CLINTON,
THE JEWELER.
U. P. Watch Examiner.

The Semi-Weekly Tribune.

FRIDAY, JUNE 29, 1900.

Judge Neville returned from Lincoln last evening.

Phil Grady left last night for a visit with his sister in Cheyenne.

Mr. and Mrs. Arthur Marr came down from Cheyenne this morning.

Miss Ethel Evans left this week for a visit with relatives in Oregon.

Mr. and Mrs. Will Jeffers are expected home next Tuesday from their western wedding tour.

Mrs. R. M. Russell, who had been a guest at the Cody residence, returned to Deadwood Wednesday.

Twenty-seven cars of Nevada horses belonging to A. A. Crandall are being pastured here for a few days.

A game of ball between the Union Pacifics and a picked nine is announced for tomorrow afternoon at athletic park.

A Free Methodist camp meeting is in progress at the Purdy grove north of town, and will continue several days.

John Keith is in town today looking for an orator to make an address at the celebration to be held at Sutherland on July 4th.

A. M. McNicol, of Myrtle, who for several years has been teaching school, has accepted a position in the Wilcox Department Store.

Redwood Stock Tanks for sale. Best on earth. Sizes 6 to 16 feet. C. F. IDINGS.

John E. Evans of this city has been elected as one of the Nebraska delegates to the national convention of republican leagues to be held at St. Paul, Minn., July 17th.

The case of the state against Mrs. Kate Connelly is being heard in Judge Baldwin's court this afternoon. The defendant is charged with appropriating more water from the South Side ditch than she was entitled to, and the information places the damage at fifteen dollars.

James M. Ray, Lawyer.

Only twenty-two of the forty-two assessors in the county paid any attention whatever to the statistics relative to acreage of crops, amount of grain raised, etc., which they are supposed to collect. A majority of those who did make an attempt at this particular work were by no means thorough, and the statistics are therefore practically worthless.

Dr. F. W. Miller, Dentist, over Streitz' drug store.

A flaming light in Dr. Northrup's office in the Foley block at eleven o'clock last night attracted the attention of Will Sullivan, Henry Yost and several others. Rushing up stairs the broke in the door and found that a small gasoline stove had been left burning and the windows being open the breeze fanned the flame into such dimensions as to make a serious fire quite probable had it not been discovered.

Herbert Votaw and Miss Tina Ericsson were united in marriage at the Lutheran parsonage Tuesday evening by Rev. Wolfe. The groom has lived in the south part of the county for twelve or fifteen years and is a young man of exemplary character. He is a grain and cattle buyer at Wellfleet. The bride is the daughter of E. E. Ericsson, one of the earliest settlers in Cottonwood precinct, and for several years has been one of Lincoln county's most successful teachers. She is a bright, pleasant and unassuming young lady highly esteemed by all acquaintances. Mr. and Mrs. Votaw left Wednesday for Wellfleet, their future home. Our best wishes are extended.

Mrs. Gertrude Sears came up Lincoln Tuesday to attend the Votaw-Ericsson wedding.

Miss Louie Moulton, of Kansas City, will arrive next week for a visit with Mr. and Mrs. H. S. White.

Attorney Davis, representing H. S. White and others filed a petition with the board of equalization Wednesday protesting against the board raising the assessed valuation of the city and county thirty-four thousand dollars above the total returned by the assessors. The raise increases the valuation in the city about twenty-three thousand dollars. The petitioners represent that the commissioners have no right under the statutes to make such an increase in the total valuation as returned by the assessors.

Some small price hints of large values—those silk front shirts at fifty cents, seventy-five cents and \$1. Good white and fancy shirts at fifty cents and up to 1.00.

STAR CLOTHING HOUSE.

There was a lively fire in the kitchen of Dick Williams' residence Wednesday evening, and but for the prompt action of the men in the neighborhood Dick and his wife would have been homeless. In attempting to light a gasoline stove Mrs. Williams used alcohol for generating the gas. The cup containing the alcohol which she held in her hand ignited and fearing her personal safety dropped the cup on the floor. The flaming fluid spread over the floor igniting the furnishings and in a moment the room was a mass of flame. Neighbors quickly gathered and by the use of a lawn hose and a bucket brigade the fire was extinguished. The kitchen walls, floor and furniture were badly scorched, and considerable wearing apparel, forming part of the weekly wash, was rendered useless.

Card Party.

Mrs. F. W. Rincker entertained twenty-four ladies at a card party in honor of Mrs. E. W. Keyes yesterday. The hours were from 10:30 a. m. to 2 p. m., and the time was passed in a most enjoyable manner. The rooms were profusely decorated with palms, cut flowers and foliage plants, giving them a very pretty appearance. Refreshments were served at 2 o'clock by three young ladies. The affair proved as pleasant to the guests as it was creditable to the hostess.

