STAR CLOTHING HOUSE.

A young German by the name of Adolph Frontwick, who was attempting to steal a ride on train No. 6 Wednesday morning by clinging to the outside of the vestibule, was thrown off near Kimball by the rapid motion of the train and probably fatally injured. He fell on a barbed wire fence and was badly cut as well as bruised. He had a partner with him who attempted to ride on another car in the same manner but realizing his danger he pounded on the door and attracted the attention of conductor Mooney who rescued him from his precarious position. Frontwick's home is at Bloomfield.

Some person with burglarious intent is again abroad in the land. Chas. Ell's residence was entered Monday night for the second time within two weeks but the would-be burglar was probably disturbed shortly after he effected an entrance as there were evidences of a hasty flight and he took nothing with him. A piece of candle which he had been using was left lighted but fortunately was discovered before it did any damage. The same evening entrance was made to the Bangs residence but nothing was taken. The officers are using every possible means to apprehend the burglar, or burglars, but so far they have been unsuccessful.

A dozen couples of friends were entertained at high-five last night by Mr. and Mrs. F. E. Bullard in a manner that made the hours pass very pleasantly. The game was of the progressive nature, but no rewards for good playing were given. Following the games very nicely prepared refreshments were served.

An informal farewell party was tendered Miss Myrtle Frey at the Sherman home Wednesday evening. The evening was spent in playing games and enjoying music both instrumental and vocal. A delicious lunch was served during the latter part of the evening. Although the affair was purely informal it was productive of much enjoyment.

Dobbins Uncle Tom's Cabin Company will present that stirring drama at the opera house on Tuesday evening, January 30th. The New York Sun has the following to say of the Dobbins Company: "Never has such a perfect performance of Harriet Beecher Stowe's masterpiece been given in New York, as that rendered by the big double company which now occupies the boards at the Academy. The house is always filled, matinee and night, and though in the eighth week of their run there seems to be no indication of a falling off in business."

The board of education held a special meeting Tuesday night to consider several matters in connection with the bids for the construction of the new high school building. When the board fixed the amount of the contractor's bond at \$50,000 the members supposed that that was the amount required by law but their attorney's having informed them that so large a bond was unnecessary the amount was fixed at \$20,000. Arrangements were made to advertise for bids in Denver, Omaha and Lincoln papers.

The Separator Station.

Business at the separator station has shown a decided upward trend during the past few weeks. Last Monday 2700 pounds of milk were received. If those who have signified their intention of sending their milk to the station do so the receipts will pass the 3000 pound mark within a few days and then the company will begin paying rent for the station.

At present the station here is in operation Mondays, Wednesdays and Fridays. The process by which the butter fat is separated from the cream is a very interesting one and it is well worth a trip to the station on operating days to observe it. Superintendent Eves keeps everything around the station in excellent shape and is very accommodating about explaining the process of operating the station.

Samples are taken each day from the milk received at the station and twice a month tests are made to determine the exact percentage of butterfat which the milk contains. The milk received at this station is superior to that received at the majority of those operated by the Fremont Creamery Co., the tests showing that the average percent is four and two-tenths and some of the milk shows as high as five per cent.

When the station was first established here the farmers were rather backward about patronizing it, the majority of them thinking that they could make more out of their milk by working it up into butter themselves but at the present price the company is paying for butterfat, twenty cents, a large number of them have become convinced that it is more profitable to market their milk at the station.

Shooting Match.

At the pigeon shooting match held in the south part of town Tuesday afternoon the side which was captained by R. L. Graves shot 68 pigeons and the side captained by W. S. Dolson shot 64. The following is the score made by those shooting on Graves' side out of a possible ten birds: R. L. Graves ten, Alvin Pool ten, Fred Oumette ten, W. H. C. Woodhurst eight, C. M. Highsmith seven, Geo. Schatz six, C. H. Pool six, C. O. Wilcox six and Geo. Winkowitch five. The score made by Dolson's side is as follows: W. S. Dolson nine, G. L. Carter eight, Fred Sawyer seven, W. H. Ryan seven, Perry Sawyer seven, John Louergan eight, R. Starkey seven, John Federhoof seven and A. B. Yates four. The match attracted quite a large crowd of spectators.

The losing side tendered the winners a banquet at the Star restaurant in the evening. The banquet was a very elaborate affair and was well served. It was a very enjoyable occasion for all who participated. The toasts were full of wit and wisdom and provoked considerable merriment particularly when reference was made to Graves' and Schatz' fondness for Carter's dog. The winners were all decorated with blue ribbons. W. S. Dolson, who was the principal promoter of the match but who was unfortunately on the losing side, was decorated with a tin horse so that all the beholders might know that it was a "horse on him."

Safkin-Woolman Wedding.

Mr. Chas. H. Safkin and Miss Elizabeth Woolman were united in marriage Wednesday morning at eight o'clock at St. Patrick's church by Rev. Thos. F. Haley. Only relatives and a few intimate friends were present. The bride's costume was a beautiful white cashmere. She was attended by her sister, Miss Annie Woolman whose costume was a very pretty one of white mull. The groom, who was a member of the Cody Guards, wore his uniform. After the ceremony a wedding breakfast was served to the bridal party at the home of the bride's parents.

The bride is the daughter of Mr. and Mrs. Fred Woolman and is a most estimable young lady. The groom is a well known young man who is in the employ of the Union Pacific here.

McCarty Residence Burned.

The residence of V. E. McCarty was almost totally destroyed by fire Tuesday night. The origin of the fire is somewhat of a mystery as there was no one in the house at the time it started, the entire family being down at the depot as Mrs. McCarty and the children were going to take No. 4 for Cozad. Their theory however is that the drapery on the dresser must have taken fire from a lamp sitting underneath it and after smoldering for a time had broken out in flames which spread in the other draperies. The fire had gained so much headway before an alarm was sent in that it was impossible to save the house but the piano and a large part of the furniture in the front room was saved. The balance of the furniture, silverware and all of the family's clothing except what they were taking with them to Cozad were totally destroyed. The furniture was insured for \$1,000 and the house for \$500.

See what Happens!

Listen to a child story:

MARY:—"Did you say your prayers last night?"
ALICE:—"Yes."
MARY:—"Well, I didn't, and I'm not going to say 'em tonight! Not to-morrow night! Nor the next night! I'm going to stop now for five nights and if nothing happens to me, then I'm never going to say 'em any more."

This is the way children reason:— and some grown-up people, too! They are all right because "nothing happens!"

Now you probably drink coffee. How can we make you realize what you are losing in not trying

CHASE & SANBORN'S "High Grade" COFFEE.

Nothing happens to you if you don't use it! So it is hard to get you started.

But something happens if you once try a cup! You find the grocer delivers it in an imported, air-tight, parchment-lined bag. You wonder about this. But when you taste the coffee you get a hint. This coffee is only roasted on order; it is then hermetically sealed as it comes from the roaster; it is packed under the Chase & Sanborn Seal warranted trade-mark, and is guaranteed to be highest quality. Try it just once.
