THE REAL QUESTION.
The real question of disease is "Can I be cured?" If you or anyone dear to you is losing strength and energy and vitality, if you are wise you will not spend much time trying to figure out just what name to call the disease by.

It is almost impossible to draw the line where debility and weakness merge into consumption. Your trouble may not be consumption to-day, but you don't know what it may become to-morrow. Hundreds of people have been restored to robust health and condition by Dr. Pierce's marvelous "Golden Medical Discovery" after reputable physicians had pronounced them

consumptive beyond hope.

Were they in consumption? You don't know; nobody can ever know; but that is not the question. The important point is that they were hopelessly ill but this matchless "Discovery" restored and saved them. "I was not able to do hardly any work at all," says Mrs. Jennie Dingman, of Vanburen, Kankakee Co., Mich., in a most interesting letter to Dr. Pierce. "I had pain in my left side and back, and had headache all the time. I tried your medicine and it helped me. Last spring I had a bad cough; I got so bad I had to be in bed all the time. My husband thought I had consumption. He wanted me to get a doctor, but I told him if it was consumption they could not help me. We thought we would try Dr. Pierce's Golden Medical Discovery and before I had taken one bottle the cough was stopped and I have had no more of it returning. Your medicine is the best I have ever taken."

Write to Dr. R. V. Pierce. He will send you good fatherly, professional advice in a plain sealed envelope absolutely free. His thirty years experience as chief consulting physician of the Invalids' Hotel, at Buffalo, N. Y., has made him an expert in chronic diseases.
