The matter was later referred to and taken up by the Union Pacific Tuesday by shooting himself twice average rainfall for August is 2.41 firmation, is to the effect that the freight department and this week an expert was sent here to investigate the facilities offered by this section of country. The expert drove through the valley from this city to Sutherland, and while he was highly pleased with what he saw, he was not prepared to recommend it as a sheep feeding section solely because there was not sufficient alfalfa grown to supply the needs of big flocks. With this exception, he found conditions favorable, and said that if the farmers would raise more alfalfa there would be no difficulty in securing sheep feeding yards. This is a matter which the farmers of the irrigated section should more fully investigate and ascertain if it would not be a good move for them to raise more alfalfa and secure feeding yards, which would mean a home market not only for their hay but condition but must have rain with- voted Mr. Bishop a capital enter- three hours and fifty-five minutes for their grain as well.

DEATH OF MRS. SEEBERGER. Mrs. E. F. Seeberger died yesterday afternoon shortly after two o'clock. About two weeks ago the performed for the removal of an internal tumor. In performing the operation it was ascertained that blood poisoning had set in and the attending physician, Dr. Bedell, saw no hope of recovery. For three days following the operation the patient was in an unconscious condition, but then rallied, regained continued to show signs of gaining strength until yesterday morning when she began to gradually sink,

The deceased was born at Mar- desire. finsburg, Iowa, graduated from the Sigourney (Iowa) high school, and was married to Mr. Seeeberger at the latter place in 1881. She came to this city with her husband from Lamar, Col., in February, 1894, where she since resided, with the exception of the past two months which were spent at Hershey. Mrs Seeberger was a woman of strong Mr. Hood, an extra man from Omaintellect, possessed of much energy kind and loving in disposition and
