It is well known that for the last quarter of a century M. C. Keith has been buying and breeding some of the very best bloodlines in both horses and cattle, which could be secured in the United States. With his keen instinct and game judgment, no animal was too good or high priced for his Pawnee Ranch, and the records of Paddy, 2:11 1/4; Edith Wilks 2:13 1/4; Jessie Wilks 2:22 1/2; Keith's Darknight 2:26 1/2, and others which were developed, shows that he thoroughly understood the breeding business. Undoubtedly there are many others equally as fast and some faster, if trained and developed, and will be worth ten times the price asked for them now. The estate will sell them as they are, and if you want great bargains in good horses, call at once on

## A Virginia Mother

says she used five bottles of Mother's Friend, beginning six months before confinement. She felt perfectly well up to a few hours before the baby was born, and was in labor less than two hours. She had no morning sickness, no headache, no distressing tightness, no swollen or rising breasts. Her baby was strong and the picture of health.

Mother's Friend is the only remedy known which relieves the expectant mothers. It is a liniment to be applied externally. Nothing but harm can come from taking medicine internally at such times. All internal preparations said to relieve coming mothers are not only humbugs, but positively dangerous.

Mother's Friend costs \$1 a bottle at druggists, or you can send to The Bradford Register Co., Buffalo, Can.
