IRA L BARE, EDITOR AND PROPRIETOR

SUBSCRIPTION BATES. Entered at the North Platte (Nebraska) postoffice a soond-class matter.

THE republicans of the state are in many years. With the feeling of confidence inspired by the ticket republicans will go into the campaign with unusual vigor.

HAVING been given the best the state convention had at its command, Rosewater should "ring off" on Thurston and devote his energy to helping carry Nebraska for Mc-Kinley. The vote received by Thurston as compared with that all the "vindication" that the latter needs.

THE advance guard of the delegates to the populist national convention are now assembling at Siouix Falls, and the nominations will probably be made Friday. It is conceded that Bryan will be nominated for president, but the vice-presidential nominee is likely to be named only after a hard fight. For the latter office the candidates are Taylor, of Illinois, Sulzer of New York and Towne of Minne-

FURNAS COUNTY, about eighty miles southeast of us, was visited by a very destructive wind and hail storm Saturday evening. Some of the harl which fell measured nine inches in circumference and thousands of window lights were broken and shingles were broken into splinters. The wind destroyed a large number of houses, barns, and one church, and a number of people were injured. Considerable stock was also killed.

WHILE the eastern democrats are formulating plans to shut out the sacred ratio of 16 to 1 in the coming Kansas City platform, John P. Altgeld says the very moment Bryan consents to modify the Chicago platform in any particular he will be a dead duck. And and eastern democrats are divided | time popularity here. and it is questionable if any compromise which will be satisfactory her home in Fremont after spending to both can be effected.

By means of a copious extract from the scriptures Mr. Bert Hitch- Stock Tanks, all sizes, for cock, of the Omaha World-Herald, sale by Jos. Hershey. makes out a case in which the republicans are the Pharisees of the boasting of their good deeds, while the pops are the publican who went out into a corner and smote himself on the breast and cried "God be merciful to me a sinner." If the pops are at last convicted of sin, there is hope for them of course, but the comparison will doubtless look odious to most of them when they read it in the World-Herald .-Journal.

MUCH stress is laid upon the fact that New York swings like a pendulum in national campaigns, and that it's the democracy's turn this year. New York went republican for Lincoln in 1864; democratic for Seymour in 1868, republican for Grant in 1872, democratic for Tilden 1880, democratic for Cleveland in 1884, republican for Harrison in 1888, democratic for Cleveland in 1892 and republican for McKinley in 1896. The record of the pendulum points to Bryan in New York this year, but that is about the only sign that he will carry that state.

THE local fusionists are said to be in a quandary as to who to nominate for county attorney. Mr. Muldoon seems to be first choice of all, but it is understood he does not want the office. Edmonds and Grant are seeking the nomination, but neither are satisfactory to the leaders, who are inclined to believe they are not strong candidates. Both are democrats and this also is objectionable to a number of populists who want the nominee to be of their particular stripe. Parsons is also said to be a candidate for the nomination. but as he was defeated two years ago, the leaders do not consider it policy to nominate him again.

THE principal grand stand play on July Fourth will be the oratory on the Declaration of Independence at Kansas City. The democratic party will claim a monopoly on the Declaration of Independence and consecrate itself, giving at the same time the warning that the country will fall if the Nebraskan is not elected. Four years ago this country was going to fall if the Declaration of Independence was not adhered to and this country would not coin the "money of the a unit in the expression that the constitution" without waiting for state ticket nominated last week the aid or consent of any other is the strongest that has been made nation. The cry was recognized as the usual democratic bluff and the people heeded it not. And today they are congratulating themselves over the result. What hope is there that the bluff will go this time?-Grand Island Independent.

Physicians and friends could give little relief or encouragement to one afflicted with this terrible disease. Even now doctors know of no remedy for this fearful malady; while admitting it to be a blood disease, they still insist that there is no hope outside of a surgical operation, and advise you to have the Cancer cut out, but at the same time cannot assure you that it will not return. You may cut or draw out the sore, but another will come in its place, for the disease is in the blood—is deep-seated and destructive, and beyond the reach of the surgeon's knife or caustic, flesh-destroying plasters. The blood must be purified and strengthened, the system relieved of all poisonous, effete matter before the Cancer sore will heal.

S. S. S. is the only medicine that can overcome this powerful and contaminating poison and force it out of the blood. It builds up and invigorates the old, and supplies new, rich, life-giving blood. S. S. S. is a purely vegetable remedy; no mineral can be found in it; the roots and herbs from which it is made contain powerful purifying properties that act directly upon the blood system and make a safe and permanent cure of Cancer. It has cured thousands, why not you?

Cancer is not always inherited; your family may be free from any taint, yet your blood may become so polluted that a severe

If you have an obstinate sore, don't rely upon salves or ointments to cure it—begin with S. S. S. at once; it will cleanse your blood and prevent the formation of cancerous cells.

Mrs. R. Shirer, La Plata, Mo., writes: "A small pimple came on my jaw about one inch below the ear on the left side of my face. At first it gave me no trouble, and I did not think it was anything serious until the jaw began to swell and became much inflamed. At the same time the sore began to spread and eat into the flesh, and gave me intense pain. I tried everything I could hear of, but nothing did me any good. I then began the use of S. S. S., and after taking several bottles the Cancer healed, and there is now no sign of the disease. This was two years ago, and I am still enjoying perfect health."
