## NEWS FROM THE COUNTRY PRECINCTS.

### SUTHERLAND NEWS

As "Citizen" seems to be taking a rest I will send you a few items. E. Coates and wife visited friends in North Platte on Sunday. W. E. Allis has purchased a tract of land of Mrs. Jno. Coker. J. W. Dixon, of Gretna, Neb., is visiting his brother Fred. Dr. Duncan, of North Platte, has been attending G. C. White's little boy the past week.

Onion seed is being planted in large quantities on the lots adjoining town, and Sutherland will be in a position to supply the state, hail permitting.

Chas. Wood, who had been a resident of North Platte for a long time, has commenced living on his homestead near town and has erected a small frame house thereon.

Sutherland's new hotel is acquiring an enviable reputation as a first class hostelry and traveling men gather in by "car load lots."

J. H. Sandy, of Gretna, Neb., is looking after his land interests in this locality.

M. E. Yates is running Burkland's store while C. W. is out on the farm putting in wheat.

Joe Perkins, of Grant, Neb., will deliver a lecture at the church in the near future.

C. G. Singer will ride the ditch this summer and rumor says that he has already taken out an accident policy. Mr. Singer seems to be a very prudent young man and evidently knows that a shovel handle hurts.

W. Holtry shipped a car load of hogs to Denver last week.

H. A. Winner, of Furgas county, has sold a large number of charts to the schools in this locality.

J. Harshfield, of West Birdwood, was in town on Wednesday.

The infant child of Mr. and Mrs. Martin Geraghty has been very ill with congestion of the lungs, but is better at this writing.

The rail-road bridge gang are here making repairs on the section house.

It is impossible for children to reach the school house so there was no school the first of the week.

We have had a great deal of rain the past week; on Saturday the roads were beginning to be quite

passable, but Sunday night it began raining and a boat would now be a very desirable piece of property. A number of carloads of gravel were sent Monday to be used at a point about four miles east, where the track was under water.

Mrs. Henry Ehlers returned from Grand Island Sunday, where she had been to attend her father's funeral.

Frank Nugent came over from Cottonwood Saturday and stayed over Sunday with Miss Mamie, his sister, who is taking charge of the store in her father's absence.

Geo. Burke, of Omaha, came in Tuesday with four carloads of cattle, to be fed at Peter Burke's ranch. This is the second consignment this week.

A Cheyenne gentleman, by the name of Crawford, a passenger on No. 2 Wednesday morning, fell off the train between Brady Island and Gothenburg, and was seriously injured. A Lexington physician who was on the train dressed his wounds and made him as comfortable as possible, and when he reached Kearney he was resting fairly easy but was unable to talk. He had several severe bruises about the head, but so far as known had no bones broken. He had a ticket to Omaha, some small change on his person, and a money order for a considerable amount.—Kearney Hub.

The damage suit of Crow vs. the U. P. has come to an end, the plaintiff receiving a judgment against the company for \$5000. One night about four years ago, before the passenger depot was moved to the foot of Locust street, a Mr. Crow of Ord was killed by being run over by a switch engine. The accident occurred at or near the place where the U. P. telegraph office now stands. His widow sued the company and obtained a judgment for \$5000. The company secured a new trial and the result of the second trial was a judgment against the company in the sum of \$2,500. But the company was not yet satisfied and wanted another whack at law. The attorneys for Mrs. Crow consented readily to a new trial and this trial has just been ended. The result is stated above.—Grand Island Independent.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, not directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

## EVENTS IN NEBRASKA.

"Hell" says Judge Edgar Howard of the Papillion Times. "is full of a better quality of justice than that dispensed in Nebraska."

Herman Lasela, a prosperous farmer living near Leigh, committed suicide Monday by hanging himself in a barn. He was temporarily insane.

The Dixon Tribune states that the creamery at that place paid 18 cents for milk in March. This is clear of expenses. A good showing.

The people of North Loup gave an entertainment; the other evening and sent the proceeds to the Armenian relief commission. Other towns should follow the example.

The remains of Abram Hill, a farmer living near St. Paul, were found in the hills Monday. He had wandered away from home a few days before and perished in a storm.

C. W. Tines, a young man living near Lincoln has been arrested on the charge of stealing a horse and buggy. He claims to have taken the property while under a hypnotic spell.

Perhaps one of the largest cherry orchards north of the Platte river was planted by the Boone county nursery at Albion last spring, 1,000 trees, with almost a perfect stand.

The Platte Center Signal says that Judge J. J. Sullivan will be the nominee of the people's party next fall for a seat on the supreme bench. That lets out William Neville, and is also a severe blow to John Kirkpatrick.

A total of \$700 is now offered for the arrest of the murderers of David Jones. Gage county offers \$300, the state \$200 and the heirs of the deceased \$200. The offer of the county is to include expenses of arrest, except such as are otherwise provided for.

The labor commissioner is preparing blanks to send out to the various county clerks, to be by them distributed among the assessors, under the provisions of house roll No. 277. This bill provides that the assessors shall gather the industrial statistics of their various precincts, to be turned in to the county clerks, who report the same to the labor commissioner.

The farmers of Nebraska to whom is due the dollar-a-ton bounty provided by statute for the sugar beets they raised the last two years, know now in just what light to regard the populist party of the state. The legislature has had its opportunity to pay these just obligations but has refused to do so, as we confidently predicted it would do. This may not be repudiation, a word which appeared to be somewhat offensive to the brethren during the late unpleasantness, but it is neglect to perform an honest duty, to say the very least.—Fremont Tribune.
