#### CITY COUNCIL PROCEEDINGS.

At the regular meeting of the council last evening, all members were present but Hall. After the minutes of two previous meetings had been read and approved, the clerk was instructed to open the bids for taking care of the street lamps and furnishing oil for the month of October. The four bids were as follows: Gay Pitts \$1.49 per lamp; W. A. Stearns, \$1.45 per lamp; W. F. Gates, \$1.40 per lamp; G. A. Dowlan, \$2.50 per lamp. Upon motion the bid of Mr. Gates was accepted.

Pine street between Front and Fourth was ordered graded, the committee having previously reported that portion of the street in bad condition.

Councilman Scott stated that one waste pipe from the U. P. shops was still emptying water into the north side slough, causing water to stand therein. On motion the mayor was asked to confer with Mr. Barnum relative to an abatement of the nuisance.

W. A. Stearns and J. H. Brooks were added to the list of special policemen for fair week.

A warrant for \$100 was drawn on the water fund, and the following bills for work on the streets were approved: Fred Vetter \$15.75, Jos. Courtney 24.50, Martin English 27.75, Frank Cochran 18.75, Mike Cox 30.00, E. W. Crane 10.00, J. H. Brooks 6.75. The bill of H. C. Charles & Co. for street lamps was laid over until the next meeting. The firm had crated the lamps in a very careless manner, thereby causing the freight to be eleven dollars more than it would have been had the lamps been properly crated. The council thought this sum should be deducted from the bill; at least the clerk was instructed to make such a request.

The clerk was instructed to purchase of G. T. Field one dozen stars for the special policemen.

The board of health reported that a number of alleys in the business portion of town were in bad condition, and steps will be taken to abate the nuisances.

The mayor and clerk were instructed by motion to sign the papers in the Hinman-Rennie dedication matter, and the ordinances relative thereto passed the first reading.

#### THE CODY GUARD IN CAMP.

LINCOLN, NEB., Sept. 20, 1896. ED. TRIBUNE.—Co. E, 2d Reg., N. N. G., known everywhere as the Cody Guard, have been in camp here for a week. Rain has somewhat interfered with field work, but not with their having a good time. For several years past I have visited them in camp, enjoyed their hospitality and been entertained by their keen but wholesome wit. If you hear of any of the boys having been in the guard house it was because the theatre held later than 10:30, the time when all passes expired, and not on account of the wagon load of melons they carried off on their bayonets at a shoulder arms.

Major Scharmann, with his new uniform, mounted on a fine roan charger, could be distinctly heard in all parts of the field giving orders.

I hope North Platte fully appreciates the splendid young soldiers of Co. E; every private would make a good captain, every officer a good general. The term of enlistment of many of the company will soon expire; the people should manifest their appreciation in some fitting manner. Three cheers and a tiger for the Cody Guard!

J. E. EVANS.

#### WILL OFFER PREMIUMS.

NORTH PLATTE, Neb., Sept. 18. The meeting of the Board of Directors of the Lincoln County Agricultural Society was called to order by President L. Eells.

Present I. Dillon, W. W. Birge, L. Thoelecke, J. R. Bangs. L. Thoelecke acted as secretary. Motion made by J. R. Bangs and seconded by I. Dillon that M. C. Keith, John Keith, I. Dillon, H. S. White and Matt Clair be permitted to erect a stable or stalls on the fair grounds and to have the use of the track at times when the grounds are not used by public entertainments or not to conflict with the business of the society. Said stables or stalls shall remain the personal property of the owners and they shall have the right to remove the same at any

time and when removed this privilege shall be revoked. Motion carried.

On motion of J. R. Bangs, which was seconded by Dillon, the following premiums shall be given: For best samples of wheat, corn, rye, oats, alfalfa, potatoes, beets, turnips, and dairy products.

L. D. THOELECKE, Sec.

#### ADDITIONAL LOCAL.

—A special from Washington to the Globe-Democrat under date of September 18th says: United States Commissioner of Railroads Gen. Wade Hampton and W. J. Coombs, government director of the Union Pacific road, held a conference with Secretary Francis over the proposition to foreclose the government's claim of \$67,000,000 on the Union Pacific and the central branch in Kansas and Colorado. The syndicate is said to be willing to pay \$50,000,000 for the government's claim. The proposition is likely to be forwarded to congress next session.

