The Methodist ladies will hold their annual fair in Lloyd's opera house April 20th. Remember the date.

A petition is being circulated having in view the nomination of A. F. Streit for city treasurer. It is receiving many signatures.

The latest ideas in the millinery art will be ready for inspection in a few days at the Fair.

Wm. H. Turpie, Sr., arrived from Columbus yesterday afternoon and will spend a short time here looking after the Turpie property interests.

O. L. Sparling has disposed of his saloon to James Daly. The new proprietor will take formal possession on May 1st. At present he is assisting Mr. Sparling.

McCULLOUGH & CARTER.

We have been informed that there is some doubt as to whether the funds now remaining in the hands of Receiver Doolittle will be disbursed as a final dividend to the creditors of the trust or as a rebate to the stockholders who have paid their assessments, the comptroller being of the opinion that there is a possibility of finding that the assessment was excessive. The matter will probably be determined within the course of the next few weeks.

Mr. and Mrs. F. L. Mooney entertained a few friends last evening. The affair was quite informal but thoroughly delightful. Several of those who were present were musicians and they furnished a musical treat for the others. Part of the evening was devoted to playing games. Refreshments were served just before midnight. The guests were Mr. and Mrs. J. C. Orr, Mr. and Mrs. E. R. Plumer, Mrs. W. C. Reynolds, the Misses Lowe, Heywood, Babbitt, Myrtle and Mame Fink and Messrs. Scharmann and Byers and Everett Fink.

Round and Half Round Stock Tanks, all sizes, for sale by Jos. Hershey.

The new quarters of the Commercial Club were formally opened last evening, nearly all members being present. A short business session was held, after which light refreshments were served and an hour spent in smoking and chatting. The membership of the club is getting close to the 100 mark. A janitor has been employed and the rooms will be open from 9 a. m. to 11 p. m. for the use of members. Thursday evening of each week is devoted to business meetings and to these meetings citizens generally whether members of the club or not, are invited.

Notice.

Everyone should hear Max Bendix at Lloyd's opera house Saturday, March 24. Admission 50 and 35 cents.

Tickets to the Bendix concert at the Council Bluffs, Iowa, on the 21st sold for \$1.00.

Mr. and Mrs. R. C. Langford, who are visiting in Corning, Iowa, are expected home in a few days.

W. B. Millard went to Omaha last night. He will return here in about a week and then go to Butte.

L. C. Newport returned yesterday from Maywood where he had been disposing of cattle. He left today for Potter with a car load which he expects to sell there.

After the regular meeting of Signet Chapter No. 55 O. E. S. last night refreshments were served and the remainder of the evening was spent in social enjoyment.

Chicago weather forecast for North Platte and vicinity: Partly cloudy with possibly showers Saturday. The minimum temperature this morning was 36°; a year ago it was 23°. The maximum temperature yesterday was 70°; one year ago it was 40°.

The action of the board of education in employing Perry Sitton as superintendent of construction of the new school building is to be commended. Mr. Sitton's fitness for the position is unquestioned—he will see that the building is erected according to specifications in every detail.

F. L. Disbro, who was recently released from jail after having served a sentence for petit larceny, was arrested yesterday and brought before Judge Baldwin charged with having stolen a harness from J. C. Fogg last November. He pleaded not guilty and the case was continued until April 2d. He gave bonds in the sum of fifty dollars for his appearance on that date.

Some question has arisen as to who the judges and clerks of election at the coming municipal election will be. The statute provides that the judges and clerks appointed by the county judge in November shall serve at every election held within a year from their appointment. The following are the judges and clerks for this year: First ward—judges, Fred Elliott, Sr., Gus Hesse, and Syl Friend; clerks, Chas. Seyferth and Will Fikes. Second ward—judges, B. Buchanan, T. C. Patterson and Jas. M. Cotton; clerks, Ray Langford and Albert Muldoon. Third ward—judges, H. O. Evans, Levi Duke, and W. A. Gregg; clerks, H. Doeblke and W. H. Gould.

