Mr. Williams is not decided as to what he will do in the future, but thinks he will continue to live in North Platte. He had no intention of disposing of his business prior to Mr. Brazelton's offer, and the rather sudden move has left him without any definite view for the future. He and his family will probably make a trip to Massachusetts, his old home, some time before January 1st. Mr. Williams made a success of the business and we trust Mr. Brazelton may succeed equally as well.
