## The City Campaign.

In the column after column of its ravings, the Era has yet to make a specific charge against the republican nominees. It throws out its dirty innuendoes and hints with the hope that its readers will be led to believe that the candidates on the republican ticket are as bad as its hints imply.

We did Fred Ginn an injustice last week in stating that he had voted for a democrat some four or five years ago. Mr. Ginn has lived in North Platte some eight years and never cast a ballot for a democratic candidate. He pronounces the reform ring organ a very accomplished liar.

A. H. Davis, the republican nominee for police judge, is particularly well qualified for the position. He is well versed in law, and has had considerable experience as a precinct magistrate. He is a straightforward gentleman against whom no charge of unbecoming conduct can truthfully be preferred.

The republican nominees for members of the board of education are vitally interested in the welfare of the schools, and will therefore take an active part in maintaining the present high standard of efficiency. If you wish the schools conducted properly and in the best interests of the pupils, vote for the republican candidates.

It is reported on the streets that "Jack" Minor and George Scharmann claim that they have succeeded in converting to the reform ticket a majority of the Second ward voters. We doubt Minor's influence, but of course cannot gainsay the claims of Scharmann, who is the "yellow kid" politician of the big Second.

Two years ago John H. Day was a member of the committee appointed by the mayor to audit the books of treasurer Sorenson and after making a thorough investigation the committee reported Mr. Sorenson's books correct and regular. Mr. Day does not believe Mr. Sorenson dishonest, and is therefore at variance with the Era.

The "reformers" that is the populists end of them—and that means the big end—are howling themselves hoarse over the financial condition of the city. Bless their benighted souls! Don't they know that North Platte is one of the few cities in the west that does not have a dollar of bonded indebtedness?

The morning after the nomination of John H. Day, Mr. Cheyney remarked to his office boy that he did not know whether he would support Mr. Day. He said Mr. Day had voted with the majority in nearly every instance, and intimated that he was a member of that horrible "gang" to which he has since devoted so many columns of his valuable paper. Is Mr. Day a better man now than he was the morning following his nomination?

W. H. Broach, reform club candidate for city treasurer, said yesterday that the poporgan, by its rampant mouthings, had destroyed whatever chances he may have had of being elected. John H. Day, candidate for mayor on the same ticket characterizes the campaign conducted by the Era as disgraceful.

When the nominees of a party denounce the paper which claims to espouse their cause, how can the plain voter accept as true the charges preferred by that paper?

The people of the Third ward will elect H. O. Evans to the council by a handsome majority. He is an enterprising citizen, conservative in business affairs, and will represent his ward in conjunction with Councilman Scott in an acceptable manner.

Frank Tracy will have no opposition for councilman in the Second ward. He was nominated by the republicans and endorsed by the reform club. In endorsing Mr. Tracy the reform club acknowledged that in order to get good men for city offices you must select republicans.

The Era has no use for Councilman Thomson solely because the latter as county commissioner refused to vote to award that paper the county publishing at three times the rate asked by the republican papers. The Era makes no distinct charge against Councilman Thomson—it simply says he is a bad man, a real awful bad man, and expects its readers to believe it. It will be demonstrated next Tuesday, however, that the voters of the Second ward believe Mr. Thomson a good man in the council—they will give him a big majority.

It is pertinent to inquire who the people are who grow red in the face from yelling "reform" in the city administration. Is it the men who pay the bulk of the real estate and personal taxes, or is it such men as Joseph Cheyney, Bob Arundale, J. L. Minor, J. W. McCauley and a number of others who pay absolutely no real estate tax and very little personal tax? Who is it that is crying dishonesty against John Sorenson? That charge John E. Evans with being almost everything that is bad? Is it the men who pay the taxes and are therefore vitally interested in the management of city affairs, or is it a class of men who pay little or no taxes and are not therefore interested in good government? Let the voters investigate this matter.

It has been suggested that if Marshal Morgan paid more attention to his official duties and less to politics he would better serve the people and thus more honestly earn his salary. The suggestion is a good one and is respectfully referred to Mr. Morgan. And by the way, Mr. Morgan should know that if the reform ticket is elected he will not be appointed marshal—Bob Arundale has a lead pipe sitch on the appointment. And don't you remember Mr. Morgan that according to the Era when there is a fight in town you can't see anything but the beautiful landscape ahead of you. And further, Mr. Morgan don't you know that the Era will attempt, at least, to dictate who shall be marshal? Brush the cobwebs from before your eyes, Mr. Morgan.

The balance which Treasurer Sorenson had on hand at the time the North Platte National Bank closed is easily explained. On Nov. 16th, 1894, Mr. Sorenson had a city fund balance of \$20,89, and on Nov. 17th he received \$1,156.17 from the county treasurer, part of this money being general fund, part water fund and part poll fund. On the day he received the money he called in \$137.01 worth of general fund warrants, and as the next registered warrant was for \$855.30, and held by John Ottenstein, Mr. Sorenson was holding the balance in that fund until he should receive from the county treasurer enough more to take up the warrant. The balance in the water fund he could not touch for general fund warrants, neither could he apply it on hydrant

rental until the council ordered him to do so, which that body would have done on the evening of the very day the bank closed. This explains the city fund balance. On Nov. 22, 1894, Mr. Sorenson had \$389.32 of school money with no outstanding warrants unpaid. On Nov. 23, 1894, he received from Treasurer Buchanan a check for \$2,000 on the North Platte National Bank. There were no outstanding warrants to be paid, hence the full amount was deposited. On Dec. 4th, 1894, the very day on which the bank closed—and only eleven days after Mr. Sorenson deposited the \$2,000—was the regular meeting of the board of education, and had not the bank failed nearly every dollar of this amount would have been absorbed by the allowance of teachers' salaries and incidental expenses.

## TO THE TEACHERS OF LINCOLN COUNTY.

I have mailed you the programs of the West Nebraska Educational Association with the hope that each one of you will show your appreciation of the efforts which have been put forth to make this the best programme and the meetings of April 30th and May 1st the best of all the district's meetings, by beginning at once to plan to attend. Teachers who attended our last W. N. E. A. say that it has been an inspiration to them throughout the whole year and we believe from the programme which the committee has prepared that a real treat is in store for us again.

It is said that last year every one of Keith county's teachers was in attendance at the meeting at Ogallala. I should be very proud if the same could be said of Lincoln county's teachers after the coming meeting.

I recommend that no teacher's meetings be held in the local divisions of the county during the month of April, that nothing may conflict with or distract the attention of the teachers from this meeting.

It may be years before we will again have the opportunity of having the West Nebraska Educational Association at North Platte and the chance of meeting with so large and enthusiastic a body of educators at so little outlay of time and money is not to be slighted.

You will each, no doubt, see several topics in the two days work as outlined in the programme which you would especially like to hear discussed so come early and be prepared to stay through the whole meeting, the lectures alone of Chancellor MacLean and F. W. Taylor will well pay you for coming.

Each teacher who expects to attend should report to the reception committee before April 10th that accommodations may be arranged for in plenty time.

FLORA A. FRANKLIN,  
Co. Supt.
