There was a rush of commercial travelers to our town the past week.

As there has been such publicity given the matter regarding the destruction of the Cottonwood precinct school house belongings, it would be well to say that the young man, Joe Sullivan, arrested on the charge, was in no way responsible for any part of it, as a young boy eleven years of age and a pupil of the school was caught in the act of writing one of the many obscene notes distributed in different parts of the building to be found by the teacher.

### BETWEEN THE RIVERS.

The roads in the valley were never in a much worse condition, owing to the recent wet weather.  
N. B. Spurrier sold a car load of fat hogs last Wednesday which he shipped to Cheyenne. While in Cheyenne Mr. Spurrier called on Dr. Hingston whom he found very pleasantly located and doing a thriving business.  
The aid society met Wednesday with Mrs. J. O. Cole.  
Rev. Evans preached at the school house Sunday evening. Rev. Hill will preach next Sunday evening at 7:30.  
A couple near Nichols were out driving Sunday evening. A nice single rig is quite handy to have when you take a short drive between the two Plattes and you are not in a hurry. But when it comes to the whole journey of life, a single vehicle is a one horse affair. But O mase! we prophesy that these two lives like the two rivers will in the not far distance come to a junction.  
The supper given by the ladies' aid at Nichols on Friday evening, November 6th, was well attended notwithstanding the fact that Hershey was running opposition on the same evening with a dance. The receipts of the supper were between \$9 and \$10. All enjoyed a good supper and a good social time in general.  
Mr. Lilim, who had been ill for some weeks with typhoid fever died at noon last Friday. The deceased was born in the northern part of Sweden in 1845. He came to this country in 1866 and has lived in Nebraska for several years. He leaves a wife and three sons who were all, at the time of his death, in Galveston, Texas. A sister Mrs. Edstrom and her family, were all the relatives present at the funeral but the beautiful floral tributes and the many tears shed attested the love and esteem in which the departed was held by friends and neighbors. Mr. Lilim was a member of the Swedish Lutheran church, and was a leader among his people and a good man who will be much missed. The funeral was held at the O'Fallon school house both rooms of which were crowded to overflowing. A very touching and impressive sermon was preached by Rev. Randolph after which the remains were interred in the Riverside cemetery.  
A son-in-law of Mr. Hollingsworth has moved into the ditch company

house north of Mr. Cole.  
Mr. Winters is in the valley with his thrasher and at present is thrashing for L. E. Jones.  
Xavier Toillion is thrashing for N. B. Spurrier. A great deal of the alfalfa seed was lost by the late storms.  
Ira Bailey visited his father this week and purchased a horse while here.  
Mrs. Maggie Toillion has resigned her position as treasurer in school district No. 11, and John Toillion has been appointed to fill her place. Mrs. Toillion, as well as the lady who preceded her, made a very efficient officer on the school board.  
Mr. Rader attended church at Platt valley last Sunday. Rev. Randolph preaches there every two weeks at three o'clock.  
Misses Mary Goslet and Stella Goodwin of Hershey were visitors at the county seat Saturday.  
Henry Hollingsworth went with Mr. Kelsey's car to Mountain Home, Idaho.  
The wedding announced for Tuesday failed to materialize.  
**RAILROAD NOTES**  
The 689 and 986 went out of the shops Wednesday morning.  
Engine 849 went into the shop Wednesday for a new fire box.  
Joe McGee, machinist helper, was transferred to the round house Monday.  
Wm. Gorman returned Tuesday night from Omaha where he visited his friends several days.  
Geo. Davis, of the round house force, is off duty a few days this week, suffering from rheumatism.  
Supt. Park and General Foreman Barnum went west with the pay-car Tuesday evening, returning last night.  
Joe Todd, machinist, is now working night in the place of Ed Donehower who has been transferred to the day shift.  
**A Sure Thing for You.**

### SOMERSET.

The B. & M. section foreman is burning guards along the track.  
A Mr. Davis is visiting the family of A. Green, his wife's parents.  
A number of young people gave Miss Nora Latimer a surprise party Tuesday evening, the occasion being her 18th birthday anniversary. An enjoyable evening is reported by the participants.  
A number of the friends of Mrs. Rhoades tendered her a surprise party Wednesday evening. Those taking part in the affair think their hostess an excellent entertainer.  
Joseph Beyer is expected home Thursday from Oklahoma where he went some months ago to grow up with the country and carve out his fortune. Lincoln county is a tolerable good camping ground after all isn't it Joseph?  
George Rhoades has made some decided alterations in his dwelling house, as has also J. F. Brittain.  
Mr. Mullikin is enjoying a visit from his aunt, who came this week.  
Mr. and Mrs. Rhoades and the Misses Alice Heed and Sophia Keonid were shopping in North Platte Saturday.  
W. R. Lemmons, recently of Somerset, has located in Alma, this state.

