A VOTE for Chas. P. Ross for county surveyor is putting yourself on record as in favor of efficient officers.

VOTE for Baldwin for county judge and elect a man who is in every way qualified for the position.

DR. N. F. DONALDSON will be re-elected coroner and will hold an inquest on the remains of the populist party the early part of next January.

THE populist county commissioners donate one thousand dollars of the tax-payers money to the Era each year in order that it may live. Omit an expensive luxury, isn't it?

VOTE for honest Abe Barry for county treasurer, who will conduct the business of his office as the law provides, and will not parade around as one of those "I am holier than thou" fellows.

THE tax-payers of Lincoln county are paying more taxes than ever before. If you don't believe it, compare your 1896 tax receipt with the receipts of previous years. The proof of the pudding is in the eating.

VOTERS should not forget the fact that it costs from \$14,000 to \$16,000 more to run the county under populist control than it did under republican administration. The records of the county prove this to be true.

LET every republican get out to the polls on election day and cast his vote for the straight republican ticket. Show the populists that you do not approve of the extravagant methods they employ in conducting the affairs of the county.

BERTHA THOLECKE will be the next county superintendent. The people of Lincoln county have the interest of their children at heart and desire a superintendent who will assist in making the county schools more successful. This Miss Thoelecke will do.

Do you ask how Jake Miller and Timothy Keliher got the railroad pass. Ask Judge Hinman, who had the cases against the Union Pacific railroad for all the damage caused by the big prairie fire of April, 1893.

To Cure Constipation Forever. Take Cascarets Candy Cathartic. 10c. or 25c. If C. C. C. fail to cure, druggists refund money.

THE floating indebtedness of the county is now over forty thousand dollars. The longer the populists are kept in power the greater will be the county indebtedness.

THIS week's issue of the Era devotes nearly three pages to apologizing for the reckless, extravagant and illegal expenditure of county money by the populist ring. But the voters are not accepting apologies for the misdoings of the pop gang and on next Tuesday will turn the rascals out.

It was rumored on the streets last night that deputy Tim Keliher had sent into the country a large number of circulars denying that he traveled on the railroad with Sheriff Miller's pass in his pocket. We call attention to the fact that this charge against Keliher was made some days before the last issue of the Era, and that Cheyney was challenged to deny the same. He wanted to deny the charge, but Jake knew THE TRIBUNE had the proof and told him to say nothing.

The abrupt termination of the Bartley case," says the Omaha World-Herald, "requires the solemn attention of the people of Nebraska." Indeed it does. A long and expensive suit for the recovery of money from Mr. Bartley's bondsmen was approaching its end, when it was found that a vital error had been made by the representative of the people of the state, the attorney-general, and it was necessary to dismiss everything and start over. The matter will be given the earnest attention of the people at the election. They will take pains to pick out an attorney-general who knows how to try a case.—Journal.

THE Grand Island Democrat says: One of the silliest things ever indulged by any campaign managers was that of commencing to sling out lies about Supreme Judge Post and his record. They have found on comparison that he is the equal of his opponent in every particular. People who live in glass houses ought to let the throwing of pebbles alone. It is true Judge Post is a republican, but that should make no difference; he is at least honorable on the bench and what is more he received his nomination in an honorable manner which is more than can be said for Mr. Sullivan.

TA, TA, Cheyney! We will meet you in a city campaign when the proper time comes and promise you to make it interesting for you and your friends.

VOTERS, if any of the "reformers" feel like wagering a few dollars that Jake Miller has not accepted a pass you have the money put in good hands and accommodate them. Jake does not attempt to deny it in North Platte where the railroad conductors live, and who have the number and know the facts.

UNDER populist administration of county affairs the floating indebtedness of the county has increased over twenty thousand dollars during the past four years. If you are in favor of putting a stop to this unwarranted expenditure of public money vote the straight republican ticket.

THAT Sir Timothy has the big head is recognized by many of the boys whose votes he is now soliciting. They realize the fact that if he should be elected they would be treated with contempt by his high mightiness after election. The boys are going to vote for plain, everyday Claude Weingand, who is one of the boys.

If Butler Buchanan has saved the county \$8,000 in interest money and the populist commissioners have conducted county affairs in an economical manner, why is it voters, that your taxes have been increased and the floating indebtedness of the county increased over twenty thousand dollars? This is a plain, business question—turn it over in your mind and see if you can solve it.

THE increasing floating indebtedness of the county will induce the populist county commissioners to order an increase in the assessed valuation of property next spring; just as they did in the spring of 1896. The revenue derived from the present valuation is more than sufficient to meet the expenses of the county if handled in a wise and judicial manner. The candidates on the republican ticket are pledged to an economical administration of county affairs. Vote the republican ticket and your taxes will be lowered and the big floating indebtedness will be wiped out. Vote the populists into power again and the same extravagance will be pursued that has been in vogue for several years past. Voter, your course is plain.

### EVENTS IN NEBRASKA

Silas Sharp, one-half mile west of Beemer, has had shipped in from Chadron 4,000 head of sheep and will feed them for market this winter.

The photograph men at Ponca have reduced the price of cabinet shadows to ninety-five cents a dozen or three dollars a bushel. A dozen tintype for a dime.

It is a matter of complaint in several counties that popocrats get better rates in securing school land leases than republicans. And this is reform administration!

Wakefield free silver men were offered a special train to pull them to Norfolk and return on "Bryan day," for \$250. They concluded to stay at home and hear the wind blow.

If Bartley stole and Governor Holcomb approved the bond knowing that he was shy, the Bloomfield Monitor wants to know which pot can call the kettle black, or vice versa or words to that effect.

Charles Long, a stranger in the land, rode into Dakota City on a wheel. He sold it to J. C. Riddle and when he left town he rode it away. He was pursued, captured, and thrust into jail, to await trial for stealing.

McCook juveniles steal chickens and sell them to secure money to "back" the wheel of fortune and a change of Sunday-school teachers is hinted at. A change of parents might bring better results.

John Jones of Clay Center developed a great mania for burning straw and haystacks. He would ride through the country at night and set fire to every stack he could find. He has been sent to an asylum.

The Columbus school board claims to have discovered a trust among the coal dealers and likewise to have outgeneraled the trust in getting coal cheaper than hitherto for the school buildings.

Crop rotation, says the Mead Pharos, is like putting up the bars against the approach of the soil robber. The farmer who grows clover and alfalfa is the man who will grow big crops of corn and wheat the following year.

Two footpads held up Pat Lacey while driving home from Gering late in the evening. One held the team while the other went through his pockets, which were empty. He had stored a snug roll of bills in the bottom of a box containing groceries and found it safe on reaching home.

Action has been brought against the commissioners of Boone county to recover to the county the money invested in the poor farm, stock and improvements for the same, and enjoining them from expending more money; also to declare the deed null and void on the ground that they are exceeding their authority in such transactions.

Editor George Wells of the Central City Democrat has been ill for a long time, but bears the affliction in the most philosophical manner. In his last issue he notes this silver streak of fortune: "We registered five new subscribers on Monday and received nine dollars cash on subscription. If the Democrat is going at this rate, when the editor don't know whether he is alive or dead, what will it do if the editor should happen to get well."
