## County News.

### WALLACE.

Last Sunday it was quite amusing to see the stragglers coming home from Paxton where they had gone to work on the railroad. The men say quite a number quit the work Saturday, there not being enough in it when everything was taken into consideration. Silas Thompson is quite sick and did not return with the others.

Henry Clay Robbins made a trip to the county seat Monday. Clay says it was an ordinary errand but the more knowing suspect it may mean something more. If Clay makes up his mind to do anything he generally does it and here's hoping, etc.

Among those who registered at the Wallace House last week we note: Grant Elliott, of Holyoke, H. J. Todd, of Sterling, R. A. Ridge, of Sioux City, C. C. Caldwell, of Omaha, Wm. Hansen and J. W. Coder, of Elwood.

Albert Howe and Geo. Scofield are still at work on the railroad near Paxton.

Mrs. John Conger came up from Wellfleet for a few days visit in Wallace.

Mr. Anderson, section foreman at Madrid, was in Wallace Sunday after a stray pony which he found all right.

During the past week the weather could not have been better for corn and potatoes but the grasshoppers have been working steadily on the corn and a great many fields are beyond redemption. Copious rains have been coming this way and if it had not been for the hoppers a splendid corn crop would have gladdened the heart of the husbandman. But grasshoppers were never troublesome here before and the visitation by them this season may never be repeated.

J. S. Robbins and P. L. Harper drove to the county seat Friday evening.

Merton Seaton was thrown from a buckboard the other day and as a result has a severe gash on one leg.

Ed Nicolson started to Paxton Monday to work on the railroad.

Mrs. E. A. Brainerd met with what might have been a very serious accident last week. Her horse, which was tied in front of Mr. Lipsup's house, became frightened at a goat and broke loose falling backward in the harness and jerking Mrs. Brainerd down in such a manner as to endanger her life from the frightened struggles of the animal. The horse was finally untangled. No serious mishap resulted from the melee.

Alex Forsythe had the misfortune to step on a top the metal point penetrating his foot nearly an inch causing a very painful wound.

The republicans in this corner of the county would like to see the name of J. S. Robbins come up before the convention for the nomination for commissioner of the Third district. Mr. Robbins's political principles are well known and should be the choice of the convention he would get many votes here out side his own party. Hiram Robison was up from Hayes county Sunday.

S. L. Blake left with his bunch

of horses last Wednesday. He had a cowboy with him that treated the bystanders to an exhibition of equestrienneism not often witnessed in our sleepy burg. In justice to the bronco we must say that it scored a flop the first innings.

Mrs. R. A. Forsythe who went to Griswold, Iowa, a short time ago is no better.

G. B. Latimer and wife were visiting in Dickens Sunday.

### Myrtle News.

Those who attended the S. S. convention at Garfield report a good program. Especially good was the address of Mr. Kimberly, of Beatrice.

Miss Clara Park, of North Platte, is visiting her friend, Miss Mae Brunk.

E. Fuller, Chas. Gambrel and Lafayette Pease, were transacting business in North Plattelast Tuesday.

A number from this vicinity went up to the brick school house Monday evening. Mr. Kimberly gave some excellent stereoscope views. It is reported that the grass hoppers have been at work in W. H. Mill's wheat field. So far this is the only complaint we have heard.

A good many of the farmers are making hay. There is not as much hay as last year yet when one sees the hay ready to be stacked he would not think it was scarce.

The government geographical surveyors, who were here nearly a week, broke camp Friday and went south to work.

Mr. and Mrs. McNicol expect to return home, from their eastern visit, Wednesday.

Mr. and Mrs. A. E. Moore were North Platte visitors last Tuesday.

Alex McNicol attended the teachers' institute at North Platte.

Rev. Bowland will not preach at Pleasant Valley school house until the 24th. of the month. At that time he will collect the money subscribed for benevolent purposes.

Report of Myrtle Sunshine Society for the month July: Contributed—Picture to frame, Sunday school papers and cards, Mrs. Lawton; Silk floss and reading matter, Mrs. A. E. Moore; Woman's papers, Mrs. Seward; Home Journals, E. F. Brooklyn; knitted bands and knitted wash rags with toilet soap, Mrs. Seward; Christmas greetings, two pin cushions, two needle books, three crocheted doilies and six rolls of reading matter left the office and went into various homes. Birthday greetings were sent to Mrs. Wright and Andrew Phillips. Bed covers were sent to Mrs. Pease and knitted bands to Mrs. Kessler. Four new members were enrolled.

Mrs. W. H. Null is on the sick list. We trust she will regain her health soon.