Weather Forecast.

Partly cloudy tonight and Saturday, with probably local thunder storms. The maximum temperature yesterday was 89; one year ago it was 86. The minimum temperature this morning was 68; one year ago it was 63. The cool weather noted in the northwest in yesterday morning's report has moved eastward and prevails over North Dakota and Minnesota. An area of low pressure is central over Utah, causing continued warm weather over the Rocky Mountain regions. The highest temperature reported is 100 at Salt Lake City. Light rains occurred at Valentine and Cheyenne.

Pushing the Street Fair.

The executive committee of the street fair held a meeting at the club rooms last evening and transacted a large volume of preliminary business. Reports from the various committees showed that the work was being pushed with a vigor that means a very successful fair. Appropriations for the several features of the fair were considered, but not definitely made. It is likely that five hundred dollars will be appropriated for amusements and a like sum for music. An effort will be made to secure a large show tent which Col. Cody shipped home a few days and by furnishing it with cots use it for sleeping purposes for those who cannot secure rooms.

It was suggested that hay be provided free for farmer's teams and suitable land be secured on which teams and wagons could be kept and that a water main be laid to such grounds. This suggestion will be acted upon.

The amusement committee reported that a number of attractions had offered their services, and that there would be no trouble in securing sufficient amusements. A base ball tournament and a big shoot for gun clubs will be among the entertaining features. A band contest may also be one of the features.

One of the important features of the fair will be agricultural exhibits, for which liberal premiums will be paid.

The Park Banquet.

The banquet to W. L. Park will be held this evening. A reception which all guests and members of the Commercial Club will attend, will be held at the club rooms from 8 to 9:30, when those holding banquet tickets will repair to the K. P. hall, where the banquet will be served.

Wm. Neville will preside as toastmaster and the following toasts will be responded to: "The Last," H. M. Grimes; "North Platte," M. C. Harrington; "Union Pacific," F. E. Bullard; "Nebraska," W. T. Wilcox; "Where Are We At," J. G. Beeler; "Early Days," T. C. Patterson; "Pioneer Transportation," Chas. McDonald; "North Platte Commercial Club," E. B. Warner; "Irrigation Fair," W. C. Elder; "Pony Express," Mat Clair.

Death of Wm. Brown.

William Brown died at his residence on the Third ward Wednesday forenoon at the age of 64 years. The deceased came to North Platte nearly twenty years ago, and during the greater part of that time was an employe of the Union Pacific. He had been in poor health for several months and his death was not unexpected. He leaves a wife and four children, all of which are grown.

The funeral will be held from the Presbyterian church at 2:30 Sunday afternoon in charge of the A. O. U. W., of which he was a member.

In the loss of the husband and father the wife and children have the sympathy of a large circle of friends.

Fourth of July Celebration.

Believing that a neat little celebration will be appreciated by citizens, Messrs. Newton, Marti, Hoagland and Hartman, assisted by others, are preparing a program which will be rendered on that day. Permission has been obtained from the city to rope off Dewey street between Fifth and Sixth, and the races, of which there will be a dozen or more of the most interesting and amusing kind, will be held there. Arrangements have also been made to have a neat display of fireworks in the evening. The full program for the celebration will be published in next Tuesday's issue. In the meantime you can look forward to a very enjoyable day.

A Successful Musical.

The musicale held at Warner's store last evening was a pronounced success, over five hundred people attending. The program rendered by Brandon's orchestra of five pieces proved exceptionally enjoyable to the large crowd, and all felt well repaid for attending. One special attraction for the ladies was a handsome line of draperies displayed by George Goodman, representing Daniels & Fisher, of Denver, which proved to be the most complete ever shown in the city.

The musicale was a fitting celebration of Mr. Warner's forty-seventh birth anniversary.

Railroad Notes.

Roadmaster Connor Resigns.

Wm. Connor, who has been roadmaster of the western district of the Nebraska division for the past six or seven years, has resigned his position, to take effect July 1st. His successor, whose name was not learned, comes from the eastern district.

Mr. Connor has been an energetic and popular citizen, and our people are sorry to lose him as a resident.

It is rumored that J. H. McConnell, superintendent of motive power, will resign his position. Considerable friction with Mr. Burt is assigned as the cause.

Engine 1714 which broke its side rods on the Fourth district Tuesday, was brought to these shops Wednesday for repairs.

