Fame and Fortune for Bock

Saturday's edition of the Omaha Daily News contained cuts of Wm. E. Bock and Edward F. Cogley, the man who is associated with Will in the song writing business. Among other things the News says the following concerning the young men: "Mr. Cogley writes the happiest sort of simple verses, invariably marked by some touch of that sentiment which makes all the world kin or by some picture that calls forth tender memories. Mr. Bock's style of composition is rhythmic and swinging, yet possessed of an originality that lifts it above the commonplace. While publishers and friends are predicting a brilliant future for these two Omaha men, and it is recognized that a couple of popular songs in these days are equal to a small gold mine, Mr. Cogley and Mr. Bock are not losing their heads over the prospect. Each clings to the walk of life where fame has come to find him, and gives only his spare time to wooing the music." One of Bock & Cogley's compositions "A letter from Ohio" will be sung at the concert preceding the Baseball Club's dance at the opera house tomorrow night.

A number of the farmers in the vicinity of Arborville are erecting elevators on their farms to be used in handling corn which they feed each winter. The capacity of one man's elevator is 50,000 bushels.