Bert Brunk came up from the Pawnee ranch, Thursday, for a few days visit with his mother.

### Between the Rivers.

W. C. Elder, of North Platte, was at Nichols on legal business Tuesday.

S. J. Koch is cutting the hay on the Guthrie land, shipping it from Hershey.

Loker & Hungerford are baling and loading hay at Nichols for Seeburger & Co.

T. W. Anderson of Nichols, who has for some time from dropsy of the heart, is now reported in a critical condition.

W. T. Miller's little child is recovering from its recent severe illness.

Mrs. J. M. Smith's daughter accompanied her home from Cheyenne and will recuperate from her recent illness.

Dr. Eves returned Monday morning from the county seat. Messrs. Dan and John Edstrom and families are very grateful to all those who so kindly assisted them in the recent illness and at the funeral of their little children.

## Our 1899 August Sales Will Beat Last August.

Why? Well, for one reason because people have more money than they had last year. But the main reason is because we shall continue to offer all through the month values which will compel attention from every well posted buyer in this vicinity. We are not doing business for fun, but we are selling goods cheaper than any other concern in this vicinity, and must obtain a big volume of sales to make up for our small profits. This price list shows what we are doing:

## S. Richards. The Fair.

ceeded by Mrs. W. L. Terry, who owns the hotel.

Mrs. Carrie Parks of the county seat has been the guest of Mrs. J. B. Aveline lately.

Merchant Micklesen has just received a carload of flour and feed from the Lexington mills.

C. S. Trovillo recently had a fine work horse badly lacerated on the left hind leg by becoming entangled in a barb wire fence.

Mr. Ripley, on the W. L. Park farm, has finished harvesting berries for this season and has discharged the pickers.

J. W. Liles and F. C. Calloway are at work with the Funkhouser threshing machine, which they gave a general overhauling before starting out.

Several head of cattle in the vicinity of Nichols are afflicted with pinkeye at this time. The eyes become sore and remain in that condition from two to four weeks, when they recover without any treatment. The animals become dull and stupid and do not do very well during the affliction.

The recent change in the U. P. time card runs trains No. 1 and 2 through Hershey without a stop, where formerly it was a flag station for both. No. 2 still sidetracks at Nichols for No. 5, which now stops at Hershey when flagged. Hershey is now a regular stop for No. 3 as well as for No. 4.

We understand that agent Speer and wife have returned from California and at this time are visiting relatives at Garfield. Mr. Speer will resume his duties as station agent, Sept. 1st.

Mrs. Wissler and two children, of Montpelier, Idaho, who are returning from a visit with relatives in Iowa, are the guests of her parents Mr. and Mrs. D. Eyerly at Hershey. They expect to resume their journey next week.

From the amount of hay that is being shipped out of the country, it looks very much as though there would be a scarcity for home consumption.

### Somerset Briefs.

Miss Bessie McDonald and Fay Smith are on the sick list.

Bert Votaw was in Somerset a few days ago for the purpose of buying cattle, but we don't think he found any.

The air has been full of grasshoppers for the past few days.

J. F. Brittain built a windmill tower Monday for Geo. Turner. John and Edith McConnel dedi-

cated their new sod house Sunday by inviting a few friends to spend the day with them. All enjoyed themselves and gave special attention to the excellent dinner which was served at twelve o'clock.

Mrs. Theresa Brittain and children spent Monday visiting Mrs. Latimer at Dickens.

The Willerton boys have quit the section. They claimed that board was too high, being \$3.50 per week.

It is with regret that we record the death of the four months old son of Walter and Emma Gartrell, who died August 2d and was buried in the Ash Grove cemetery the following day. A large concourse of sympathizing friends attended the funeral. The parents have the sympathy of the entire community.

We also record the death of Mrs. Etta Foster, a half sister of J. F. and Bessie Brittain. Mrs. Foster came west in May for her health and stopped with a half sister Mrs. Julia Lemmons at Alma, Neb., for six weeks and came to J. F. Brittain's July 3d. She remained at Somerset two weeks and then went back to Alma, where she died Aug. 4th. The remains were sent Sunday to Halfrock, Mo., for burial.

**Don't Do This**  
 Don't take internal medicines before the little one comes. They endanger the health of both mother and babe.  
  
**MOTHER'S FRIEND**, the good and long-tried external liniment, will relieve the early distress and the later pains better than anything else in the world. Its good effects are most marked not only before childbirth, but during the ordeal itself and afterward. Distress is overcome by it—pains lessened—labor shortened—and subsequent dangers avoided.