—The Chicago weather forecast for to-day is fair to-night and warmer. Wednesday, warmer with showers, variable winds. The maximum temperature yesterday at North Platte was 58 degrees; minimum 40 degrees; at 7 a. m. 41 degrees; precipitation .16 of an inch. For the same period and time one year ago the maximum temperature was 60 degrees; minimum temperature 34 degrees; at 7 a. m. 36 degrees; precipitation .26 of an inch.

—By a rather singular coincidence Jack Sullivan, who pulled Cody's first show cars out of this city, brought in the advertising car Sunday afternoon, and also took it east last night. The gentlemen in charge of the car purchased a lot of fire works last evening, and just before the train left fired them off. As the train pulled out several pans of red-light were burned.

—Several teams are employed to-day in hauling dirt and filling in the low places in the streets and alleys. During the past ten years thousands of loads of dirt have been hauled upon the streets, and one naturally wonders where it has all gone. In a windy country like this, keeping up the streets is a heavy expense to a town.

—Nearly all the old soldiers who attended the reunion at Curtis last week announced their intention of coming to the G. A. R. reunion in this city. It now looks as though the number of old soldiers who will attend the coming reunion will by far exceed the attendance at the reunion held here several years ago.

—From reports received it is estimated that fully twelve thousand people will be here on October 12th to witness the performance of the Wild West Show. It will be a big crowd to feed, but accommodations for the people are being made.

—THE TRIBUNE HAS just finished printing a brief in the case of Annie Powers vs. Lucy Newton which has been carried to the supreme court on error from the Lincoln county district court.

—The local committee is working hard to have the A. O. U. W. day at the fair one of the great events of fair week. Hundreds of members of the order are expected here on that day.

—Nearly every precinct in Lincoln county will this year show republican gains over two years ago. This can be taken as official.

—Several additional pens for sheep and hogs were erected at the fair grounds yesterday.

#### DEAFNESS CANNOT BE CURED

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free. F. J. Cheney & Co., Toledo, O.

Sold by all Druggists, 75c.

#### CHEAPEST RATES ON EARTH.

For the fall festival of mountain and plain at Denver on Oct. 6th to 8th the Union Pacific will sell round trip tickets for \$6.45. For particulars apply to N. B. Olds, U. P. agent.

—The old electric light building in the Third ward is being moved to the fair grounds to-day. It will be used for the fish and apiary exhibits.

—John D. Vaughn, of Denver, a brother of Maurice Vaughn of this city, has been selected as a "missionary" to go east and preach free silver. Mr. Vaughn is a printer by trade.

Hon. J. S. Hoagland addressed a good-sized and appreciative audience in Wallace last Saturday evening, the money question occupying most of his time. The republicans present were satisfied with Mr. Hoagland's talk, and many good words have come from the opposition in regard to the gentlemanly way in which he presented his views. Mr. Hoagland is making a clean and vigorous canvass, and it is very evident that the majority of the voters in this senatorial district will stand by him.—Wallace Telegram.

The huge wheels of the great sugar factory were set in motion yesterday, and a goodly number of idle laboring men of Grand Island are thus given employment. During the first ten days the thousands of gallons of syrup left over from last season will be worked up into sugar after which the factory will begin on the beets. A number of those in close proximity to the factory have already been notified to deliver their beets, and hauling will begin at once. It will require at least four months, night and day, to work up the acreage contracted for the Grand Island factory. While many of the beets will be shipped here by cars from distant points, the necessary acreage in close proximity to the factory is gradually increasing, and it is to be hoped that ere long the entire tonnage necessary to operate the factory may be raised by the Hall county farmers.—Independent.

## DOLLARS DOING DOUBLE DUTY.

We might give you quite an essay on the silver dollar and gold dollar, but we won't, not to-day. We'll only speak of the plain, ordinary, every-day dollar of trade as we get it and know it, and spend it, whether it's gold, silver, paper or change.

And on the line of argument presented last week, we'll just drop a word of suggestion that any old dollar will do double duty if you will deposit it with us. We are opening new goods every day, and in the course of two or three weeks will be able to show before the people the finest of Dry Goods, Cloaks, Bon-stance etc., ever shown in the city. Yours for busi. Shoes.
