BETWEEN THE RIVERS.

Sheriff Keliber of North Platte, was at Hershey on official business Sunday.

Lon Graves of North Platte and a Mr. Smith, of the supply department at Omaha, were guests of E. F. Seeberger Sunday night at Hershey.

The Aveline family who recently sold their farm at Nichols, entertained a number of friends at their home very sociably last Friday night. The time was spent in social conversation and games of different kinds. They will give up possession of their beautiful home in the valley and will all depart for the east about November 1st. They will be missed by hosts of friends.

Merchant G. W. Brown was thrown from a load of sod that he was hauling for a new ice house, by a run-a-way team of horses last Saturday, and quite badly bruised.

Geo. Hatfield of North Platte, moved the Sisson school house that Jim White recently purchased about a mile east of Mr. White's residence where it will be converted into a granary and corn crib.

J. C. Gyger, of the Nichols creamery, went up to Julesburg on business Sunday evening.

Mr. and Mrs. E. Spitznogle entertained a number of relatives Sunday just previous to their departure for their new home in Washington.

Miss Bessie Eshelman of Hershey, took charge of the Young school about six miles south of Sutherland on Monday of this week.

H. E. Lindstrom has been assisting Jas. Clemmons in repairing his residence lately.

A young chap taking orders for Dr. Chase's medical works has been taking in the valley for over two weeks, but with what success we are unable to state.

J. M. Dwyer lost a fine horse last week with the prevailing disease.

Perf. Hoover came up from Fremont Thursday for a visit with E. Spitznogle and family.

A passing engine set out a fire west of Hershey last Saturday that consumed two large hay stacks for Seeberger & Co.

Mrs. P. E. Erickson of Nichols, has returned from Omaha where she went on a visit to her husband. She reports him on the mend.

Louis Toillon's car of lumber for his new barn is on the side track at Nichols.

It will not be very long before the sugar beet crop in the valley will have to be harvested.

Dr. Eves of Hershey, was down to North Platte on professional business last Thursday evening returning the following morning.

Roosevelt, Dolliver and Meiklejohn is a strong team that is advertised to speak at Alliance tomorrow.

When Mr. Bryan or any other fusion orator begins descending upon trusts, ask him what anti-trust law a Democratic Congress ever enacted.

When a former gold democrat concludes to support Bryan the first thing he does is to prepare a written apology for so doing. He feels that much is due to his conscience, if not to the public.

A petition is being circulated in Deuel county asking that the county seat be moved from Chappell to Oskosh. Quite naturally the Chappell people are quite angry at the nerve displayed by the Oskoshers in asking for a removal of the county capital.

"Since May 1st I have been in forty counties in Nebraska," remarked an Omaha man, "and have not met a voter who supported McKinley in 1896 who says he will vote for Bryan this year; but I have talked with hundreds who voted against McKinley four years ago who will support him this year."

Judging from the load of "country saving" resting upon the broad shoulders of Bryan, it is wonderful that the country ever lived through its youth without his guiding hand.

POLITICAL PARAGRAPHS.

You voted for prosperity and got it. Are you now going to vote against it?

Prosperity continues to be the paramount issue of the republicans, and it is a sound and substantial issue that exists everywhere.

It is said that Mr. Cleveland will not lift a finger for the Kansas City ticket. He is not so obliging as those members of his cabinet who propose to hold their noses while voting for it.

Candidate Bryan says we cannot secure title to a people by force or by purchase. According to that theory we must have acquired Texas and Louisiana on a Christmas tree.

The declaration against trusts in the republican platform is far more important than anything Mr. Bryan can say on the subject. It is the voice of the party in power, a party that carries its platform pledges into action.

A Bryan paper claims to have taken a straw vote of among 4,376 men crossing Brooklyn bridge and its figures indicate that McKinley will carry Greater New York by 27,000 instead of 61,000 as in 1896. A republican majority of any size in New York City is a good enough straw for the rest of the country.

From a nation of borrowers we have become a lending nation, and interest rates are cheaper today in the United States than anywhere else on earth. In place of selling bonds in time of peace we are paying bonds in time of war, all of which proves that the claim of national prosperity is based on substantial facts.

Labor is busy, is better paid and has to work shorter hours than in any other country on earth. Under the republican administration of the government, he is today better fed, better housed, better clothed, better educated than anywhere else on God's green earth and he will be slow to vote for a change.

No other nation on earth supports so few soldiers. Notwithstanding the rebellion on Luzon, the troubles in China and the temporary intervention in Cuba, less than one person in every thousand of our population wears a uniform or carries a gun, a record without parallel in the history of any people, ancient or modern.
