SIXTEENTH YEAR.

NORTH PLATTE, NEBRASKA, FRIDAY, APRIL 13, 1900.

NO. 23.

That Sample Sack

of SLEEPY EYE Flour

When do you intend to try it?

You surely know the way this flour is sold: satisfaction in every sack, without a compromise—your money back if otherwise.

It makes more loaves of Perfect Bread to the sack than any other flour, and

Fifty pounds cost \$1.15 at

RUSH & MURRAY'S.

HAIL TO SPRING!

Look to your lawns, gardens and fields! The implements of agriculture and horticulture are all shown in our stock. If it's a tool for the farmer, gardener or florist, we have it. Thrifty buyers confine their purchases to good things. Buy of us in order to do the best you can for yourself.

JOS. HERSHEY.

THE QUESTION is often asked, What Paint shall we use?
THE ANSWER: If you are looking for covering capacity, wearing qualities, general appearance, and your money's worth, you must buy

THE SHERWIN-WILLIAMS PAINT.

Thomas Shaw Adjudged Insane.

Thos. B. Shaw was before the insanity board yesterday and was adjudged insane. He will be sent to the asylum at Norfolk as soon as arrangements can be made. Shaw was sent to the asylum once before but he managed to escape. He came home and seemed to be so very well-behaved that his mother requested the authorities to allow him to remain at home, but about a month ago he grew very violent again and Sheriff Kehler deemed it wise to lock him up.

The Devil's Auction

This play was presented at the opera house Tuesday evening to a rather small audience, due to holy week and also to an anticipation that the play would be "raw." The latter surmise was incorrect. Of course the garments of the score of girls were abbreviated and bifurcated, but such are noticeable these days in almost every farce or comedy put on the stage. The play is free from vulgar slang and the specialties presented were excellent. Lack of room on the stage prevented the company from using very much of the scenery which it carries.

Turkistan Alfalfa Seed.

Supt. Park has received from Congressman Neville a pound of Turkistan alfalfa seed which he will plant on his farm this season to see how it adapts itself to this country. In appearance it does not materially differ from the ordinary alfalfa except that the leaf is rather furry and its value as fodder is about equal, but it will grow in the driest kind of a climate where the ordinary alfalfa cannot be made to live at all. It grows on the tablelands in Turkistan and is so highly valued by the natives that they only consented to let a representative of the United States government who was sent after some seed, have a very small amount. The government is planting the seed on its experiment farms with a view of increasing the amount so that small quantities may be distributed next year.

"Girl From Chili."

W. L. Roberts' farce, "The Girl From Chili," as presented by Joseph Muller's comedians, is a success. The houses at the Victory have been large and appreciative, and the company will leave San Jose well satisfied with the treatment accorded. It requires talented people to properly set forth the many good points of the farce, and they are found in Muller's company. E. J. Blunkall as Robert Lighthouse and Frank Bacon, the old San Josean, as Homer Doomsby, had congenial parts and created no end of fun by their acting. The play abounds in comical situations, and in bringing out all the mirth-provoking points Messrs. Bacon and Blunkall were ably assisted by that reliable actor, Russell Bassett, whose reputation is a national one; Master Gus Tate, formerly of Hoyt's companies, and Harry Laugham and James Whitesides. As the "Girl From Chili," Miss Edna Ellsmere was simply charming, while Miss May Courtney as Harrietta Tattersall left nothing to be desired. These actresses possess the three great requisites of success, youth, beauty and talent. Miss Carmelita Yost in the character part of Primrose made a decided hit, and Miss Mae Baxley, as Helen, drew all that was possible out of a small part. The performance was made additionally satisfactory by musical specialties, equal to the best ever seen in this city, by Master Tate and Misses Courtney and Ellsmere. These specialties alone were worth the price of admission.—San Jose, (Cal) Mercury.

The Grand Island summer school already has applications from over a hundred students. It will be held at the Grand Island college. At the first meeting of the new council at Kearney, as the town went "wet" at the election, the amount of the license was fixed at \$1000. It is said that eight saloons will open up as soon as they can obtain licenses.

BETWEEN THE RIVERS.

