Col. Cody, his daughter Irma and a number of friends enjoyed a rabbit hunt in the vicinity of Lampugh's lake Wednesday. As a number of the party were amateurs there was more sport than rabbits as a result of the chase. As there are quite a number of good hounds owned here, rabbit and coyote chases are gaining a good many enthusiastic devotees.

Each member of the boy's club of the Church of Our Saviour is the possessor of a very unique pair of link cuff buttons. They are made of buttons taken from the clothes of captured Spanish prisoners and bars made of the iron cable which was on the battleship Maine. John Baker was the thoughtful donor of these unique souvenirs. The boys prize them very highly.

Young Men's Suits.

We give extra care and attention to this line because of the increasing demand every season for long pants suits in ages from 12 to 20 years old. We never have any trouble in pleasing a customer when he looks at our stock in this department. Customers are very seldom satisfied because the majority of firms carry but a small line and very few patterns that are desirable, deeming this an unimportant part of their line.

We have always a great variety and can satisfy you fully throughout the year in the choice selection of patterns.

These suits are made with the same care and style equal to the men's suits. Young men and boys of this age are very particular, and in buying these sizes from us you are sure to get the correct styles and the dependable goods. Our stock covers low priced and medium grade as well as better quality, and we guarantee the low price and medium grade to be equal to the best goods in every particular. Whatever is the most desirable and the best that talent can procure to put the suit together to make it resist wear and tear is utilized, and the perfect boys' suit we sell clearly shows the result.

The question of the new Masonic building came up for discussion in the meetings which were held this week both of the Blue Lodge and Chapter. The committee which was appointed to make a report on the best method of arranging the necessary financial preliminaries rendered its report. A plan was formulated whereby a building which will be first class in every respect will be erected and the necessary business in connection with it will be handled in a less cumbersome manner than if all things in connection with the building had to be acted upon by each Masonic body. The plan will probably be adopted. Everything in connection with the proposed building is being handled in a very careful and conservative manner in order that there may be no opportunity for future trouble.