HE POOLED THE SURGEONS
All doctors told Renick Hamilton, of West Jefferson, O., after suffering 18 months from rectal fistula, he would die unless a costly operation was performed; but he cured himself with Bucklen's Arnica Salve, the best in the world Surest Pile Cure on earth. 25c a box at Streit's drug store.

Eight Big Loaves!

—that's your PROFIT!
—that's your GAIN!

where Sleepy Eye Flour is used.

It has been demonstrated time after time—proven conclusively—that Sleepy Eye Flour makes from eight to ten loaves of bread more to the sack than other flours. That's quite a saving, and it will do it, too. A trial sack convinces; then trial users become steady customers.

School Board Meeting.

An adjourned meeting of the school board was held at the superintendent's office last night. The first subject which came up for discussion was the disposition of the present high school building. It was finally decided to advertise for bids as it stands—the purchaser to remove it and also for bids for tearing it down—the work to be done according to specifications which can be obtained from the secretary. If the building is torn down and still remains the property of the school district the material will be sorted, graded and piled on the grounds and the contractor will be asked to bid upon the material.

Bids for the construction of the new building will be advertised for at once and they will be received until noon of April 17th. The building is to be completed by October 15th. The successful contractor will be required to furnish a bond in the sum of \$15,000 in some reliable bond company. Perry Sitton was unanimously elected superintendent of construction of the new building. The new plans submitted by architect Grant were accepted by the board as they seem to be perfect in detail.

The millinery department at the Fair Store will be in charge of Miss Marie Townsend, of Chicago, this season.

John Thim, who had been railroading on the Fifth district of the Union Pacific for twenty years, dropped dead on the streets of Cheyenne Wednesday. His death was due to apoplexy. He had been discharged from the service of the road a short time before for failure to make out his reports.

Railroad Notes.

Engine No. 687 which has been receiving an overhauling will be turned out of the shops in a few days.

W. A. Whitney, chief dispatcher at Grand Island, spent Wednesday in town visiting. He will probably sever his connection with the Union Pacific and leave for California about April 1st.

Foreman Fries, who has been here for the past seven months superintending the improvements which have been made in the Union Pacific property expects to return to his home in Omaha in a short time.

Engine No. 1710, which has been in the shops for general repairs will be turned out in a few days. It has been given a straight stack and an extension front, the experiment of putting on a straight stack without the extension front not having been altogether a success.

The entire force of men that has been employed on the icehouse work this winter was laid off Wednesday, the work having been completed. The minor repairs which are to be made at the round house and other places will be made by Wagner's men. Most of the laborers, who have been employed on this work will soon go to work on the grade.

M. J. Brown, G. E. Stearns, A. King, E. H. Yates, R. A. Garman, A. S. Coates, C. M. Guerin, H. N. Getty, W. S. Hoover, H. C. Hupfer, A. Parr and O. E. Hostetter, extra firemen, have been placed on the suspended list. Several of them

expect to leave for the west in the near future and look up work there. This reduction was made because the list of extra firemen was so large that none of them were making much more than a trip a month.

A train of fifty six loads—thirty one cars of oranges, seventeen cars of cattle, five cars of cabbage and three cars of tea, came down from Cheyenne Wednesday afternoon in seven hours and forty-two minutes, this includes a thirty minute stop on account of hot boxes and stops at Sidney and Julesburg. The actual running time was six hours and twenty-one minutes. On the Fourth district the train made No. 4's time and would have done better had it not been for the hot boxes. The man who was shipping the cattle was rather inclined to kick when he saw them hitched to a train which already had thirty nine loads but by the time he reached here he concluded that he was going fast enough. Engine No. 1504 on the Fourth district and Engine No. 1706 on the Third displaced the train.

O. H. Swingley, the deputy U. P. tax commissioner, is in town today. He is of the opinion that the differences between the county and the company concerning the payment of the latter's back taxes will be settled by a friendly suit in the federal court.
