—In offering to donate twenty-five dollars to the fire department the reform club makes an exceedingly cheap bid for the support of the members of the department. We do not believe the vote of members can be purchased at any price.

—The police say that the tramps now passing through town are, as a rule, vicious characters and our citizens are advised to keep a watch on the fellows when they enter private premises. It is the intention of the officers to "drill" the tramps out of town as fast as they arrive, but they are now coming so thick that the officers cannot round-up all of them.

—The third quarterly meeting of the Methodist church was held last evening. This evening at the church there will be special bible study services.

—M. C. Harrington, who was nominated for councilman by the republicans of the First ward Saturday evening, has published a card declining the nomination. Mr. Harrington does not wish to mix politics with business. He is a very enterprising citizen and would make a valuable member of the council.  
—Louis Toillon came down from Nichols on his bicycle this morning after Dr. McCabe, who was wanted to attend his brother John Toillon. The latter started to work in the field this morning when he was suddenly taken with a severe pain in the side which rendered him perfectly helpless. He was carried to his home and at the time Louis left was suffering very much.  
—The steam laundry will be moved to the Wilson building some time between April 1st and 10th. As the removal will cause the laundry to be idle for a week, I would advise my customers to have all their linen laundered between this and the time of removal, so that they may experience no inconvenience during the time the laundry is idle.

—A dozen or more "hoboes" arrived in town yesterday afternoon and several of them at once proceeded to punish more or less liquor. About supper time three or four started out to beg something to eat. They struck the residences of Fred Letts, John Baker, Will Dolsen and used very insulting language toward the ladies, the men unfortunately being absent from home. One of the fellows then went to the home of E. W. Zeibert and used insulting language to Mrs. Zeibert, which was at once forcibly resisted by Mr. Zeibert who happened to be in the house. "Joe" knocked down the "hobo" and administered several well deserved kicks. Later the hobo along with eight others were gathered in by the police and lodged in jail. Early this morning four of them were released and sent out of town on a freight. The other five will be held to answer the charge of being drunk and disorderly and using indecent language.