### EVENTS IN NEBRASKA.

The 13-month-old child of Jeppha Cox, of Fairbury, fell down a flight of stairs and received injuries from which it died.

Ed. Rider, of Fairbury, grew tired of life Monday and shot himself in the head while sitting in a chair in a livery stable. He leaves a big wife and one child.

"Big Mike" Wagner, who was on trial at Fremont for attempting to rob the station agent at North Bend, was sentenced Monday to ten years in the pen.

P. E. Her has commenced to build a new hotel on South Sixteenth street, Omaha. It will cost the whiskey maker an even \$50,000. He is getting ready for the exposition rush.

The Nebraska City lodge, Ancient Order United Workmen, initiated forty-six new members at one whack a few nights ago. It was the biggest thing ever done by the order in Nebraska.

A Holt county boy bit the end off a dynamite cartridge under the impression that it was a sort of new fangled molasses candy. The doctor says he will never again be good-looking unless he can have a celluloid jaw fitted to his face.

Aerenaut Wintering had a narrow escape with his life at Wausa a few days ago. In going up he collided with the cornice of a building which did some damage to his knee. A doctor had to take twelve stitches in it to repair it.

According to government reports Nebraska and Iowa tie on their average production of corn this year, the record showing 29 bushels an acre. Kansas is only credited with 19, which leaves that state a little low on material for drug stock. Illinois is the only corn state that shows a higher average than Nebraska.

E. VonForell, one of the populist regents-elect of the university, is also chaplain of the Kearney reform school. He will have to resign one or the other and as there is some bread and butter in the Kearney job he shows symptoms of freezing to that one and throwing the entire burden of running the university on little George Kenower, of Wisner.

Omaha World-Herald: J. F. Russell, the postmaster at Fanton, has found it easier to secure an office than to let go. He has been sending in resignations every three weeks for the last two months, and at last in despair of ever having them accepted, boxed up the office and hauled it over to Stockville, where it has been placed in cold storage. This is the only authentic instance on record in Nebraska where a man was unable to pry himself loose from a public office when he wanted to.

It has been noted the country over this year that the election returns from the farm districts have, as a rule, been more favorable to the republicans than the first figures from the cities and towns. This is the first time for several years that this condition has prevailed. It indicates that the farmers have recovered from their attack of populism sooner than the people in the cities. They are the first to feel the effect of the boom in the price of wheat. When a man begins feeling hopeful he wants to go straightway and vote the republican ticket.—Ex.

## C. M. NEWTON...

John A. Ehrhardt, of Stanton, commander of the Nebraska Department G. A. R. and a well-known attorney, is reported to be in a very serious physical condition. His physician has ordered rest and quiet as the best restorative.

The senior class of the state university has chosen Chancellor Canfield of the Ohio university as the class orator in June. He was chosen after McKinley, Bryan and E. Benjamin Andrews had all been proposed, which is a great compliment to the old head of the Nebraska university.

The fact that nearly twice as much sugar is manufactured from beets as from cane will be a surprise to many persons, but of the 7,837,000 tons of sugar made in the world last year 4,981,000 tons came from beets. The people of the United States consume more sugar than the people of any other country and they ought to be very sweet tempered with the nearly 2,000,000 tons of sugar they consume annually.—Bee.

The Arapahoe Indians in Wyoming are reported to have made such progress in mastering the English language that the traders and agency employes now seldom have to speak the Arapahoe language and an effort is being made to have the Indians all discard the use of the Indian words and leave the interpreters with nothing to do. Slowly but surely the educational policy of the government Indian bureau is bringing the Indians to a point of self-support.
