Base Ball Matters

The North Platte baseball team sent its challenge to the Omaha team, painted in red on a tin shield. The following is the reply which the home nine received:

OMAHA, SEPT. 7th, 1899.

To the North Platte Shop Base Ball Team:

Your challenge neat, in perfect form, came like the burst of winter's storm; a gust of red and black, I ween, and to cap all, 'twas signed "McKeen," and also by a bunch of Harts—the same, of course, much life imparts; and so we figure on a game that will not be the leastwise tame. Accepted is the challenge brief, we also hereby take the leave to grant to you, as you have done, the chance to practice, every one may practice through the sunny day, or while the hours of night hold sway, beneath the bounteous autumn moon, but all the same, sure, swift and soon you'll have to face your awful fate; Sept. 16th is the date. So practice well and bear in mind, we'll leave a train of fame behind.

A STRINGENT FOOD LAW.

Prohibits the Use of Arsenic or Alum in all Articles of Diet.

The law enacted by the Missouri legislature, a copy of which was recently published in our columns, and which prohibits the manufacture or sale of any article intended for food or to be used in the preparation of food, which contains alum, arsenic, ammonia, etc., places that state in the lead in the matter of sanitary legislation.

Laws restricting the use of alum in bread have been in force in England, Germany and France for many years. In this country, in Minnesota, Wisconsin, Michigan, Ohio, Kentucky and several other states, direct legislation in reference to the sale of alum baking powders has also been effected. In several of these states their sale is prohibited unless they are branded to show that they contain alum, and in the District of Columbia, under the laws of Congress, the sale of bread containing alum has been made illegal.

Following are the names of some of the brands of baking powder sold in this vicinity which are shown by recent analysis to contain alum. Housekeepers and grocers should cut the list out and keep it for reference:

- Baking Powders Containing Alum.
- K. C. Contains Alum. Manf. by Jacques Mfg. Co., Chicago.
- MANHATTAN. Contains Alum. Manf. by Hevson Chemical Co., Kansas City.
- C. P. Contains Alum. Manf. by Allen Bros. Co., Omaha.
- GERMAN. Contains Alum. Manf. by Consolidated Coffee Co. Omaha.
- CALUMET. Contains Alum. Manf. by Calumet Baking Powder Co., Chicago.
- BON BON HOTEL. Contains Alum. Manf. by Grant Chemical Co., Chicago.
- CLIMAX. Contains Alum. Manf. by Climax Baking Powder Co., Indianapolis.
- KENTON. Contains Alum. Manf. by Potter-Parlin Co., Cincinnati.
- JACK FROST. Contains Alum. Manf. by Bain & Chapman Mfg. Co., St. Louis.
- ROCKET. Contains Alum. Manf. by Sherman Bros. & Co., Chicago.
- THREE MEALS. Contains Alum. Manf. by Bilemour Baker Grocery Co., Kansas City.

In addition to these, many grocers sell what they call their own private or special brands. These powders are put up for the grocer, and his name put on the labels by manufacturers of alum powders. The manufacturers, it is said, find their efforts to market their goods in this way greatly aided by the ambition of the grocer to sell a powder with his own name upon the label, especially as he can make an abnormal profit on it. Many grocers, doubtless, do not know that the powders they are thus pushing are alum powders the sale of which would be a misdemeanor under the law referred to.

It is quite impossible to give the names of all the alum baking powders. They are constantly appearing in all sorts of disguises, under different names and at all kinds of prices, even as low as five and ten cents a pound. They can be avoided, however, by the housekeeper who will bear in mind that all baking powders sold at twenty-five cents or less per pound are liable to contain alum, as pure cream of tartar powders cannot be produced at anything like this price.

It is a little early in the campaign to admit a possibility of defeat but according to the following from the Ord Quiz Judge Neville doesn't think that Morrison's prospects are very rosy: Mr. Neville, speaking of our old friend Hans Grimes, of North Platte, said that he had been renominated by the republicans of that district and that he stood a good show of election again. He said that the pops would put up the best fight they had against Judge Grimes, but that there was little chance of their doing him. This will be interesting reading to Hans many old friends here.

Rev. and Mrs. C. C. Wilson and son left yesterday morning for Shelton. From there they will go to Broken Bow to attend the district conference.

Discovered by a Woman. Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at A. F. Streitz's Drug Store. Regular size 50c and \$1.00. Every bottle guaranteed.
