HIGH AND MEDIUM GRADE FLOUR  
BRAN AND CHOP FEED.

Order by telephone from Newton's Book Store.

### Discuss a Street Fair.

At the meeting of the Commercial Club last evening, considerable time was given to a discussion of the advisability of holding a street fair in this city the latter part of August or the early part of September. Several members present had attended street fairs in different sections of the country and gave the meeting the benefit of their observations. Every business man present felt favorable inclined toward the project, and some were very enthusiastic.

In order to obtain information on which to reach a definite conclusion as to whether such a fair should be held, the meeting suggested that the board of directors appoint a committee of five to fully investigate the matter and make a report at the earliest possible date. At a subsequent meeting of the board the following were named as such committee: E. B. Warner, chairman, W. A. Vollmer, Max Kirschbaum, Geo. M. Graham and Geo. T. Field, with W. H. C. Woodhurst as an advisory member. This committee will at once begin to make the necessary investigations, and if necessary will send a member to Hastings and Lexington, where street fairs were held last year, and will probably make a report to the club at the regular meeting next Monday evening.

The consensus of opinion seems to be that if a fair is held it should be a good one; that it should be of such magnitude as to attract the attendance of people within a radius of fifty or seventy-five miles of North Platte. If the report of the committee is satisfactory, the Club will at once begin preparations and push the enterprise to a successful end.

### Water Plant at Cemetery.

The cemetery association closed a contract Saturday for a water plant at the cemetery. It will consist of a ten-foot wind-mill, a ten thousand gallon tank and twenty-five hundred feet of pipe. The tank will be placed at such an elevation as to give a pressure of about forty-five pounds. The water main will encircle the cemetery and will be laid about a foot below the surface. At intervals of fifty feet hose bibs will be attached to the main, and by means of these fifty-foot hose will reach any lot in the cemetery. The material has been ordered, and in about two weeks the plant will be in operation.

Lot owners will be glad to learn of this much needed improvement, as they will now have an opportunity to keep the lots in neat order, a condition that has been practically impossible in the past. The cemetery, which has been barren and unsightly can now be made to look trim and presentable. We commend the association for the step it has taken.

The supreme court has gone on record as stating that Admiral Dewey and his sailors are men of valor and that the battle of Manila bay was one of the century's bravest feats of arms. At the same time the court cuts in half the prize money so long sought by the heroes, so that the admiral will get only \$10,000 instead of \$20,000 and his men will suffer in like proportions. Words of praise coming from so distinguished a source as the supreme court must be sweet indeed, but it is safe to say that the admiral and his jacksies will think them about the bitterest sweetness which they ever tasted.—Chicago News.

Last month was the warmest May we have had since 1886, the average being sixty-three degrees. The rainfall was only nine-tenths of an inch, while in May, 1899, the fall was a little over three and one-half inches, and over four inches in May, 1898. It was therefore not only a dry but a hot month, and yet vegetation forged ahead rapidly.

### Mortgage Record.

The mortgage record in the county clerk's office show the following transaction for the month of May: Farm mortgages filed, \$2,000.00; satisfied, 5,884.65. Town mortgages filed, 6,990.00; satisfied, 3,699.30. Chattel mortgages filed, 48,806.42; satisfied, 103,493.45.

### BETWEEN THE RIVERS.

The colony of Russians that was recently sent from Hastings to Hershey to cultivate sugar beets, are busy at that work.

C. W. Keyes and family departed one day last week by team for Fayette, Idaho, where they will locate. He was one of the first settlers in the valley and is therefore missed as well as his family by hosts of true friends.

A sister from Wood River and a brother from the west are visiting R. W. Calhoun and family at Nichols.

The Hershey Woodmen and families indulged in an ice cream festival in the hall at that place at their regular meeting last Saturday evening.

A young man by the name of Linstrom, of Julesburg, is operating the cream separator at Nichols at the present time.

Mr. and Mrs. R. W. Calhoun, of Nichols, are rejoicing over the arrival of a new son at their home.

An electric belt and patent medicine company is giving the citizens of Hershey and vicinity a song and dance this week.

Mrs. Terry, of Hershey, received a draft from the North British and Mercantile Insurance Company, of Chicago, in full for the amount of insurance agreed to on her hotel that recently burned at Hershey.

