H. T. Club Meeting.

The H. T. Club met Saturday evening at the home of one of its members, Miss Adda Kocken. The meeting was rather more informal than the club meetings usually are and a wide range of topics was discussed. An interesting letter from the ex-president, Miss Frances Clayton, was read. It was decided to hold a reception for a number of friends of the club at Federhoo's hall, Thursday evening, February 22nd. Although the club members are all exceedingly intellectual they are not above enjoying the material things of this life and consequently they very heartily enjoyed a delicious lunch which was served during the latter part of the evening by Miss Kocken.

Looking for Witnesses.

Sheriff Johnson, of Julesburg, was in town yesterday looking after some witnesses to be used in a horse stealing case which is to be tried there this week. Herbert Morris and Leforest Libbey are under arrest for horse stealing but Morris seems to be the principle offender, Libbey having kept the horses on his ranch supposing that the deal whereby he became the owner of them was straight. Morris gave a North Platte boy who was working for Libbey at the time the stealing occurred, two horses for work he had preformed for him. The boy brought them down here and disposed of one of them, Fred Tobias finally purchasing it. It now transpires that both of the horses were stolen.

U. P. Ice Receipts.

Up to Saturday night over 900 cars of ice containing about 15,500 tons had been received and stored in the ice houses here. It is figured that it will take between 150 and 200 more cars to fill all of the houses. The work of storing the ice will have taken about six weeks when it is finally completed. There have been all sorts of difficulties to contend with in the work. Next year it is planned to put in a cable system at the lake whereby ten cars can be loaded in a very short space of time and this in connection with the elevators at the houses will greatly expedite the work of handling the ice. The crop which is now being harvested at Pawnee Lake is the finest ice that has been handled this year. It is about twelve inches thick and very clear. Sunday the wind blew water and sand on the ice and the cutting was stopped but it was resumed again this morning.

Morris Jones arrived from Red Oak Friday night and will remain here a week or ten days disposing of some of the horses belonging to the M. C. Keith estate. The horses which are not disposed of here will be shipped to Mr. Jones' farm near Red Oak to be disposed of at private sale.

The Hendry farm near Monroe was recently sold to a large seed growing firm to be used as a seed farm. It contains 400 acres and was sold for \$50 an acre, the highest price ever paid in Platte county for a large tract of land. It is expected that the new company will spend about \$50,000 per year in Columbus for labor, etc.

In the rear of the store we have a counter containing some goods that were slightly damaged by smoke in our recent fire which we are selling considerably below cost. Ask for the fire sale counter and get a great benefit on goods that are strictly first-class except that labels on cans and packages are slightly blackened by smoke.

BETWEEN THE RIVERS.

The blue rock shoot at Hershey last Friday was attended by a large crowd but only sixteen took part in the shooting. J. M. Dwyer and Everett Ware were chosen captains. At the end of the first round of five shots each, Dwyer's side was five points in the lead, but at the end of the second round of five shots each it was a tie with one man to shoot on Ware's side, who was his father who is about sixty-seven years of age. He took his gun and toed the mark and very easily broke two out of five putting Ware's side two points in the lead. The losers then invited the winners to the hotel where a bountiful oyster supper was in waiting and to which all present did ample justice. It was a jolly crowd and everything passed off as slick as a pin. The number of points made were as follows: Dwyer's side 25, and Ware's side 27. The following is the score of each participant: E. Ware 6, W. A. Loker 1, Ed Coker 3, H. B. Hungerford 6, H. Smith 2, Ed Ware 3, W. J. Shinkle 3, Wm. Ware 2, total 27. J. M. Dwyer 5, Mr. Claver 4, Bob Carpenter 3, Dr. Eves 2, D. Roberts 3, C. E. Spear 1, F. Ware 4, D. M. Leypoldt 3, total 25.

The following parties became members of the Hershey Woodman camp at a special meeting held last Thursday evening for that purpose: D. N. Leypoldt, D. B. White, W. F. Cordes, E. Edminston, Will Marquette.

N. Branson, of Grand Island, purchased a car of stock of Seeberger & Co. Saturday that he shipped to San Francisco, Cal.

Miss Maud Ware and Miss Garnett Nickelsen entertained a number of their young friends at Maud's home Friday evening, the event being their birth anniversary. Garnett was seven and Maud fourteen.

George Brownfield was surprised by a number of boys who arrived at his home on the 9th, it being his eleventh birthday.

Seeberger & Co. expect to ship a car of hogs west from Hershey today or tomorrow.

If the people of Nichols and vicinity don't get a skimming station this spring it will be their own fault.

E. Spitsnogle, W. R. Brooks and Geo. H. Hackney furnished the music for the dance at Sutherland Friday night of last week. The two former ones played the violins and the latter fingered the keys on the organ.

J. B. Toillion, jr. is critically ill with pneumonia at his home near Nichols. He is reported a little better at this writing. Dr. McCabe is the attending physician.

John Walters is still confined to the house by illness.

A few from Hershey and vicinity took in the dance at Sutherland last Friday evening.

Mrs. Wm. Eves returned from the county seat Friday evening.

O. H. Eyerly and Chris. Pearson are at this time patronizing the skimming station at North Platte.

A. A. Leister, of Hershey, is combining business with pleasure at Big Springs and other western points.

The man who patronizes home industries when he wants credit but as soon as he gets muddy and

previous to liquidating his home debt sends to or goes to some other place to purchase his goods is considered in general to be of no benefit to the community in which he resides.

Road Master Conner, J. K. Eshelman and Chris. Koch were among those who marketed hogs at Hershey Saturday.

M. McKellip is moving from the Delay farm over south to a Paxton farm in the valley near the O'Fallon school house.

Mrs. W. M. Evans has been at Paxton lately where her husband Rev. Evans, has been assisting in a series of meetings.

W. H. Hill, of Hershey, has returned from a business trip to Omaha.

Tecumseh has decided to tax all transient firms locating there to do business temporarily, thirty dollars for each month or fraction thereof.
