## DOWN IN GEORGIA.

Democracy Triumphant Over the Combined Forces.

MEMPHIS, Tenn., Oct. 8 .- The Commercial-Appeal's special from Atlanta, says Georgia sends her answer to Maine, and sends it in ringing tones. The Democrats have won a signal victory. At midnight the returns received from a big majority of the counties indicate a plurality for Governor Atkinson, Democrat, of 35,000, or perhaps 40,000. 1t has been the boast of the opposition that Atkinson's majority would be cut from its 25,000 two years ago. Every possible element antagonistic to Democracy has been arrayed against the state ticket in this fight. The Populists combined with the Prohibitionists, and the campaign they have made, has from the first been a very vigorous one. They have had many active agents at work in their behalf. In the cities the A. P. A.'s have been fighting from one end of the state to the other; the Republican leaders have been using influence in the interest of the Populist ticket, openly working and keeping down the Democratic plurality, which is Georgia's answer to Maine and Vermont. Many Democratic gold leaders have also worked against the state month after escorting the imperial Rusticket. The conditions point to almost sian yacht Pole Starinto French waters, a Democratic gain. Whenever there has the torpedo destroyer Lightning was been a Democratic loss it has been due struck by two heavy seas, which threw solely to local reasons.