E. F. Seeberger now occupies the old canal company's new residence at Hershey.

The Nichols cream separator station started up on Friday last week with 1,412 pounds of milk and is in operation every day with an increase of milk.

Ben Layton and Will Frances spent last Friday night with Mr. and Mrs. Geo. E. Sullivan while on their way to their former home at Brady Island by team from Idaho.

C. S. Trovillo was badly bruised by being thrown from a wagon at the Nichols separator station a few days ago, but is doing nicely at this time. No bones were broken. Mahlon Goodwin, of Belvidere, Neb., is now at work on the section at Hershey.

V. M. Loker of Hershey, who has had charge of the Lodge Pole section for the past two months, has recently been assigned the one at Archer, just east of Cheyenne, where he moved with his family the last of last week.

We understand that a man by the name of Johnson over on the south side will soon start a milk route on that side for the Nichols separator.

Rev. Evans, of Hershey, census enumerator for this district began his work in that line on Friday, June 1st.

The hail that prevailed last Thursday evening with the wind and rain at the same time, did considerable damage to garden truck.

Henry Hollingsworth is at the present time handling a shovel on the Nichols section with Foreman Erickson's crew.

Ed Ware and family departed by team for Minnesota last week, where they expect to reside in the future. Many friends regret their departure and wish them happiness and prosperity in their new home.

N. B. Spurrier recently returned from Omaha where he accompanied a car of hogs and one of cattle of his own feeding, with the exception of a few of the hogs, which he purchased to fill out his car.

J. C. Hollingsworth and family, formerly of the county seat, are living in a residence on an old canal farm just north of Nichols.

Wm. H. Sullivan informed us the first of this week that grasshoppers were taking his early potatoes about as fast as they came out of the ground.

All those who attended the "old maids" convention at Hershey Wednesday evening are high in their praise of the same and had lots of fun over it.

J. W. Hiles, living near Gothenburg, has 200 acres of rye which, if nothing out of the ordinary happens, will average forty bushels to the acre. It is now fully in head. At forty cents a bushel he will make enough in one year to pay for the land on which the rye is grown.

### A FARMING GROUP...

"The Balloon,"  
(Painted by Julien Dupres)  
A Most Beautiful Picture for the Home.

This is reproduced in colors, 22x30 inches, in a marvelous oil painting oil on canvas. You could not buy one for \$2.00. We bought them in ten thousand lots, so can offer it mailed in a tube, postpaid, with a three month trial subscription to THE WEEKLY BEE FOR 25 CENTS.  
The Bee Publishing Co., 2078 Farnam St., Omaha.

### This Masterpiece

represents a family of peasants in the harvest field. It is noonday—not a breath of air is stirring and away off in the distance where the villagers are holding their country fair a balloon hangs in the sky. They gaze in mute astonishment, awe and admiration, revealed in their faces and attitudes. It is the work of a master hand.

### In Memoriam.

Neighbor Prissena Wells, born April 5, 1856—died May 11, 1900.

At a meeting of the Maple Leaf Camp, Number 1269, R. N. of A. Brady Island, Nebraska, held May 26, 1900, the following resolutions were adopted, expressing the sympathy and condolence of this lodge.

Whereas, It has pleased Almighty God to remove from our midst, after a brief illness, our esteemed Neighbor Prissena Wells, therefore be it

Resolved, That as a Camp we feel that we are mourners and that we extend our fraternal sympathy and love to those who so deeply mourn the loss of a loved one. To live well, to set a lofty example, is the richest bequest a woman can leave behind her, for example teaches better than precept.

Resolved, That we not only mourn the loss of a Neighbor, but we share with the husband and children the heartfelt sorrow caused by this sad affliction.

Resolved, That as a token of respect for our departed Neighbor our Charter be draped in mourning for a period of thirty days and that a page of our record book be devoted exclusively to her memory.

Resolved, That the resolutions be printed in the county papers and the Royal Neighbor paper and a copy be sent to the family of the deceased.

JOSEPHINE A. WORRELL,  
AMANDA J. GIFFIN,  
ANNA M. O'ROURKE,  
Committee.

H. C. Booker has sold the Gothenburg Independent to Prof. M. Parsons, who for several years was principal of the public schools of that town.

The Gothenburg Independent says T. C. Patterson, of North Platte, has been highly complimented on the address he delivered at the Banner church on Memorial Day.
