The Leader.

Advertisements are sometimes misleading. Probably you have already found this out for yourself, and do not need to be informed of the fact. The patronage which results from our store announcements comes to us because the people of the city and vicinity have learned that our printed promises are as good as our bond. We would not enjoy our present standing in the community were this not so. The prices we quote below on reliable general merchandise should interest every person who reads this ad, and we think that they will.

M. P. Kinkaid.
To-morrow evening our citizens will have an opportunity of meeting with M. P. Kinkaid, the republican nominee for congress in this congressional district. We would like to have every voter in the city meet the gentleman. His character and reputation are vouched for by the people of his judicial district where he is best known. With Kinkaid in congress no citizen of the six Sixth would have cause to blush and apologize for our representative, a thing they have had to do for the past seven years and as they would should the fusion candidate be successful.

Chaplain Mailley.

The fighting chaplain of the gallant First Nebraska will address our citizens to-morrow evening at the court house on political issues growing out of Dewey's victory in Manila bay and our occupation of the Philippines. Mailley was the chaplain of the populist legislature in 1897, and was appointed by Holcomb as chaplain of the First Nebraska. He went to the Philippines a populist but when he came back to Nebraska and found his late political associates enrolled in the Aguinaldo aid society, giving aid and comfort to the enemies of his country who were shooting down the defenders of our country's flag, he did not hesitate a moment, but promptly enrolled himself in the ranks of the loyal and patriotic people of this land who propose to see that no traitor hands pull down the American flag in the Philippines, where the boys of the First Nebraska helped to place it. Turn out and give the Chaplain a good reception.

Bell Blessing.

On Sunday evening the new bell which will be erected on St. Patrick's church was blessed by the local priest, Father Haley, and Father Wolf, of Grand Island. The bell was temporarily placed in front of the altar and was arranged so that it could be rung. The bell itself was beautifully decorated with roses and carnations and around its base was draped an American flag. The sermon, a very eloquent one on "Faith," was preached by Father Wolf. It was followed by an address given by M. C. Harrington on the history of bells and particularly the history of the new bell. He closed his address by asking for a liberal contribution towards the expense of building a tower for the bell. His appeal was responded to very liberally, over \$300 being contributed.

Mr. Harrington's address was followed by the service proper of blessing the bell. The contributors to the bell fund acted as sponsors and rang the bell. During the service special music was rendered by the choir an especial feature being a very beautiful solo sung by Sister Scholastica. The service closed with "Hail Columbia" played by the Gordon band which was stationed with the choir in the gallery. Prior to the beginning of the service the band had been stationed in front of the church and rendered several selections. The service was attended by a large congregation, every seat being taken and the aisles crowded with people who were anxious to witness the service.

Entertained by Minor Hinman.

Minor Hinman entertained a number of his friends at a delightful party Friday evening. The evening was spent in playing games and having a general good time. Among those who were present were the Misses Jennie Emery, Jessie Banks, Jennie McMichael, Ethel Dillon, Mabel Orr, Irene Miltonberger, Ione Neir, Laura Letts, Jennie Rafferty, Eva Hartman, Jessie Bullard and Margaret Gilman and Frank Buchanan, Fred Schmalzeried, Will Otten, D. Besack, Frank Broach, Frank McGovern, Charlie Ross, Guy Congdon and Oakley Swarthout.

And Still Another.

EDITOR TRIBUNE:—You can enroll me among the populists who propose to kill the "office party." I say "office party" for fusion means neither the democratic nor populist party, but office alone. The fusionists would come nearer naming themselves correctly if on the sign over their headquarters in North Platte they would place the words "Office Headquarters for Office Seekers."

The only way to kill off such a combination of fraud and deception is for every honest, self-respecting populist to do as I propose to do, namely, vote the straight republican ticket.

The fusionists prate about "reform," and hoist as their principal leader in this district William Neville. What has Neville ever reformed? He may have made some temporary reforms in his favorite card games, but if so it meant profit for Neville. It is also currently reported that he is interested, or has been, in the saloon business; at least a room in his brick building is leased for that purpose. The idea that an ex-Judge of this character could ever be an honest reformer is too ridiculous to consider for a moment. Therefore, class me with the Stebbins and Clem Deaver type of populists who propose to defeat such fraud reformers by voting the republican ticket.

Any populist can see that the machine gang of office seekers who are masquerading under the name of reform and populism have always and are today running the party for what money there was to be got out of the offices.

M. C. Harrington, in his letter to Juan Boyle, intimates that there will be fools enough in the populist party—when that party has been killed off by fusion—to go to the democratic party to make it a strong party. But will there?

There is now a conspiracy among the assumed leaders of the populist party to destroy it and turn it over to the democrats. This conspiracy should be strongly rebuked. By voting the republican ticket this fall we can break up this treasonable gang of rascals who are deceiving, deluding and bamboozling the people and especially the populists.
