The Omaha Bee of yesterday says: "The foreclosure sale of the Union Pacific railroad will in all probability be postponed until December 15. Final disposition will undoubtedly be deferred until congress shall have met. Telegraph advices to the Bee from New York City are to the effect that the reorganization committee of the Union Pacific gave out there this morning a statement that the attorney general had notified the committee that he would ask the court for an adjournment of the sale of the Union Pacific and the Kansas Pacific railway properties until December 15."

Reformers With Railroad Passes.

While it has been known for some time that of the 82 reformers who occupy the State House at Lincoln as officials, deputies and clerks, all but one have filled their pockets with railroad passes, it has just come to our knowledge that some of our home reformers have also been indulging in those luxuries. The first one we wish to mention is Judge Neville, who held the reformers together at Lincoln for supreme judge until he received word that the time had arrived to dump the pops into the democratic party. Now William has at the present moment annual free passes over the railroads in Nebraska. Why that is almost as bad as Senator Stevens!

Then there is good, honest, conscientious Jacob Miller, who believes that it is a crime and a bribe for an official to accept a railroad pass! He has one of those wicked, corrupting, demoralizing and bribing passes in his pocket and has been using it for many months. Reformers, can Jacob serve two masters?

But the most startling of all is the fact that Timothy T. Keliher has been using Jacob's pass when taking trips on the railroad. It is still fresh in the memory of the voters when Timothy went over Lincoln county proclaiming that a railroad pass was a bribe. Is that still true, Timothy? How the pure in heart have fallen!

Now, Mr. Cheyney, you remember what you have said in past in regard to railroad passes and the voters demand that at your earliest convenience you either deny that Judge Neville and Sheriff Miller have become pass fiends and that Candidate Keliher has been using Miller's pass when traveling on the U. P. railroad, or that you explain and apologize for the acts of THESE REFORMERS.

The Cost of the Tax-List.

The Tribune herewith gives a list of the bills filed by the Era for publishing the tax-list for the several years, and also the saving which would have resulted to the county had the populist county commissioners accepted The Tribune's bid to do the county publishing at one-third the legal rate; the bills of the Era being at the full legal rate:

Claim of the Era filed Dec. 19, 1892.....	\$2,118.30
Claim of the Era filed Dec. 8, 1893.....	414.80
Claim of Era filed Jan. 2, 1894.....	603.40
Claim of the Era filed Dec. 12, 1895.....	621.00
Claim of the Era filed Oct. 16, 1896.....	901.90
1897 claim of Era, which Cheyney says will be.....	1000.00
Total at full legal rate.....	\$5,659.40
One-third legal rate.....	\$1,886.46

Amount which would have been saved to the county if The Tribune's bid each year had been accepted by the pop commissioners..... **\$3,772.94**

But remember this saving of \$3,772.94 would have been on the tax-list alone, which is only part of the county publishing which the Era does and for which it charges full legal rate. The road notices, election notices, treasurer's statements and other notices which are published cost some years more than the tax-list. The Tribune's bids were one-third legal rate for ALL county publishing---commissioners' proceedings to be printed free. Voters, are you in favor of a continuance of this robbery? If you are vote the straight populist ticket. If you are not in favor of it vote the straight REPUBLICAN TICKET.

—A report this morning that a head end collision had occurred at Julesburg and an engineer and fireman were fatally wounded, caused considerable excitement among the friends of the railroad boys who went west last night, and were anxious concerning their welfare. An investigation proved the report to have been exaggerated, as first reports usually are. Engine 745, engineer Chas. Norton, fireman G. W. Goodwin, coming east with train, collided with the 786, pulling a light extra west, at the coal chutes in Julesburg early this morning. The extent of the damage or who is to blame for the wreck could not be ascertained at this writing.

The injured were: Chas. Norton, cut over eye and bruises about face and body; G. W. Goodwin, broken leg and severe bruises on body; Robert Finney, brakeman, slight injuries to body. Mr. Goodwin's injuries are considered serious. He was taken through to the Omaha hospital and it is believed by the physicians that his leg will have to be amputated. No. 2 was delayed several hours this morning owing to the wreck and partly on account of the severe storm, the train not reaching North Platte until noon.
