County News.

"Corn is King."

The reporter made a trip to the southern part of the county Wednesday and during the drive saw some extremely fine fields of corn. The grasshoppers have almost ruined the corn in the valley south of town but farther south they haven't made an appearance as yet and the fields show a solid mass of green, luxuriant growth.

Driving over the top of a hill about twelve miles southeast of town the first glimpse of the Jack Morrow Flats was caught. They presented a picture of ideal farms. There is quite a settlement on the flats and the farm-houses all look as if their owners had succeeded in making farming in Nebraska pay. Small grain this year in that vicinity is not turning out as well as it did last year but the farmers will get a half crop. Corn, so far, is looking fine and if the rain continues to come when it is needed the corn crop there will be one of those large ones concerning which the immigration agents talk so glibly but which rarely ever materializes for a "dry" farmer. The growth of the corn has been marvelous. Still farther south the same condition is found. Of course there are occasional poor looking stands but they are largely due to lack of proper cultivation. In Buchanan precinct there are prospects for one of the largest corn crops that they have had in some time.

The trip was an eye opener for the reporter who did not realize the wealth of some of the strips of farming land on the tables. The appearance of the majority of the farms this year will compare favorably with the best of those under the various irrigation districts.

Between the Rivers.

The gentle hum of the thrashing machine is heard in the valley.

Landlord Hackney at Hershey is feeding 28 boarders three times per day at this time.

Another crew of track men from Grand Island are now located in cars at Hershey.

H. W. Brown of the county seat visited friends at Nichols the first of the week.

The grain elevator at Hershey will soon be attired in a new coat of red paint.

Seeberger & Co. at this time have nine teams and twelve men besides the balers and haulers at their hay camp.

Owing to the increase of coal trade W. H. Hill at Hershey is having new bins constructed. Dan Edstrom is doing the work.

The most of the spring grain in the valley will be harvested this week.

A young colt that was following one of S. L. Funkhouser's teams that was hitched to a mower in the hay field got in front of the machine while in motion Tuesday and had both of its hind feet nearly severed from its legs. They have tied up the wounds and will try and make them grow together again but if they succeed in this the animal will always be crippled for life.

Landlord Richards, of Sutherland on Wednesday brought one of the U. P. crew located at that village that had been bitten by a snake that morning down to Hershey to see Dr. Eves. The Dr. fixed the fellow up and when he departed for home he was feeling quite well. He accidentally stepped upon the snake while working upon the grade. The reptile flopped over and bit him on the calf of the leg inflicting quite a wound. The limb was badly swollen

when it was dressed. The kind of snake is not known but the supposition is that it was a spotted adder.

Maurice Fowler, of North Platte, and a gentleman from Greenfield were up this way trying to purchase horses and mules.

J. M. Dwyer who has charge of the Lawrence and McGraw land west of Hershey sold some of the hay on the same to Henry Doebke, of the county capital Tuesday for \$3.00 per ton in the win row. That is he cuts it and rakes it up into win rows for them and then they have to get it to the press or stack.

Foreman Smith and crew on the Hershey section have been unloading new ties at Hershey this week.

Loker & Hungerford are baling the hay on the Manion land for Seeberger & Co. and are also caring it at Nichols.

Ellis Hollingsworth, formerly on the Hershey section is now with Martin's steel gang of Sidney.

The Ware boys are putting their threshing machine in first class order and will soon be ready for business.

Mrs. M. McKellip is said to be critically ill. She has been on the sick list for some time and is not improving as fast as her many friends would like to have her.

Mrs. Chas. Toillion who is in the poultry business quite extensively has just completed a new hen house.

F. C. Calloway and J. W. Liles will operate S. L. Funkhouser's thrashing machine the coming season.

Mrs. Grant Dowhower is reported as serious ill at this time.

L. E. Jones and Xavier Toillion are among those in the valley who have thrashed their grain this season.

The U. P. track gang that was located at Nichols was sent west last Sunday evening.

W. H. Hill, of Hershey now supports a dainty new carriage.

Foreman Martin, of Sidney, and crew have been loading steel at Hershey this week that was shipped to Kansas for safe keeping.

Chas. McAllister has at this time the finest herd of eastern cattle that we have seen in the valley.

Ed Ware is harvesting his crop of grain this season with a header, the only one we know of in this section.

Mrs. Armstrong, son Rob't. and daughter Ella, Mrs. M. H. Douglas, Mrs. D. A. Brown and W. H. Brown in a wagon from the county seat took in the many sights in the valley last Wednesday.

Seeberger & Co. have purchased a new Champion hay stacker. It is a fine one.

WALLACE.

Haying has commenced and the work is being pushed right along.

Some of the men engaged in dipping sheep for M. H. Myers were made very sick, it is supposed from the nicotine in the dip.

Mr. and Mrs. Jack Cruzen, of Hayes Center, visited with Mr. and Mrs. P. B. Gavin Sunday.

S. L. Blake returned to Wallace Saturday, being met in Sutherland by liveryman Simmons. Mr. Blake left North Platte for Ill. before Mrs. Blake started home. He says they "compromised."

This vicinity received a fine shower Sunday morning, and at this writing it looks like more rain would follow.

It is hoped that the corn will grow fast enough to get away from the grasshoppers, now. We noticed in the Telegraph that Mr. Fred Parrett had been in the southwest part of the county and reported that "crops never looked better." Mr. Parrett must have had green spectacles on or he must be cross-eyed, or something else equally misleading must be afflicting the gentleman as your correspondent, who has been living in the southwestern part of the county for 14 years had noticed no such evidences of good crop conditions. In fact, generally speaking, the southwest portion of Lincoln county has no reason to feel elated at the prospect for a big crop. Aside from the drouthy condition which has prevailed for six weeks, grasshoppers are thicker

SHOES THAT FIT.

