday night and Friday afternoon revived things considerably. Owing to the hot winds of the previous week, some pieces of corn had commenced to burn. W. Combs, R. J. Menzie and A. J. Neel, were visitors in North Platte Wednesday. A. E. Moore threshed his rye Wednesday. Among the nine men who helped all but two are McKinley. This speaks well for the fall election. John Combs threshed his grain Thursday. The Myrtleites would like to hear speakers on both sides of the political questions. As yet no no speakers have been booked for this place. What has become of the harvest picnic that was to be this fall? HAYSEED.

NEWS FROM COTTONWOOD.

We were visited by another severe storm on the night of the 20th with fall of rain, but the only damage done in this section, so far as learned, was one horse killed by lightning on Peter Burke's place.

Miss Alva, of Omaha, is visiting Mrs. Peter Burke this week.

The Rev. Paine, of the Church of the Latter Day Saints is again in our midst.

"Planning" is the order of the day now, and parties are seen in all directions coming from the canyons heavily loaded with the fruit.

On last Thursday a picnic party from Cozad visited the National Cemetery. The party was composed of Misses Cora Broughton, Sophie Hughes, Mary Larmon, Stella and Effie Buckley, and Messrs. C. L. Arthur, C. Ward and J. B. Hughes. JAX.

NOWELL PRECINCT—We have had three good rains in this section during the past week, and late corn, barring early frost, promises to yield well. The early corn will practically amount to nothing, as the dry weather in July cooked it.

Small grain in this precinct is a very slim crop, wheat averaging from three to six bushels per acre. Oats and barley are not much better. The lightning Thursday night shattered a number of fence posts for Henry Cordes. B.

At the free silver meeting last Saturday, Judge Neville, one of the speakers, made the statement that only seven and one half per cent of the people of this country owned their homes free from debt, and the crowd cheered him just as though they believed it. The judge is either ignorant or made a willful misstatement. The fact is that nearly thirty-five per cent of the people owning homes hold them free from debt, and only a little over thirteen per cent of the homes of the United States are mortgaged. When a speaker makes a statement that is as far from the truth as this one he is certainly not entitled to the confidence of the public and can not be trusted in anything.—Sidney Poinard.

The teachers of Logan and northern Lincoln counties have organized a teachers' association and will hold a meeting at the office of County Superintendent Kampmeier on Saturday September 5th 1896, at 1 o'clock p. m. The temporary officers are: M. L. Kirby, president and Mrs. A. C. Kirby, secretary. The association has eighteen members and the intention is to hold monthly meetings. Such an organization will prove very beneficial to teachers, and school officers should do what they can to encourage it.—Gandy Pioneer.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box.

For sale by A. F. Streit

OF INTEREST TO BICYCLE RIDERS.

There can be no question that one of the most important parts of a bicycle is the tire. It has to bear the brunt of the work, is constantly coming in contact with destroying elements, and generally receives the least care from the rider. The importance of the work it has to do was easily recognized by makers of bicycles, however, and they have given much attention to this important adjunct of the wheel.

There are today, perhaps, thirty different styles of bicycle tires on the market, all of which vary in detail. As to their various merits, theories are of little value; actual experience is the only way to determine this question. Unless an article gives satisfaction, demand for it soon ceases. After a test of over six years, during which time double-tube and single-tube tires have been marketed, at least three-fourths of all the riders in this country demand and ride double-tube tires.

The leading firm in the United States, and in the entire world, in the manufacture of double-tube tires, is Morgan & Wright, Chicago. Their history is interesting. The first pneumatic tire—the rags-and-glue kind—was giving trouble, and Morgan & Wright stepped in to fill a great public want. They furnished a tire that could be easily taken from the rim to be repaired. That was the principal requirement in those days besides the usual requirements of speed, durability and comfort.

That was several years ago. Single-tube tires had been pushed in Europe, and were failing and the same effort was being started in this country. The Morgan & Wright double-tube tire quickly proved its superiority—with the result stated above. The quick-repair inner tube, which is this year's standard feature of all of this firm's tires, has made the position of double-tube tires practically invincible, by making it quick and easy for the riders to secure, at the roadside, a permanent repair—a thing admittedly impossible in the majority of single-tube accidents.

