SHOE DEPARTMENT

We have opened a Shoe Department in which we have a full line of

C.M. Henderson & Co's

FAMOUS

LITTLE RED SCHOOL HOUSE SHOE.

as well as a full line of Ladies' Mens', Boys' and Infants' Shoes. In putting in this department it has not been our aim to see how cheap a shoe we could sell you but how good. We have not put a shoe in stock that we cannot recommend the wear of.

Goods marked in plain figures and sold at one price for cash only.

TUESDAY, FEB. 13, 1900.

See Gay Coney Island at Lloyd's Thursday evening.

E. W. Crane, who had been spending several days here visiting with his family, returned to his labors at Lincoln this morning.

Mrs. E. W. Murphy went to Denver last evening to spend a few weeks for the benefit of her health.

A number of our local sports held a shooting contest in the southern part of town Sunday afternoon. The scores made were very good.

The ladies interested in organizing an auxiliary of the O. R. C. are requested to meet with Mrs. Geo. Smith on West Front street, Thursday, Feb. 15th, at two p. m.

F. H. Edmonds went to Maxwell on business this morning.

M. C. Harrington will go to Rawlins tonight to look after some hay contracts.

Gay Coney Island, a laugh producer, at the opera house Thursday evening.

Mrs. Ed. Rebhausen went up to Sidney yesterday afternoon to visit her husband who is watching in the yards there.

Rev. Luther M. Kuhns, the president of the Nebraska synod, spent last evening in town and preached at the Lutheran church.

James M. Ray, Lawyer.

V. E. McCarty went to Cozad last night to join his wife. They expect to go from there to Omaha to purchase some new household goods.

Mr. and Mrs. Jas. B. Scanlan and Mr. and Mrs. L. H. Woodmansee and son spent last evening in Julesburg, returning on train No. 104 with Archdeacon Webber who spent the night here and went east on train No. 6.

Next Saturday is the last day upon which the board of education will receive bids for the construction of the new school building. It is quite probable that they will receive bids from a number of places as several out-of-town contractors have been here looking at the plans and making estimates.

A supper for the benefit of the G. A. R. will be served in the Harrington & Tobin building, one door north of McCabe's drug store, Tuesday evening, February 20th, beginning at half past five. The following is the menu: Cold meats, escalloped oysters, baked beans and brown bread, potato chips, pickles, slaw, cranberries, cake and coffee. The price of the supper will be only twenty-five cents.

The local chapter of the Eastern Star has been invited to exemplify the ritual work of the order at the grand chapter which will be held at Hastings in May. The invitation will probably be accepted.

We have some fine bulls for sale. LOVELAND & BEER.

The receipts of milk at the separator station Monday amounted to 4,092 pounds, 500 pounds more than in any previous day. Every operating day day sees an increase in customers and consequently an increase in the receipts. People are beginning to realize that it is an excellent institution and are lending it their support.

There are twenty-two fun makers in the Gay Coney Island Co.

Several North Platte people are figuring on a trip to Paris during the coming summer. The only drawback so far is the limited amount of French at their disposal which causes them to fear that the smooth Frenchmen will take advantage of them. Classes for the study of French will probably be organized in the near future and it will be nothing uncommon to see some of our leading business men and school ma'ams walking along the streets industriously conning French grammars, etc.

FOR SALE.

JOHN BRATT & Co.

Railroad Notes.

Tony Jeffers is acting as extra engine crew caller.

Engine No. 1403 is in the shops for light repairs.

P. A. Norton and Sanford Hartman will go to Omaha tomorrow night to appear as witnesses in a railroad investigation case.

H. D. Luse is acting as round house foreman while O. V. Morrison is off duty on account of the illness of his child.

Supt. Park recently had a number of views of Pawnee Lake taken. Judging from them it is only a trifle smaller than the Gulf of Mexico.

S. C. Mecomber has gone to Omaha to attend the meetings of the grievance committee of the O. R. C. which is going to take up some special cases with the officials Thursday.

The new 60-horse-power gasoline engine recently brought here by the Union Pacific to furnish power for its icing plant has been in operation for several days and works like a charm. The engine has all of the latest improved appliances and is quite an artistic piece of workmanship from a mechanical point of view. The shafting is not all in place yet so the elevator is not being used and probably won't be used on the work of finishing the filling of the houses. The elevator is quite an interesting piece of mechanism which handles the cakes of ice upon very much the same principle that an enormous hand would. When the machinery is all in place the ice can be handled by means of the elevator in a very much briefer space of time than by the old method. The labor of icing trains will be very much lessened.

You can get six spools of Clark's or Coat's thread for 25c at The Fair Store.

The board of county commissioners convened yesterday morning and will be in session all week.

Gay Coney Island is a musical farce-comedy that was written for purpose of making people laugh—and it does.

Miss Cassie Owens went to Cheyenne last night to visit relatives.