We have a line of summer weight footwear that can't be beat for style, comfort and wear, and we know how to fit your feet. The latter is just as important as quality or style. Let us prove our ability to please you in the shoe line.

Shoes must be right in hot weather as well as other apparel. A shoe that's too heavy, or that pinches or hurts, causes more discomfort on a warm day than any other—any way people notice it more.

SHOE FOR MEN

THE FAIR. - S. RICHARDS.

than available timber in a populist nominating convention, and each individual hopper is as greedy as said timber.

Henry Stoddard who got his eyes and face burned on the Fourth is on the streets again, not much the worse for his experience with the "harmless" toy cannon.

Walter B. Nation, who was one of the Co. E volunteers in the Spanish war, says he will go to the Philippines if Uncle Sam will pay the "transportation charges."

Dan Joliff, of Dickens, was in town Saturday.

C. M. Reynolds, editor of the Imperial Republican received a badly sprained foot in playing baseball at Imperial a week ago, and, as the doctor informed him he would have to nurse the wounded member for some time he came home to Wallace where he is staying with his parents. Even editors are not exempt from the ills that hedge the pathway of mortal.

Miss Daisy Kidwell, who is attending the summer school at Elsie Sunday at home.

E. R. Nicson and Walter Robb are putting up hay on the Willow. Josie Hofmeister returned from Maywood Friday night. Miss Hofmeister teaches a music class at Maywood and one about eighteen miles southwest of town.

Mrs. R. A. Forsythe, who has been in poor health for several weeks departed on No. 153 for Cass county, Iowa, Monday morning, accompanied by her husband. Mrs. Forsythe will remain in Iowa indefinitely where she hopes to be benefited by the change.

Miss Clarice Mylander, who taught the Fisher school last term and who has been visiting friends in Wallace for a few weeks departed

for her home at Maxwell Monday morning.

Joe Stackhouse went to Elwood Monday on 153 where he expects to find work.

Storekeeper Nichols is having a lot of hay put up which was cut on a place in Perkins county. The hay is of fine quality and Mr. Nichols rightly believes in taking time by the fore lock in these matters.

C. M. Hayden has done quite a fair business this season in selling farm and harvesting implements. Among other tools he has sold two headers with an attachment for binding grain if desired.

P. B. Gavin returned Thursday night from Cheyenne.

Since the M. E. church has been painted it presents a greatly improved appearance. Rev. Gilpin assisted in the work, saying he could do anything honorable in the way of work. His example is worth following.

Mrs. Isaac McRae is on the sick list this week.

A two-months-old child of Mr. Hansen's residing south of Wallace was accidentally smothered to death last Tuesday morning. It was found lying on its face, a few minutes after some of the other small children had been playing with it. It is supposed in some way the little one was rolled over, the other children not being old enough to know its danger.

Miss Etheredge, of Lancaster county, has been employed to teach the primary department of the Wallace school.

Little Helen Harper who was taken back to Chariton, Ia., a few

weeks ago, is getting along nicely being much improved in strength.

The populists of Wallace precinct talk of sending a delegation to the county convention pledged to support A. K. McIntyre for the nomination for sheriff.

Somerset Briefs.

Messrs. Blazer and Knowles have each purchased new mowing machines.

Gilbert Smith and Arthur Gartrell drove over north Sunday in search of employment in hay fields.

Geo. Turner, who has leased school section 16-10-39, will fence the same, put down a windmill and erect a pump.

J. F. Brittain has been on the sick list for several days past.

Joseph Beyers and family, Andrew Smith and family and N. S. Smith were the guests of J. F. Brittain Thursday night.

Joseph and Etta Foster left Friday for Alma, Neb. Mrs. Foster has been in poor health. Their home is at Halfrock, Mo.

Hay will be scarce in the hills this year.

John McConnel has several head of cattle for sale.

The Baptist church of Somerset will re-organize at Ash Grove school house on August 19th, and will take the name of Ash Grove church.

Capt. William Astor Chanler, congressman from New York, is the president of the New York Star which is giving away a forty dollar Bicycle daily, as offered by their advertisement in another column. Hon. Amos J. Cummings, M. C.; Col. Asa Bird Gardner, District Attorney of New York; ex-Gov. Hogg of Texas, and Col. Fred Feigl of New York, are among the well known names in their board of directors.

Eureka Harness Oil is the best preservative of new leather and the best renovator of old leather. It oils, softens, blackens and protects. Use

Eureka Harness Oil

on your best harness, your old harness, and your carriage top, and they will not only look better but wear longer. Sold every where in cans—also from half pints to five gallons. Made by STANDARD OIL CO.

Wives, Beware!

An expectant mother had better not take anything at all than those positively dangerous mixtures so widely advertised to relieve her discomfort and nausea. She ought to know that outside external treatment is the only way that can possibly be of any benefit. She ought to know that **Mother's Friend** is the only remedy that will help her, and it is an external liniment. It takes her through the entire period in comparative comfort, shortens labor, and childbirth is no longer to be dreaded. More than that, it preserves her girlish shape after the ordeal, and her little one will come into the world perfect in form and health.

Get Mother's Friend at the drug stores for \$1 a bottle, or send to

THE BRADFIELD REGULATOR CO. ATLANTA, GA.
