The sale of the assets of the North Platte National Bank, which was adjourned over New Year's Day, was resumed this morning. A little over half of the notes which were listed have been sold. They have brought only a small percentage of their face value, a large number of them being considered worthless. The land which is owned by the bank will be sold tomorrow. Some of it is excellent farming land and will probably bring a fair price.

500 Ladies' and Misses' Capes and Jackets to be closed out in the next 30 days at The Hub.

Seven couples of married people enjoyed the hospitality of the Rincker home last evening and passed a quartette of hours in a very pleasant series of high-five games. It was a very congenial gathering and every guest seemed to enjoy every moment. Though the game was of the progressive nature, no prizes were awarded yet the lack of trophies did not lessen the energy which the players displayed. If the spirit displayed by the guests on the first day of the New Year is indicative of their temperament during the succeeding twelve months, each will certainly have a happy and pleasant year. Mr. and Mrs. Rincker proved very successful entertainers, and their guests had an evening of ideal enjoyment. Nicely prepared refreshments were served during the latter part of the evening. Those present were Messrs. and Mesdames H. S. White, H. M. Grimes, Milton Doolittle, A. S. Baldwin, F. E. Bullard, A. E. Parsons and Ira L. Bare.

Rev. James B. Tims, of Alleckhi, Checotah Nation, I. T., says of Beggs' Blood Purifier, the great blood remedy and system regenerator: "Both myself and wife were entirely cured of bad cases of scrofula by it." A guaranteed remedy, of sterling merit. A. F. Streitz.

WILCOX DEPARTMENT STORE. NORTH PLATTE, NEB.

Total Loss by Fire.

Shortly after midnight last night fire broke out in Victor Meyer's hardware store and burned the building almost to the ground and destroyed its contents. Mr. and Mrs. Meyers and their two sons were at the dance when the fire broke out so its origin is a mystery. No lamp had been left burning and they thought there was but little fire in the stove. Just after the fire was discovered it reached the powder which was in stock and the explosion scattered pieces of burning wood all through the building so that the entire structure was soon ablaze. The fire department succeeded in keeping the fire from spreading to any of the adjoining buildings but was unable to save the Meyer building because of the tremendous start the fire had gotten. It was also impossible to effect an entrance into the building and the only articles which were saved was a center table and a carpet sweeper which were in the front window and two guns which were blown out through the windows into the street by the force of the powder explosion. Mr. Meyer's invoice shows that the value of the stock on hand was \$7,000 and the building is estimated by him to have been worth \$4000. The total amount of insurance carried was \$5,000. The fire proof shed which adjoined the store on the north was but little damaged. Mr. Meyer expects to rebuild at once and will put up some kind of a fire proof building but his plans are necessarily quite indefinite as yet.

The firemen suffered considerably while fighting the fire owing to the cold, which caused the water to freeze upon their clothing.

Railroad Notes.

Ed Weeks went to Rawlins last night to work for the Union Pacific.

A. C. Howard returned Saturday from a visit at Laramie, Rawlins and Sunol.

Sanford Hartman and P. A. Norton will go to work this week after enjoying a thirty day vacation.

Clyde Smith, who has been working at this station as night operator, will be transferred to Julesburg.

Foreman Fries returned this morning from Omaha where he had been spending a few days visiting his family.

C. R. Rankin has been assigned as brakeman on Conductor Jeter's crew and Roy Vernon will take his place as swing brakeman.

Beginning yesterday the shifts in the operators in the telegraph office were changed. Manager Gilman and Operator Hood will as heretofore, constitute the day force, C. P. Cox will work nights and F. W. Milner will work an eleven hour shift beginning at half past two in the morning. The day and night operators in the dispatcher's office have been dispensed with.

It is expected the work of storing the ice can be commenced this week. The ice on the lake has already attained a thickness of eight inches and is still freezing quite rapidly. The flow of water from the pump is raising the level of the lake a quarter of an inch every day, thus solving very effectually the problem of keeping the lake well filled.

The triple Union Pacific ice house has been completed and the work of putting in the new platforms and elevators on all of the ice houses has been commenced. The elevator system which is being put in is quite an elaborate and expensive one. It will greatly expedite the handling of the ice and lessen the loss from melting in summer. The plant will be operated by a large gasoline engine and a shaft which will run the entire length of the icehouses.

B. of L. F. Annual Ball.

The B. of L. F. gave its usual annual ball at Lloyd's opera house last night and it completely eclipsed all of its predecessors. The ball was decorated with graceful festoons of bunting and flags. A number of pictures of the engines in use on the various districts of the Union Pacific were also used, very effectively, in the decorations. About seventy couples were in the grand march which was led by James R. Dowd and Miss Maggie Barker. The floor was in splendid condition for dancing and the music was excellent. The various committees which had the affair in charge were untiring in their efforts to make the evening a delightful one for their guests and consequently the dance was one of the pleasantest which has ever been given in North Platte. The lodge will clear a neat sum as the result of the dance.
