DIVIDE HONORS

Republicans Successful With Part of their Ticket.

Woodhurst, Ross and Baldwin Sure Winners.

Returns so far Received Indicate Election of Holtry, and Thoelecke.

Barry and Weingand in Doubt.

The election yesterday resulted in large gains for the republican party in Lincoln county over the vote of one year ago, and particularly is this true of North Platte city, where majorities or pluralities ranged from 97 to 252 for the republican candidates.

The vote in the city was as follows:

	1 wd	2 wd	3 wd	Ma
Supreme Judge—	87	200	89	38
Post	138	112	88	
Sullivan				
Regents—				
Kaley	87	203	94	61

McCabe	130	97	86	
Commissioner—				
Woodhurst	88	229	92	1000
Cunningham	136	90	83	

Stretz, democratic candidate for treasurer, received 43 votes in the First ward 38 in the Second and 22 in the Third.

Up to ten o'clock this forenoon returns had been received from about one-half of the country precincts, and these returns indicate that Baldwin for judge and Ross for surveyor are sure winners. Holtry for clerk and Miss Thoelecke for county superintendent polled heavy votes in the precincts which have so far reported, and if they maintain their gains in the remainder of the precincts—and this they will probably do—they will be elected by majorities of nearly 100.

Keliber, for sheriff, ran ahead of his ticket in a majority of the precincts which have reported. Barry, the republican nominee for treasurer, is still ahead of Holcomb up to this hour.

SCHOOL BOARD MEETING.

The board of education held its regular meeting last night and disposed of an unusual amount of business. The reports of the Secretary and Superintendent, Mrs. Bonner and Ebright, were read and accepted, after which the regular of bills were allowed. In his report Superintendent Ebright said he had visited all of the schools one or more times this month, and finds that in every department the work is progressing very satisfactorily. Particularly in writing and spelling the greatest improvement is shown. Classes that a year ago could not write a legible hand and could not write two sentences that were spelled correctly, can now do fairly well in both of these branches. The enrollment in the different schools at the end of the second school month, November 1, was 793. Last month the total enrollment was 764.

Mrs. Bonner, in her report, said that she had issued warrants to teachers for salary for the month ending October 5, \$1,104.97; for the month ending November 1, \$1,122.75. On account of a mistake in Mr. Ebright's report last month, Miss VonGoetz was paid for but fifteen days whereas she had taught sixteen, so her warrant was made out for one month and one day. The amount of tuition received up to date from outsiders is \$21.80. Quite a number of others have not paid.

The new desks received from the United States school furniture company, of Chicago, for the Baptist church building, are not satisfactory in workmanship, material and joining and the board will request the company to send a man out here to make them all right. The costs of the new desks is \$225 besides \$70 freight on them. Thirty-five of the desks are still at the freight office and the board has refused to accept them, as they are totally unfit for use.

The board will enter into a contract with the North Platte telephone company to have phones put to the school buildings of the three different wards and the high school building. The cost of same will be fifty dollars per year.

Attorneys Wilcox & Halligan are employed to push the pre-emption claim against the North Platte national bank, and that secretary act under the instruction of the attorneys.

It was moved that the secretary

board at each regular meeting the total amount of money expended, by warrants drawn to date, under different items of rent, furniture, fuel, repairs, salaries, books and supplies and miscellaneous, also total receipts to date.

The salary of Miss Fenwick was raised from \$35 to \$40. The increase is made because she now teaches in a separate room, before being but an assistant to Miss Bobbitt.

The window lights in the Baptist Arch school were ordered given a coat of white paint.

The walks around the Second and Third school houses were ordered repaired, the walks having suffered considerable damage at the hands of the small boy on hal-lowe'en.

The outline of school work has been received from the printer and is being sent out as fast as possible to the different teachers.
