ITS SAD BUT TRUE! POOR OLD TIME IS DEAD

He passed away on January 15th, 1897, at 7 o'clock in the morning. It required a hard struggle for us to give him up as he was a dear friend of ours. Full well we remember how we used to take him home with us, to eat, think and sleep with him; so my dear readers you can imagine how near and dear he was to us. But we have laid him to rest and wish him well, and hope our competitors will treat him with as much respect as we have. But our conscience is clear, as we have done nothing we are sorry for. We are in it to a finish, with the largest stock of goods in the city and prices that defy competition. —The plans adopted by some of the ladies of town to earn their church offering on Easter are rather amusing as well as arduous. One young lady, well known in society, has taken a contract for scrubbing the floors of her friends' houses, another has made two or three dozen gingham aprons which she has sold at a profit of 12 1/2 cents each; another is earning her Lenten money by darning stockings which she collects in the neighborhood; another bakes and sells bread; another has knit and sold a dozen or more pairs of house slippers. These are only examples of the many ways employed by the ladies in earning their Easter offering, the performance of which is also of the nature of a penance.

—If the statements given out by the canvassing board at Lincoln are true, gross errors were made by the election boards in a number of Lincoln county precincts. In one precinct—name not given—it is reported that thirty-six votes were cast for the amendment relating to the increase in supreme judges, and six against, while the poll-book showed that not a vote had been cast either for or against the amendment. The canvassing board also claims that the ballots from Antelope precinct had never been unfolded after being dropped in the box by the voters. These are rather serious charges to prefer against the election officers of the precincts affected, and an investigation should follow. If gross errors are found in the count of the amendments, is it fair to presume that the regular ballots were counted fairly and squarely? It matters not to THE TRIBUNE whether the members of the election boards were republicans or populists; if there is a nigger in the wood-pile he should be uncovered.

ROYAL BAKING POWDER CO., NEW YORK

A CHALLENGE.

I hereby challenge any one to show that I have kept any city or school money on deposit for the purpose of receiving interest on same, when there were outstanding warrants unpaid. You can, by applying at the county treasurer's office, ascertain when I received money from the county treasurer and can compare the dates and sums with my register, which shows when all warrants are redeemed. My books are accessible to all who wish to make an examination of them, and I court a rigid investigation by friend or foe. Respectfully,
JOHN SORENSON.

—The Modern Woodmen of Brady Island have purchased the Globe hotel property at that place, the consideration being \$650. The upper story will be converted into a hall.

—New and second-hand wagons for sale. Jos. HERSEY.

—Land under irrigation ditches in Lincoln county are assessed \$1.25 per acre higher than similar land in Dawson county. On account of being nearer to market, land in Dawson county should rightly be assessed considerably higher than in Lincoln county.

BLAINE PRECINCT.

Quite a number from this part of the county visited North Platte last week.

Ten inches of snow fell in this section during the recent storm, thus putting the ground in good condition for spring crops.

Rev. Preston failed to meet his appointment here this month on account of revival services being held at Curtis.

D. K. Bertley, who had been in Iowa for the past two years, has returned and will again farm Nebraska soil.

School closed last Friday in the Jeffrey district.

The beautiful spring weather of the past few days has put the farmers either in the field or making all preparations to get there if the weather continues favorable.

Miss Ada Cooper of North Platte, has been visiting her sister and friends in this vicinity.

There was a dance held at the residence of I. N. Dempsey Thursday night and another at the school house in District No. 4 Friday night. Those in attendance report a good time at both dances.

Report says that the good people of the Dempsey district are putting up a sod school house and intend to have a term of school commence as soon as the house is finished.

Mrs. Beezley has been quite sick with the grippe, but is some better at this writing. John Hankin's baby is also quite sick, report says with lung fever. A. X.

Ben Beckman, a Cass county farmer, hired a man at good wages to help him husk his corn and the fellow rewarded him by stealing two watches. He was captured and the chronometers found upon his person.

Mr. and Mrs. G. V. Graboski of Dixon county, attempted to drive across a rickety bridge spanning a stream that carried considerable water, but the wagon tipped over and both took a bath. No serious damage.

The sheriff of Cherry county served a distress warrant on Elmer L. Payer, who had loaded his goods in a car billed for Indiana, and "persuaded" him to give up nearly a hundred dollars to satisfy the law in such case provided.

The coffee pea is a promising plant which is attracting some attention in Colorado and Idaho. It fattens cattle and makes a good substitute for water and benzine as a drink for man. It may yet become a competitor of chicory, but we can raise more chicory per acre on the rich alluvial soil of Nebraska than they can on the sandy soil in arid Colorado.—Fremont Tribune.

Spring proper was ushered in last Saturday by a snowstorm, which began in the evening and continued nearly all day Sunday. A good half-foot of the "beautiful" fell, and it was nearly all water. Considerable wheat had been sown prior to the storm, and the lucky farmers are appropriately happy.

The acreage of small grain will be large this season, and the prospects for a big crop were never better at this time of year. Elmer Bundy informs us that he is soon to move onto a ten-acre tract of land near North Platte, where irrigation privileges are good and he can build himself up a good home. Success to him.—Wallace Tug.

Condensed Testimony.
Chas. B. Hood, Broker and Manufacturer's Agent, Columbus, Ohio certifies that Dr. King's New Discovery has no equal as a cough remedy. J. D. Brown, Prop. St. James Hotel, Ft. Wayne, Ind., testifies that he was cured of a cough of two years standing, caused by a gripe, by Dr. King's New Discovery. B. F. Merrill, Baldwinville, Mass., says that he has used and recommended it and never knew it to fail and would rather have it than any doctor, because it instantly relieves. Free Trial Bottle at A. F. Matt Terry of Alexandria was throwing rock out of the cellar from which his house was moved and his little boy Frankie was playing in it when the bank caved in and nearly buried the boy. As the bank began to slide Mr. Terry got hold of him and succeeded in partly getting him out, but not so as to prevent his being covered to his shoulders.

A son of J. J. Stutzman of Conrad, was thrown from a wagon while breaking a colt, lighting on the palms of his hands. The force of the fall was so great that the upper bone of the arm was fractured, the fracture extending into the elbow joint. It is probable that it will result in a stiff joint.
