THERE is no accounting for tastes. The voters of the Sixth congressional district defeated an able, honest man and and elected a ----?

FUTURE historians will refer to Bryan's candidacy as the flight of the meteor-a red-hot object that becomes as a stone.

THE voters of the country buried W. Jennings Bryan face downward in order that he might, in the language of John P. Irish, "dig down to China where they have a silver standard."

JOHN L. MINOR was the only free silverite in North Platte who displayed a full-grown smile on the day following election. Mr. Minor's equinimity is not easily disturbed.

TUESDAY'S result demonstrated that the masses as well as the classes are found within the republican party. The Bryanese effort to array the workman against his employer was not in the least successtul.

MR. BYAN's tribulated statement of his labors during the campaign sets forth that he spoke 1,200,000 words in his ride across the country. ADA BITTENBENDER is again defeated for supreme judge, but not dismayed. The United States government is engaged in another awful "conspiracy!" They are deliberately planning to swell the population among the Indians. Slight Changes In the Political Complexion of the Next Senate.

LATE RETURNS FROM STATES

Chairman Faulkner Concedes a Republican Working Majority In the Next House--Secretary Edgerton Claims the Election of 22 Populists.

Washington, Nov. 5 .- Later returns indicate slight changes in the next senate from the table sent yesterday. The five doubtful states yesterday were Delaware, Kansas, Kentucky, North Carolina and South Dakota. It is now reasonably certain Delaware will have a Republican legislature. The only claim to the contrary being of irregularities in Sussex county. Kansas will elect a fusion or independent senator to succeed Peffer, and Kentucky on the face of the returns will elect a Republican to succeed Blackburn. North Carolina legislature is in doubt, with chances favoring the success of the fusionists, who, in this state, were made up of Republicans and Populists. Until the legislature actually chooses Senator Pritchard's successor, it cannot be told whether North Carolina's new senator will act with the Republican majority, and he is not classified in either the Republican or Independent column, but in the doubtful list. South Dakota is still in doubt, with the chances favoring a fusion Independent. The senate therefore, on this estimate, would stand: Republicans, 44; Democrats, 32; Independents and Populists, 12; doubtful, 2. Total, 90.

Washington, Nov. 5.-Chairman Faulkner of the Democratic congressional committee conceded today that the Republicans would have a working majority in the house, but said they lican each from Colorado, Montana, Washington, Nevada, Minnesota and Indiana will act with the Populists.

Louisville, Nov. 5.—Congressional Results: First district, C. K. Wheeler, Silver Democrat; Second district, J. D. Cardy, Silver Democrat; Third district, S. Rhea, Silver Democrat; Fourth district, David H. Silver Democrat; Fifth district, Walter Evans, Republican; Sixth district, A. S. Berry, Silver Democrat; Seventh district, Evan E. Settle, Silver Democrat; Eighth district, G. H. Davids, Republican; Ninth district, Samuel J. Pugh, Republican; Tenth district, T. W. Fitzpatrick, Silver Democrat: Eleventh district, David G. Col-

son, Republican. Chairman Babcock of the Republican congressional committee places the number of Republican members in the next house of representatives based on reports received by him up to 12 o'clock today at 200, with 22 in doubt.

Result In Wyoming Is Very Close. CHEYENNE, Nov. 5 .- Returns to the Democratic committee show a plurality for Bryan electors of 503, and for Osto be heard from are Big Horn county, Star Valley and Jackson Hole, Uintah county and several precincts in Johnson county. The estimated Democratic majority in these districts is 300 and the Democratic committee claim the state by 800. The Republican state committee has full returns from 11 counties and with estimated returns from the remaining two claim absolute election of one elector and probably the election of two by pluralities of 250; the election of congressman and associate judge by 400. The committee estimates that the state legislature will be 42 Republican and 14 Democratic on which no returns have been received, has been recently organized and has been settled mainly within the past two years and its vote is difficult to estimate. A conservative view of the situation in the state is 500 plurality for electoral and state ticket will not exceed 250 votes and that complete returns must be received from the entire state to determine which party will receive this plu

He was especially gratified at the result in Nebraska, and took occasion to congratulate the chairmen of the various county and state committees located in Lincoln on their work in the city and throughout the state. During the afternoon Mr. Bryan attended the funeral of an old friend and he spent the evening with his callers.

Elect Silver Congressmen. St. Louis, Nov. 5.—According to the latest returns there will be in the lower house 81 Democrats, 26 Republicans, 12 Populists; 10 doubtful, 11 not heard from. There were 17 of the 34 senators voted for. Of these the Democrats captured 11, which, added to the six holdover Democrats will give them 17 senators, as against 16 Republicans and borne for congress, 604 votes. Districts one Populist. Tennessee Goes Democratic. NASHVILLE, Nov. 5.-Full returns from 60 out of 96 counties show wat Bryan has carried the state by about 20,000; also a Democratic gain in the gubernatorial vote of 3,500. Many of the counties to be heard from are Republican and Taylor (Dem.) for governor will have a majority, perhaps not exceeding 7,000 and may run down and has one negro member. The Democrats have seven congressmen sure and may have elected Moon. The Republicans claim the official count will be required to decide between Taylor and Tillman, candidates for governor.

Hanna's Statement. CLEVELAND, O., Nov. 5.-This afternoon Mark Hanna made a statement.

"The country returns from Tennessee, Kentucky and North Carolina make those states doubtful. I am still sure of North Carolina. I am confident the full returns will put Texas in the McKinley column. The final count will give Mc-Kinley no less than 277 electoral votes. The Bryan vote has been steadily growing since I claimed 311 electors last cratic. Oregon is Kepublican and Cali-

Bryan Wins Wyoming. CHEYENNE, Wyo., Nov. 5-Thirtynine precincts give McKinley, 1,400; Bryan, 1,462; Democratic gain of 284. Incomplete returns from two precincts in Evanston and eight in Laramie give Democratic gains of 623 votes in 1,871 polled. This ratio of gain in entire state

will give Bryan 1,399 plurality. Lind Leading Clough. St. Paul, Nov. 5 .- Practically complete returns from 51 of the 81 counties give Clough (Rep.), for governor, 2,046 less than Lind (Fusion.) CHICAGO, Nov. 4.-Returns from the state indicate that the Republicans will have a large majority in both houses of the legislature, which will elect a United states senator this winter to succeed John M. The indications at noon point to the election of Republican congressmen in all districts in the state except the Sixteenth, Eighteenth, Twentieth and Nineteenth. The last named district is still doubtful, both parties claiming it. The Chicago congressional delegation will be solidly Republican.
