**HERSHEY NEWS.**  
From the Review:  
Charles Toillion sold C. R. Kelley & Co., at Hershey, 50 bushels of alfalfa seed the other day at \$2.50 per bushel.  
J. H. Hershey has hauled several hundred bushel of potatoes to North Platte this week at 30 cents per bushel.  
Maud Eshelman, eight years of age, daughter of J. K. Eshelman on the Hershey ranch, walked two miles to school for seven months and never missed a day.  
Z. M. Zook, who had a hand badly lacerated and sustained the loss of a finger recently by the accidental discharge of a gun, had another operation performed on the hand a few days ago. A piece of flesh was taken from his leg and ingrafted into the lacerated part of his hand. He is now doing as well as could be expected.  
Arrangements have been made and a petition will soon be circulated to call an election for the purpose of voting bonds with which to erect a bridge across the North river opposite this village. A bridge at the above place will give a number of people access to the railroad, town and postoffice when they now have to go nearly if not quite twice as far to reach the railroad, town or postoffice.  
James Peters of Stanton put out one of his eyes with an awl which he had in his hand while repairing a harness.  
Tekamah people who have boats have been doing a good business fishing lumber and other wreckage out of the river.  
William Ludwick of Savage got his arm caught in a cornsheller and badly lacerated before the machine could be stopped.  
A Gothenburg veteran, who hadn't fired a gun since the war, took out an old musket the other day and killed three geese the first shot.  
The people of Johnson are talking of making an effort to have the county seat of Nehama county removed from Auburn to their place.  
A Nuckolls county man, who has been experimenting with seed corn, found that of all varieties tested by him the yellow dent germinated with the most certainty.  
Neigh not only expects to add a beet sugar factory to its enterprises this year, but is negotiating with parties in Pennsylvania with fair prospect of securing a woollen mill.  
Kirschbaum & Sons of Auburn received 888 cases of eggs last Tuesday, nearly every one of which came from Nemaha county. The above number of cases means 26,740 dozen eggs at 6 cents per dozen and represents \$1,598.40.

**EVENTS IN NEBRASKA.**  
Two carloads of eggs were shipped from Springfield one day recently.  
Louisville people are agitating the question of putting in a system of water works.  
Wheat sowing is in progress in many sections of Nebraska, while in others the ground is still too wet.  
George Butterfield of Creighton is in Texas buying hogs. It is reported that he has already purchased 7,000.  
Reports from all over the state are to the effect that country roads were never so bad as they have been this spring.  
James Peters of Stanton put out one of his eyes with an awl which he had in his hand while repairing a harness.  
Tekamah people who have boats have been doing a good business fishing lumber and other wreckage out of the river.  
William Ludwick of Savage got his arm caught in a cornsheller and badly lacerated before the machine could be stopped.  
A Gothenburg veteran, who hadn't fired a gun since the war, took out an old musket the other day and killed three geese the first shot.

**KENTUCKY SENATORIAL FIGHT.**  
Hunter Has Plans Laid to Expose the Bribery Charges.  
CINCINNATI, April 12.—The Commercial-Tribune's special from Frankfort, Ky., says: There is great excitement in legislative circles on account of the charges of bribery made in the senatorial contest Saturday. Hunter's managers say that the next few days will lay bare a plot to ruin him, and that high and low politicians will go in the explosion. The story of Gaines is almost universally discredited here. It is believed by some that Gaines had several meetings with Wilson and Franks, but sentiment is divided as to their motives. Gaines' friends admit he has exploited himself unavailingly.  
Dr. Hunter said last night: "I am not ready yet to say what my plans are in regard to exposing the outrageous and unfounded assault on me. The matter, however, is full of unpleasant sensations yet to come for some people. As to Gaines, I say, as I have to meet an immaculate God, I never saw him in my life and was never in his house."  
A conservative man on the Blackburn side said tonight: "The only effect of the bribery story would be to solidify the Hunter forces. What we have to fear now is that the gold Democrats will think it a part of a scheme of the Blackburn people to prevent an election, and that they will indirectly aid Hunter, by making a quorum."