A meeting of ladies was held yesterday afternoon in the court house to form an auxiliary to assist in getting a good display of woman's work from Dawson county to be exhibited at the Irrigation Fair in North Platte. Mrs. I. P. Griswold was elected president, and Mrs. F. H. Adams, vice-president. The organization is composed of ladies interested in the advancement of the county through the science of irrigation, and as Dawson county has more irrigated land than any other county in the state, a good exhibit should be sent.—Lexington Pioneer.

Some fatal disease is wiping out hogs in this vicinity at a lively rate, but no one seems to know the nature of the epidemic. It was thought by some that it was cholera, but others think different. The doctors killed one of H. M. Sullivan's pigs and the post-mortem revealed that the blood in the region of the heart, and in some of the larger arteries was clotted. The disease made its appearance about ten days ago, and hogs afflicted with it die in a couple of days. So far the disease has only appeared in this immediate vicinity but as it has every appearance of being contagious it may spread over the county before it runs out.—Broken County Republican.

The Norfolk News publishes a prospective review of the best sugar beet crop in that part of the state, which shows promises of a success this season. Grand Island will not crop until out of the woods, but we can assure our Norfolk brethren that there never was such a prospect for the industry in the "home of the sugar beet in Nebraska," as this year. The yield is enormous and the quality superior to any season.—Independent.

NEBRASKA STATE FAIR RATES.

OMAHA AND RETURN.
—Open rate of one fare, plus 50 cents for admission, for the round trip. Tickets on sale August 7th to Sept. 5th inclusive; good going for continuous passage on date of sale only; final limit Sept. 7th. Also I am authorized to sell round trip tickets at \$3.50, which will include one admission to the fair on Sept. 1st and 2d, limited to expire Sept. 5th. N. B. OLDS, Agent.

Macaline will cure any case of itching piles. It has never failed. It affords instant relief, and a cure in due time. Price 25 and 50 cents. Made by Foster Manufacturing Co. and sold by A. F. Streit.

Ask a Policeman

He saw the fellows make some great big hauls— But he didn't do a thing.

The next time you see the policeman on our beat ask him if he noticed any boxes being hauled up to the Fair Store of late. Ask him if the sidewalk wasn't blocked most of the time. Maybe he can't give you the exact number of boxes, but he can tell you that such is the case each morning and has been for some time.

But What About it?

What do you want to hear about how many cases we got in? Maybe you don't, but we want to say now that we bought more goods (and are going to buy more) for this fall and winter, and bought 'em cheaper than any previous season since we opened our doors.

If big quantities don't interest you, big values will. Big values are what we are going to give you from now on. We will quote a few of them here, but if you will call at the store we will be glad to show them to you, in all of the departments:

300 yards dress gingham at 5 cents, former price 7 and 8 cents.

400 yards check gingham at 4 cents.

Best grade of calicos at 5 cents, always sold for 6 and 8 cents.

1000 yards 36-inch cashmere, assorted colors at 19 cents, former price 25 cents.

1200 yards all-wool henrietta 40 inches wide at 29 cents, other stores get 50 cents per yard for it.

500 yards novelty goods at 10 cents per yard.

Outing flannel at 5 cents per yard.

SHOES! SHOES! SHOES!

Our shoe department. We do not claim that we have the largest shoe stock in the United States, but we do claim that we have the largest and the best stock in the city. We do not claim to be giving our shoes away. In order to induce the people to trade with us that have not been doing so, we will offer the following low prices for the next fifteen days, commencing August 15th; we will offer all of our high price shoes for the same price that you have been paying for medium goods elsewhere.

Our \$3.00, \$3.50, \$4.00 and \$4.50 shoes for ladies at \$2.90.

Our 2.00, 2.25, 2.50 and 2.75 shoes for ladies at 1.90.

All of our 1.50, 1.65, and 1.75 all go at 1.25.

Our 1.00 shoes go at 75 cents.

OUR MEN'S SHOES

Our regular 1.50 and 1.75 shoes go at 1.00.

Our regular \$2 and 2.50 shoes go at 1.90.

All of our 4.00 shoes in the house go at 3.00.

We have a few odd lots in children's shoes that we are selling cheap. Remember that all of our shoes are guaranteed to give satisfaction and in case they rip, break or tear we will repair them free of charge. Do not miss this great sale. Come early so you can get first choice. Yours for business.

Richards Bros., - "The Fair."

DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. Cheney & Co., Toledo, O.
Sold by all Druggists, 75c.
