At a meeting of the Blue lodge of Masons held Tuesday evening, a number of plans for a new Masonic temple were submitted. One of them which called for a seventeen thousand dollar building was carefully examined and pronounced very satisfactory, but as yet no formal action on the proposed building has been taken. Arrangements are being made to organize a corporation for the purpose of handling the building fund. It is pretty certain that the temple will be erected next spring.

The executive committee of the street fair held a meeting last evening and transacted considerable business toward winding up affairs and especially the financial part. It was found necessary to make a ten per cent assessment on the subscribers to the original fund, making a total assessment of sixty per cent of the amount subscribed. This will create a sufficient amount to pay all indebtedness. The total expenses of the fair, now that all bills are in, is found to be about twenty-five hundred dollars.

Several merchants favor holding a street fair next year, but would like to see it conducted on different lines. They would advocate a continuous booth down the center of Dewey street in which merchants could display and sell their goods, and that provisions be made also to have a complete exhibition of agricultural products. At the extreme end of the booths pens could be erected for the exhibition of fine cattle, horses and hogs. These merchants think such a street fair would be a winner.

After Train Robbers.

A lone train robber held up a B & M train near Haigler Tuesday evening and secured considerable booty from the passengers. It later developed that the robber had a pal, and a rapidly organized posse started in pursuit, following the trail of the men into the south part of this county, where the clew was lost. Sheriff Keliher received word yesterday to be on the lookout for the robbers, and later learned that two heavily armed men had passed through Sutherland on their way north. These men are known in Sutherland and live about twenty miles northwest of that village. They have unsavory reputations and are suspected of having committed the robbery on the Weir ranch several weeks ago when four hundred dollars in cash were taken. The men had been absent from their haunts for a week or ten days and there are other reasons for believing that they are the parties who held up the B. & M. train.

Sheriff Keliher went to Sutherland last night and expected to make the drive out to the place where the suspected men live. A reward of one thousand dollars is offered for the capture of the robber, dead or alive.

MRS. ELIZABETH DONALDSON.

Harrington Evidently Knew.

It was only one year ago that M. C. Harrington told the democrats to be of good cheer, because there would be only one more year of fusion. Taking him at his word the populists of the state, and particularly of this section, are shaking fusion in large numbers. To be a fusionist is equivalent to becoming a democrat, and many populists who have been reduced to that alternative have taken to the middle of the road again or cut for cover in the republican party.—Kearney Hub.
