CLINTON,
JEWELER AND OPTICIAN.

The Semi-Weekly Tribune.
FRIDAY, OCT. 2, 1900.

W. A. Paxton, of Omaha, is in town today.

E. A. Cary returned this morning from a brief visit in Sidney. Judge Grimes went to Brady this morning to attend a republican meeting.

Jno. L. Knott, of Lincoln, is the guest of his daughter Mrs. G. W. Carter, having arrived yesterday.

John N. Baldwin, the most finished orator in the west will deliver a republican speech at the court house next Monday evening.

Miss Carrie Belton, who has been visiting in the east for a couple of months, is expected home in a day or two.

Harry McCreary, who was expected here on a visit this week, has written that he could not leave his business.

Mr. and Mrs. C. W. Burkland, of Sutherland, who had been visiting relatives in Sweden, have returned home.

Mrs. Reed, who had been visiting her sister Mrs. W. H. Fikes for a couple of weeks, returned to Omaha this morning.

A. W. Plumer, of Maxwell, has about concluded to build a house in this city, and with his mother will become a permanent resident.

Miss Edith Wendt and Mrs. Fred Weingand, who had been called to Cheyenne by the sickness and death of a friend, returned home last night.

John Heaston, of Ottawa, Ill., will arrive in town Monday and set up a couple of hay balers sold by McCullough & Carter. Mr. Heaston is an uncle of G. M. Carter.

The approach of winter does not seem to abate the house-building epidemic which struck North Platte early last spring. The foundations for several cottages are being laid at present.

Chairman Mecomber, of the O. R. C. board of adjustment, has gone to Kansas City to look after matters pertaining to his official capacity. Mr. Mecomber will probably be absent several weeks.

The work of printing the election ballots will begin tomorrow. In addition to the Lincoln county ballots, those for Keith, Logan and McPherson counties will be printed in town. To supply these four counties over a half ton of paper will be required.

There's no reflection so dainty, no light so charming as the mellow glow that comes from

Entertain at High-Five.

Mr. and Mrs. J. J. Halligan entertained about forty friends at a card party last evening, and a very pleasant affair it proved to be. Eight tables were put in use for those who desired to play high-five, while two or three other tables were used by those who indulged in "bachelor maid" and kindred games.

The high-five was of the progressive nature, and while a record of the games won by each one was kept, no prizes were offered, which in our opinion is a very sensible action. The offering of prizes frequently has a tendency to destroy the sociability of the game.

Refreshments were served at eleven o'clock and at midnight the party dispersed. The guests were in the best of humor, stiff formality was absent, and these with the hospitality displayed by Mr. and Mrs. Halligan made the evening a most delightful one.

Twenty-Fifth Wedding Anniversary.

Mr. and Mrs. J. H. Hershey will celebrate their twenty-fifth wedding anniversary this evening by entertaining about twenty of their most intimate and oldest known friends.

Mr. and Mrs. Hershey have spent nearly all their married life in Lincoln county, removing to the Hershey ranch in Cottonwood precinct in the latter part of the 70's. Later they moved to town, thence to the ranch at Hershey and then back to town.

Mr. Hershey's life in Lincoln county has been one of push and energy, and financially it has been very successful.

In advance of the celebration we extend the wish to Mr. and Mrs. Hershey that they may live to celebrate their fiftieth anniversary.

The hens of Lincoln county have formed a trust and forced the price of eggs up to seventeen cents a dozen.

Quite a number of Maxwell residents were in town yesterday as witnesses in a contest case before the land office.

Geo. E. French has been spending this week in Omaha and other points in the eastern part of the state, making official visits to Knights of Pythias lodges.

The funeral of Mary C. Brown, which was held from the Episcopal church this afternoon, was largely attended by people who had known the deceased for many years.

Chicago weather forecast for North Platte and vicinity: Fair tonight and Saturday. The maximum temperature yesterday was 68; one year ago it was 54. The minimum temperature this morning was 37; one year ago it was 29.

Hear John N. Baldwin at the court house next Monday evening.

Mrs. H. E. Worrell is entertaining the Misses Finney, young lady friends from North Platte. We understand one of the young ladies will teach a class in instrumental music here if a sufficient number of pupils can be secured.—Ogalalla Argus.

FOR RENT—Two furnished rooms
MRS. THOMSON & SWARTHOUT.

At the republican meeting at Sutherland last evening the auditorium in the school building was well filled, and the ladies present showed their good will by singing several patriotic songs. The speech of the evening was made by County Attorney Ridgley.

One of the Italians belonging to the Brule section force, who are putting in the new side tracks, fell off a rapidly moving hand car Saturday evening, and the car, upon which there were twelve men, passed over one leg, which was badly broken. He was sent to the hospital at Omaha Monday.—Ogalalla Argus.

Mr. and Mrs. C. F. Scharmann are expected home Sunday from their visit in the east part of the state.

Jas. Adams is making preparations to build a house on the lots he recently purchased on west Sixth street west of the Salisbury residence.

Election, which is now but ten days off, is engrossing the attention of the people, and little talk other than politics can be heard upon the streets. This condition makes it almost impossible for the newsgatherer to secure much local news.

A physician advances the theory that the extremely dry weather we have had this fall has resulted in keeping the number of sick in town down to a low figure. The lack of moisture has resulted in vegetation drying up instead of decaying, and less fever germs have resulted.