Charley Seyferth returned Tuesday from Sidney where he had been working for several days. Charley has for some time past been sort of a relief machinist for the Sidney men who take a lay-off.

Local receipts of freight have been quite heavy this month, but are a shade below those of June, 1899. Last year the receipts were swelled considerably by reason of the cattle which were shipped to this station.

Miss Susie Frazer, who had been visiting Rev. Wilson and wife, went to Gibbon this morning.

Marshal Rice received a wire from South Omaha this forenoon stating that the thief who stole Tom Donegan's watch at the shop six weeks ago, had been arrested at that place. The marshal will go down for the thief tonight.

In speaking of the North Platte Street Fair the Sutherland Free Lance says: It is at the Street Fair where "high jinks" can be raised several notches higher than common while the starred guardian of the peace looks complacently on or is not to be found. It is the street fair where one vainly tries to pierce the mask of giddy folly and lose ourselves in an abandonment of foolishness. North Platte has decided to give up her dignity for a few days and "whoop'er up" for the giddy goddess of mirth and hilarity. She will lay aside her business cares and the starchiness of official life and will rush madly into masquerades, street parades, band music and the eloquent spell of the street fakir and "Soapy Bill." "A little nonsense, now and then, is relished by the wisest men." Stand up for the North Platte Street Fair.

CANCER Cannot be Cut Out or Removed with Plasters

Surgical operations and flesh destroying plasters are useless, painful and dangerous, and besides, never cure Cancer. No matter how often a cancerous sore is removed, another comes at or near the same point, and always in a worse form. Does not this prove conclusively that Cancer is a blood disease, and that it is folly to attempt to cure this deep-seated, dangerous blood trouble by cutting or burning out the sore, which, after all, is only an outward sign of the disease—a place of exit for the poison?

Cancer runs in families through many generations, and those whose ancestors have been afflicted with it are liable at any time to be stricken with the deadly malady.

Only Blood Diseases can be Transmitted from One Generation to Another

—further proof that Cancer is a disease of the blood. To cure a blood disease like this you must cure the entire blood system—remove every trace of the poison. Nothing cures Cancer effectually and permanently but S. S. S.

S. S. S. enters the circulation, searches out and removes all taint, and stops the formation of cancerous cells. No mere tonic or ordinary blood medicine can do this. S. S. S. goes down to the very roots of the disease, and forces out the deadly poison, allowing the sore to heal naturally and permanently. S. S. S. at the same time purifies the blood and builds up the general health.

A little pimple, a harmless looking wart or mole, a lump in the breast, a cut or bruise that refuses to heal under ordinary treatment, should all be looked upon with suspicion, as this is often the beginning of a bad form of cancer.

Mrs. Sarah M. Keesling, 941 Windsor Ave., Bristol, Tenn., writes: "I am 47 years old, and for three years had suffered with a severe form of Cancer on my jaw, which the doctors in this city said was incurable, and that I could not live more than six months. I accepted their statement as true, and had given up all hope of ever being well again, when my druggist, knowing of my condition, recommended S. S. S. After taking a few bottles the sore began to heal, much to the surprise of the physicians, and in a short time made a complete cure. I have gained in flesh, my appetite is splendid, sleep is refreshing—in fact, an enjoying perfect health."

Our medical department is in charge of physicians of long experience, who are especially skilled in treating Cancer and other blood diseases. Write for any advice or information wanted, we make no charge whatever for this service. THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

H. L. Tallmadge returned to Cambridge yesterday after an extended visit with his son, J. D. Tallmadge of this city.

AN IDEAL CLIMATE

The first white man to set foot on Utah soil, Father Silvestre Valez de Escalante, who reached the GREAT SALT LAKE on the 23rd day of September, 1776, wrote in his diary, "Here the climate is so delicious, the air so balmy, that it is a pleasure to breathe by day and by night." The climate of Utah is one of the richest endowments of nature. On the shores of the Great Salt Lake especially—and for fifty miles therefrom in every direction—the climate of climates is found. To enable persons to participate in these scenic and climatic attractions, and to reach the famous HEALTH, BATHING, AND PLEASURE RESORTS of Utah, the UNION PACIFIC has made a rate to OGDEN and SALT LAKE CITY of one fare for the round trip plus \$2 from Missouri river, to be in effect June 21, July 7 to 12 inclusive, July 18, and Aug. 2; return limit Oct. 31, 1900. For full information, call on or address JAS. E. SCANLAN, Agent.

This office is in receipt of a very patriotic postal card from Miss Ida Von Goetz dated Brussels, June 16th. The back of the card represents a United States flag, with "Glorify to the Union" printed across the field.
