**DELICIOUS COFFEE**

**America and the Coffee Question.**

Americans are the greatest consumers of coffee in the world, for tea and other table beverages are only of secondary importance with this. It therefore behooves every conscientious grocer to look to his stock of coffee. We are prepared to satisfy all tastes, and have several excellent "blends," mixed in excellent proportion. A good coffee of fine flavor are our Java Blend at 25c, Boston Combination at 30c, Royal Moca, Java and Richelieu at 35c per pound.
