Entertained The Lawyers.
W. T. Wilcox entertained the legal bar of the city and a few others at a dinner party Wednesday evening at his home, which proved an event that will not readily be effaced from the memory of those present. The dinner was in the nature of ratification of the election of Judge H. M. Grimes, and that gentleman was the guest of honor. Plates were laid for eighteen, and as the guests were seated pink and white carnations were found at each plate. The pieces de resistance were two immense turkeys, one at each end of the table, in the dissection of which the host was assisted by Judge Hoagland. The menu was varied, excellently prepared and nicely served, the whole reflecting much credit upon the lady of the house. As the dinner progressed it was demonstrated that lawyers are possessed of excellent appetites, and that the wife of each one present can easily reach his heart by giving him plenty good food.

Following the dinner two hours were spent in smoking, spinning yarns and relating varied experiences, and those two hours were just as pleasant as the hour and a half spent around the board. At 10:30 the guests departed thanking the host and his lady for the pleasures of the evening.

Those present were: Messrs. Grimes, Hinman, Patterson, J. S. and W. V. Hoagland, Davis, Beeler, Muldoon, Halligan, Ridgely, French, Evans, Ray, Elder, Cary, Scharmann and Bare.

A Banquet to Sister Antoinette.
Sister Antoinette, a former instructress in the Navy School in this city, but now of Concordia, Kansas, spent a few days in town this week, and on the eve of her departure for home was tendered a banquet by the class of 1895, and of which she was a tutor. The banquet was held at the convent Tuesday evening and proved a most pleasing event to Sister Antoinette, as well as to the members of the class—Misses Nellie Austin, Annie Rebhausen, Jennie Frazier, Kate McGlone, Maggie Kelly and Mamie O'Hare. The trials and vexations as well as the joys and pleasures of the school days of the class were rehearsed and responses were made to toasts. A very nicely prepared spread added to the enjoyment of the evening. In addition to the honored guest and the members of the class there were present at the banquet Father Haley and the sisters of the local parochial school.

Weary of Marital Ties.
That marriage is, in some instances, a failure is demonstrated by the fact that at the term of district court next week six petitions for divorce will be heard by the presiding judge. The married couples who desire to have the marital cord cut asunder by judicial action are as follows, the first named being the plaintiff in the respective suits: Elizabeth VanSickle and Lorenzo VanSickle; George Wagner and Laura Wagner; Lena Miller and Dudley Miller; Sarah E. Loan and Patrick Loan; Dora A. Mangold and Harry W. Mangold; Thomas German and Blanche German.

This is the largest number of divorce cases that has ever been docketed for one term of court in this county. Attorneys believe that a decree will be granted in each of the above cases.

"Side Tracked"
Horatio Xerxes Booth, the humorous vagabond in "Side Tracked" who must be credited with having lived a longer life theatrically speaking than the majority of characters of this class, will again present himself at the opera house Monday evening, Dec. 4th, for the purpose of creating hilarity. "Side Tracked" is enjoying its usual prosperity this season and the company is said to be a very clever one. While the characters of the play have not been changed the scenic equipment has been greatly enlarged and this season's specialties are said to be wonderfully clever.

Don't Do This

Don't take internal medicines before the little one comes. They endanger the health of both mother and babe.

MOTHER'S FRIEND, the good and long-tried external liniment, will relieve the early distress and the later pains better than anything else in the world. Its good effects are most marked not only before childbirth, but during the ordeal itself and afterward. Distress is overcome by it—pains lessened—labor shortened—and subsequent dangers avoided.
