second-class matter

FRIDAY, JULY 28, 1899.

S. P. MOBLEY, of the Grand Island Republican, has leased his plant to Fodrea & Fodrea and will soon assume his duties as custom collector in the Philippine Islands.

PRESIDENT McKINLEY has promised that in case he makes a western trip he will attend the reception to be given the members of the Third Nebraska Regiment at Lin-

lest the army headquarters be moved from that city. The headquarters have proven a good thing for Omaha, and naturally it objects to the threatened removal.

ONE HUNDRED years ago only a little more than 15,000,000 people spoke the English language, where to-day it is spoken by 120,000,000 people. Expansion, therefore, is the destiny of the Anglo-Saxons.

An Omaha man claims to have cured himself of Bright's disease by wearing a mother hubbard. This is on a par with the North Platte woman who effected a cure of rheumatism by wearing her husband's trousers.

JUDGE M. B. REESE, of Lincoln. who has been spoken of as the republican candidate for supreme judge, has declined to be a candidate, and no insistence will induce him to accept the nomination, even though it was unanimously tendered him.

THE republican congressional central committee, for the Sixth district, will meet at Kearney next Wednesday for the purpose of naming the time and place of hold ing the convention to nominate a candidate to fill the existing vacancy.

Those who are opposed to the issuance of the high school bonds have not yet advanced a single intelligent reason why the bonds should not be voted. There have been, however, some very childish arguments used by those who are opposed to the bonds.

THE deposits in the national banks of Nebraska increased over two million dollars during the months April, May and June, to say nothing of the increased deposits in the state banks. This is a pretty good showing, especially when Mr. Bryan says the business conditions of the country have not improved.

THERE seems to be no longer any doubt but that Bryan will be the democratic presidential nominee next year. VanWyck and Gorman and White may have a few supporters, but Bryan promises to carry the convention by storm; and a few months later the republican tornado will sweep Mr Bryan off the face of the political world.

Down in Dodge county money has become so plentiful that the Fremont banks decline to take the county treasurer's deposits and pay the statutory rate of three per cent interest. Just at this time Dodge county has less democrats and popocrats than it has had for several years past. There is nothing that kills off the demo-pops so quickly as prosperous times.

THE Omaha Midway exposition does not seem to be any more prosperous under the new re-organization than it did under the old regime. The lack of attendance of people of the state is evidence that they do not approve of the show. About the wisest action the management sold by druggists, or sent post paldon receipt of price can take is to close the gates and at SPHEETS MED. CO., 111 A 112 WHILLIAM No., New York.

THE New York Sun says: Some of Colonel Bryan's admirers quake lest he should become to much of a plutocrat and so impede his political career. He is making and laying up a good deal of money by means of his books and lectures, but it is not in nature that he should become a plutocrat, no matter how full his strong boxes grow. A plutocrat is a rich man who doesn't believe in 16 to 1. Any other fel-sound healthy body; pure, rich, red blood; low can be as rich as he pleases without hurting his professional without hurting his professional without hurting his professional standing as a populist or democrat.

He said the Tagals were now little better than tribes of bandits, warring alike on the Americans and on the residents of the island, and sometimes on each other. Towle says there is a sentiment in the regiment that the campaign has not been well managed, and that it might have been pressed much faster. He says the Nebraska boys will come home very tired and worn out and that if they have the same experience that was had on the Morgan, the hospital ship. the passage home will be unsatisfactory, on account of rations and the treatment by the ship's officers.