Tyler Hollingsworth and E. C. Thompson are still on the sick list, and section foreman Erickson has two other men filling their places. N. B. Spurrier and several men are putting down a well and pump and erecting a windmill on the Farr land which he will use for pasture the coming season. Vic Loker was ordered to Lodge Pole Tuesday to take charge of the section during the illness of the foreman. S. L. Funkhouser has contracted to plow and put in shape for beet planting sixty acres of ground just west of Hershey.

H. Newberry and son John have returned from McPherson county. We understand S. H. Phenice is laid up with rheumatism. The American Beet Sugar Co. is making arrangements to receive the Russian colony which will cultivate the beet fields at Hershey. Four hunters came up from North Platte Tuesday and succeeded in bagging a few ducks on a south side slough. Seeberger & Co. shipped two cars of corn this week from Hershey to the western market.

Remember the republican primary at the Hershey school house Saturday evening at eight o'clock. Mr. and Mrs. Geo. Sullivan are said to be convalescing.

The cold damp weather this week was instrumental in freezing out the grasshoppers. The depot at Hershey was "tapped" to the extent of about seven dollars on Tuesday night. A young man of that place was suspected and when accused of the theft admitted his guilt. Agent Spear reported the affair at headquarters, but nothing has been done about the matter as yet.

DICKENS DOINGS.

Mrs. Broderick and family of Omaha arrived Friday. Mr. Broderick came here about six weeks ago and has built a large frame house on his place south of town. They formerly lived here in the eighties and are well known over this part of the county. S. J. Dowell was visiting in Wallace the early part of the week. J. M. Fristo shipped a car of hogs to South Omaha one day last week.

Mrs. Elmer Stagner, of Edgar, Neb., arrived Saturday and will visit with Mr. and Mrs. Stratton for a few days.

The young men of Dickens and vicinity are talking of organizing a band. There will be a hot time in Dickens if they do.

D. Joliff and A. Latimer were in Wallace Saturday on business.

L. Wolfe moved the George Turner property from Dickens a few days ago to the latter's place east of town.

Mr. Nelson, who is the proprietor of a large cattle ranch north of here, left Tuesday morning for his home near Curtis where he will visit for a few days.

C. H. Bailey, J. D. Bailey and Mr. Guire commenced working on the section here the first of April. They concluded that it didn't pay to farm in the sandhills so they thought they would try something easier.

READY NEWS.

A. W. Mathewson has placed a fence around the three lots opposite the house occupied by Mr. Worrell and will improve them by planting trees.

The lumber yard is being improved to the extent of a shed for lumber and implements.

Will George has returned from Wyoming and is permanently located with his father.

The Epworth League will give a social this (Friday) evening at the home of H. Cover.

Chas. Brown has bills up advertising a sale of his stock and farm implements to be held Friday, April 13th.

There was considerable water fell during the two days of rain here and it places the ground in excellent condition.

The pile driver left Monday after being here some time working around the scales being put in for the elevator company.

Mr. Snyder gave a series of inter-

Wilcox Department Store.

esting lectures commencing Friday and continuing until Tuesday. Some of the lectures were illustrated with stereopticon views. These latter proved to be a drawing card, and the house was quite well filled all of the time.

The Easter entertainment will be given Sunday in the church.

P. Waterbury has been improving his place by fencing in the lots south of his residence and preparing to make use of them.

Mrs. Maude Murphy drove to North Platte Saturday to visit her sister and returned Sunday.

The milk receipts at the skimming station Wednesday were a little over a thousand pounds.

If Brady had telephone connections with North Platte it would be a saving to its residents many times. We now have telephone connections with the east to almost any distance and it will be only a question of time when a line will be put in to the west.

As a Tonic

much needed in spring, Schlitz's Pilsener Extra Fine Lager, specially bottled, is highly beneficial. Its purity and strength giving qualities make it unequalled for family use. Thousands who have felt its invigorating power would not dream of going without it. There is really no acceptable substitute for this beer. That fact is undisputable, and is widely believed and acted upon. Delivered on order at \$3.50 per case.

EDISON'S PHONOGRAPH

Better than a Piano, Organ, or Music Box, for it sings and talks as well as plays, and don't cost as much. It reproduces the music of any instrument—band or orchestra—tells stories and sings—the old familiar hymns as well as the popular songs—it is always ready. Price, \$7.50 to \$100.00. See that Mr. Edison's signature is on every mechanical catalogue of all dealers. NATIONAL PHONOGRAPH CO., 135 Fifth Ave., New York.