"Vanity Fair," which will be presented at the opera house Saturday evening, is a rollicking play that will catch the theatregoers who like to be amused. The play was presented here last season, and was pronounced a good one by those who attended. This season a number of new specialties have been added.

E. F. Seeberger is in town today, having come down last evening to attend the Halligan card party.

Hogs are reported a light crop in Lincoln county this fall, and not as many will be marketed this fall as last. It is said that there are a large number in Logan and McPherson counties that will be marketed at this point.

W. B. Ellis, living north of town, succeeded in raising three thousand bushels of corn this year, notwithstanding the extremely dry season. The farmers in his section raised more or less corn, none of them, we believe having a total failure.

Wild ducks and a few geese are beginning to come in to the Platte valley but the number will be limited as long as the pleasant weather continues. Some good bags have, however, been made. One party a few days ago bringing in sixty ducks that were in plump condition.

MYRTLE NEWS.

A number of Grandma Pease's friends tendered her a surprise party Tuesday evening in honor of her seventy-third birthday.

John Moore of Maxwell and Dave Clark of Millard were in our midst Monday.

Duncan McNicol, Jr., is selling his household goods, and will leave for Chicago as soon as he disposes of his crop. Miss Anna Flynn and Miss Lottie Fuller were North Platte visitors Saturday.

Mr. H. D. Phillips transacted business at the county hub Friday.

Mrs. F. G. Hogaboom and Miss Lizzie Graf, from over near Gandy, were visitors at Sunshine headquarters Friday.

The republican primaries were held at Myrtle last Wednesday evening.

We understand that W. Combs and J. E. Fuller each have a \$15 bet with a North Platte man that McKinley carries the state this year. The North Platte man bet \$60 that Bryan would.

Railroad Notes.

Jas. Guiber, a boilermaker, quit work yesterday and will seek other fields of labor.

The first consignment of material for the new Union Pacific ice house was unloaded on the site in the west end of the yard Wednesday.

The fruit companies will quit icing refrigerator cars at this station on November 1st. The icing necessary will be done at Ogden.

The local receipts of freight have very heavy this week; coal, salt, furniture and potatoes in carload lots forming the bulk of the receipts.

The fence gang which has been doing work west of here in charge of Boyd Dickinson has returned to town and will assist in building the new ice house.

There is a revival of the rumor that the Union Pacific will put in an electric light plant for its own use in the shops and yards. While this move has been talked of for some time, we learn from an apparently reliable source that it is now an assured fact and that the plant will be installed in the immediate future.

The working force in the Union Pacific shops is below the average, due to the fact that it is impossible to get machinists and boilermakers. In each of these departments there is a shortage of four or five men. The men who are sent here seem to be of a roving disposition, and knowing that work all over the country is easily obtained they do not tarry long at any one place.

Schumaker's resignation from the fruit express company and accepting a position with the Union Pacific company at a lower salary gives rise to the rumor that the fruit business will hereafter be handled by the railroad companies and not by the fruit transportation companies—in other words the latter companies will be a thing of the past.

Horace G. Burt, of the Union Pacific, has just had the degree of civil engineer conferred upon him by the Michigan university. Mr. Burt was a student of that institution years ago and was compelled to quit, whereupon he joined a surveying party of the C. & N. Ry. He failed to complete his course, but having by a steadfast purpose and honest effort worked his way to the presidency of one of the greatest roads of the country, he was very properly deemed worthy the recognition which the university has just given him.

We're as careful of our boy's and children's clothing stocks as a mother is of her new baby. Those 3 to 8 children suits at \$1.50, 2.00, 2.50, 3.00 and upwards; they are ready for you to see and you can save from 50c to \$1 on every suit you buy at the "Star."

STAR CLOTHING HOUSE.

SUTHERLAND NEWS.

Schlademann has been held by the Keith county court in the sum of \$1,000 to appear at the next term of district court on the charge of horse stealing.

A fire destroyed the barn belonging to Wm. Erwin, about seven miles south of town, Friday, Oct. 19, about noon. He also lost a pair of horses and a calf in the flames.

G. W. Applegate took the train Sunday afternoon for Cheyenne where he goes to see his son Lufe. Lufe is reported as being quite sick, in fact, dangerously so, with typhoid fever.

The Presbyterian church at this place is making an effort in conjunction with Cozad, to secure the services of a regular minister for their alternate Sunday service. The probabilities are that one will shortly be obtained.

Chas Cackle shipped a car of sugar beets to the factory at Norfolk, Neb. It was the product of about two acres of beets and the car was well filled. The crop will probably realize about \$60 or \$75 per acre.

John N. Baldwin, who will speak at the court house Monday evening, has no superior in the west.

REPUBLICAN MEETING.

John N. Baldwin,

Attorney for the Union Pacific Railway, will deliver a political address at the court house in this city on

Monday, Oct. 29,
AT 8 O'CLOCK.

Mr. Baldwin is one of the most finished and logical orators in the west. Every-turn out and hear him.

DELICIOUS COFFEE

America and the Coffee Question.

Americans are the greatest consumers of coffee in the world, for tea and other table beverages are only of secondary importance with this. It therefore behooves every conscientious grocer to look to his stock of coffee. We are prepared to satisfy all tastes, and have several excellent "blends," mixed in excellent proportion. A good coffee of fine flavor are our Java Blend at 25c, Boston Combination at 30c, Royal Moca, Java and Richelieu at 35c per pound.
