Judge Myers Appoints Ex-Senator Martin Receiver-Also Enjoins Raisway Company From Bringing Action Against Him Outside of Jefferson County.

OSKALOOSA, Kan., Nov. 19 .- Judge Louis Myers yesterday appointed ex-United States Senator John Martin receiver of the Atchison, Topeka and Santa Fe railway property in Kansas, in place of Charles P. Johnson, whom he previously appointed, but who failed to qualify. The order appointing Martin receiver also enjoins the railway company from bringing any action against him in other than in the Jefferson county court, over which Judge Myers presides. Clash Between Courts.

TOPEKA, Nov. 19 .- The Santa Fe receivership has developed a direct conflict between the state and federal courts, anticipating the appointment of a new receiver by Judge Myers at Oskaloosa, A. A. Hurd, general attorney for the railway company, yesterday obtained a supplementary order from Judge C. C. Fos ter of the United States circuit court. The order directs all the officers and cmployes of the Atchison, Topeka and Santa Fe Railway company in the state of Kansas to continue the operation, management and control of said railway, as the same has heretofore been made. Later, Rosington, Smith & Dallas, representing the Union Trust company of New York, which has become a party to the action by a cross bill filed in the road. The petition recites the action of the Oskaloosa court in the matter and says that "Notwithstanding the filing of the transcript in the case in his court and the orders made by this court, the said district court of Jefferson county has assumed to appoint one John Martin as receiver of the property, at the instance of H. T. Phinney, county attorney of Jefferson county, and his associates, Continuing, the petition holds that at the time of the appointment of said receiver, the United States circuit court held jurisdiction over the Jefferson county court and that the appointment of Martin is void. It therefore prays that the "said Martin, Phinney, Hite successor, Schaeffer and Gebhart be enjoined and control of the railroad and all the property of the said railway company in the state of Kansas and elsewhere." Under the showing thus made Judge Foster granted a restraining order against John