**CRIPPLE CREEK SHOOTING AFFRAY.**  
One Man Instantly Killed and Three Are Wounded.  
CRIPPLE CREEK, Colo., April 12.—A shooting affray occurred this morning at McElroy's hall, Altman, Colo., in which Jack Cox instantly killed Bob Dalley and wounded Harry Minor and Sam Loghey and was then shot fatally. After killing Dalley Cox ran into the street, where he met Town Marshal O'Brien, at whom he fired. The marshal returned the fire, shooting Cox, who now lies at the hospital in a dying condition. The shooting grew out of a quarrel. The men had been gambling and drinking all night. Cox is a convict pardoned from the penitentiary by Governor Waite. This is the first murder in the state since the legislature passed the law abolishing capital punishment.

**Noted Speakers to Be Present.**  
DEBUQUE, La., April 12.—The executive committee of the Modern Woodmen's national convention, to be held here the first week in June, announces a long list of speakers. Among them are: Ex-President Harrison, W. J. Bryan, Senator Allison and Congressman Henderson.

**Islands at Debuque Submerged.**  
DEBUQUE, April 12.—The Mississippi river is still rising, the stage being 18.5 feet. The islands in front of the city are being obliged to shut down and there is over a foot of water in the Diamond Joe warehouses.

**Contract of Manslaughter.**  
FALLS CITY, Neb., April 12.—For the shooting of Peter Hill at Fargo, this county, on Sept. 15, the jury returned a verdict of manslaughter against Miles Leroy Quimby of Craig, Mo.

**Roosevelt Has Accepted.**  
NEW YORK, April 12.—Theodore Roosevelt, who has returned from Washington, stated in an interview that he had accepted the assistant secretaryship of the navy.

**THE DAVID CITY NEWS** gives the amount of corn cribbed at the various railroad stations in Butler county at 1,046,000 bushels with two shipping points not reported.  
The Neleigh creamery manufactured 118,308 pounds of butter during the year ending April 1. It paid out to the farmers of that vicinity \$24,588.93 during the year.  
While out hunting last Wednesday Mont Wheeler of Madison shot an eagle measuring about seven feet from tip to tip. The bird was not killed its wing being simply broken, and Wheeler has hopes of preserving its life.  
Abraham Hill living northeast of St. Paul has been missing since Friday. The old man went out early in the evening, and in spite of diligent search he has not been seen since. Opinions differ as to whether the man has been foully dealt with or has left the country.  
Dodge county sheep feeders made large profits this winter feeding 10-cent corn to 5-cent sheep. They have already purchased increased flocks of sheep for feeding next winter. They are satisfied they have a good thing and are pushing it along. They have found sheep informally profitable during the past ten years.  
As a general thing the divide cattle are in poor condition, occasioned by the poor quality of feed, says the Chappel Register. The grasshopper cleaned up the grass pretty thoroughly, and the grass that came up after they left, was killed by frost and rain, preventing it from curing. Cattle that had to feed on this kind of grazing are weak, and in poor condition to withstand storms, such as we had recently, and it is feared that the loss of this kind of cattle will be great. As a rule divide cattle go through the winter in better condition than those kept in the valley, and spring finds them as fat as butter.

It is believed by some that Gaines had several meetings with Wilson and Franks, but sentiment is divided as to their motives. Gaines' friends admit he has exploited himself unavailingly.  
Dr. Hunter said last night: "I am not ready yet to say what my plans are in regard to exposing the outrageous and unfounded assault on me. The matter, however, is full of unpleasant sensations yet to come for some people. As to Gaines, I say, as I have to meet an immaculate God, I never saw him in my life and was never in his house."  
A conservative man on the Blackburn side said tonight: "The only effect of the bribery story would be to solidify the Hunter forces. What we have to fear now is that the gold Democrats will think it a part of a scheme of the Blackburn people to prevent an election, and that they will indirectly aid Hunter, by making a quorum."

One Man Instantly Killed and Three Are Wounded.
