**NEIGHBORHOOD NEWS.**

The Union Pacific enriched the treasury of Dawson county last week to the extent of \$29,624.79, that being the amount of its taxes.

The farmers at Lexington, Cozad and Gothenburg are taking hold of the proposition to raise sugar beets very enthusiastically and there is now every indication that a large acreage will be planted in Dawson county, as well as in our own county.

The guests and employees of the Commercial hotel at Cozad woke up one morning last week to find the hotel minus a landlord, he having departed in the night without notifying anyone of his intentions. Quite a number of the employees are minus wages which had not been paid.

Gold has been discovered at Hartville, a vein of ore having been opened up which assayed at a good figure; five pounds of rock yielding sixty grains of gold. A large number of claims have been staked out. The town was already a lively place and with a gold fever on it will see a boom which hasn't been equaled in any town for some time.

Thos. Richards, a passenger on train No. 101 Thursday afternoon, met with a peculiar and painful accident at Sidney. He got off there to get a lunch and while he was eating the train started. In his hurry he boarded the smoking car and not recognizing his surroundings, thought he was on the wrong train and jumped off. As he jumped he struck the journal box and cut a gash in his head which necessitated a surgeon's attention.

A special car containing osteopaths from Kirkville went through Saturday. They were enroute to Santa Barbara where they are going to found an osteopathic institute.

Train No. 6 was bumped into in the Cheyenne yards yesterday morning by an engine which was being brought over from the round house. The man who was handling it seemed to be in considerable of a hurry and tried to cut in ahead of train No. 6 on the main line but unfortunately he miscalculated the distance and collided with the mail cars on the train. The collision did some damage and delayed the train for several hours.
