Victor E. Meyer, - North Side.

To the Voters of Lincoln County.

An anonymous circular has been put in circulation insinuating that P. L. Harper is supporting me for the purpose of securing my assistance, when elected, toward a bank at North Platte. I desire to stamp that circular or any charges of that character as false.

I have no knowledge as to whether or not Mr. Harper is supporting me. But if he is, I presume it is for the same reason that any other republican would, that is, because I am the the republican nominee.

I want again to assure every voter of the county that when I enter upon the duties of the office of county treasurer next January, it will be with the determination to run the office according to law and in the interests of the whole people, and no man or any set of men will have any strings on me.

Very respectfully,
 C. F. SCHARMANN.

A Card From Mr. Holtry.

EDITOR TRIBUNE.—The Era has been publishing some statements which are false and deeming it right I called upon the editor and asked him if it was late to put a notice in this issue, (Oct. 30th). The editor said it was not too late so I handed him a statement and asked him to publish it, when upon he began to make excuses that they had to let a good deal of matter go unpublished in that issue and asked if the next issue would do, not saying that they would publish it and as he said it was not too late I prepared it then as I wanted it to get before the public. One of them said leave it, if it gets in it gets in, if not, not. I left it and was informed later they would not publish it. Now I wish to be placed before the people in a true light and will give the questions and answers.

First: They claim I have been promising cattle to parties to keep or winter for their votes, while I have no cattle.

Now there is not one man in Lincoln county or any other county for that matter that I have promised any cattle for their vote and who ever put it in print tells what is not so and more he cannot bring a man that will say so. The truth is I have some cattle in my care which I have kept, I make contracts in the fall for the keeping for the winter and summer, I have had several applications for keeping them this winter and for some next summer and I have told all applicants I would not contract until after election. If I am elected they will be let, if not, it is probable that I will look after them myself.

Second, as to sheep, I have none.

Third: As to boarding, that is another falsehood that originated with the editor of the Era.

Fourth: The Era says will THE TRIBUNE be honest enough to admit that Mr. Holtry held out every dollar in fees which the law allowed and the county commissioners would permit him to expend in the way of additional clerical help.

Now this is a fact and the records will bear me out. The 31st day of December, 1898, there was short on my salary about \$150. I had to wait until the next July to get it. I had a claim against Lincoln county for \$800 which was not filed because there was no money in the fund to pay it. If there had been I would have filed and collected it, then I could have got the balance of my salary and would have turned the balance in to the county, as it was the county lost not a cent of interest but I am out the interest on \$150 for six months. Now you can come back at me as much as you please. I am proud of my record and the records are here for examination and anybody but a twister will find them correct.

Respectfully submitted,
 W. M. HOLTRY,
 County Clerk

The local hay market begins to loom up. If the weather the coming winter should be cold and stormy there will hardly be hay enough in this country for home consumption.

WOMAN'S NIGHTMARE.

She Shudders When She Realizes the Danger and Pain of Child-bearing.

There is so much suffering and danger in store for the young mother, that her happy anticipation soon gives way to a feeling of dread at the thought of the pain which she must undergo. This constant fear so preys upon the mind of many women that it fills them with terror and makes baby's coming a source of the greatest anxiety and dread.

All the suffering and danger of the ordeal can be avoided by the use of "Mother's Friend," which prepares the body for this important event. It relieves "morning sickness," and many other unpleasant conditions which exist during this time. Thousands of women praise "Mother's Friend" for bringing them safely through the most critical period of their lives.
