INTERNATIONAL SUNSHINE SOCIETY.

Good Cheer.
 Have you had a kindness shown
 Pass it on,
 'Twas not given for you alone
 Pass it on.
 Let it travel down the years,
 Let it wipe another's tears,
 Till in heaven the deed appears,
 Pass it on.

 Song, "Scatter Sunshine."

All letters, packages or inquiries concerning Sunshine work should be addressed to Mrs. Anna E. Moore, Myrtle, Neb., and notices for publication should reach us not later than Wednesdays.

Sunbeams scattered by North Platte members: Mrs. Mary J. Neary scattered rays of joy to many members by her generous contribution of books, games and cards. She also sends the name of Mrs. Jno. W. Kenworthy to be enrolled as a member. That is a plan. Interest all your friends to become members of this joy giving band.

Miss Annie C. Kramph, Vice president of the Sunshine Society sent three bound books to the Myrtle sunshine library. Miss Kramph is very modest in reporting sunshine deeds done, but we learn she has scattered many in her midst.

Miss Edith H. Patterson passed on Youth's Companions to a child near her, who has been unable to walk for a number of months as initiation fees. Miss Patterson also loans her St. Nicholas Magazines to five of her friends after reading them.

Mrs. Nellie Stearns reports having passed on practical sunshine. Joseph Davis a "shut in" reports that his sick room is made bright by many rays such as books, magazines and letters.

Little Myrtle Smith, a little cripple, has also received bright greetings from sunshine members.

The Gandy sunshine members are eagerly watching for opportunities to make others happy.

"Anonymous" reports having received a number of magazines from Mrs. D. P. Wilcox of North Platte with the request that they be sent to sunshine office after being read. This entitles Mrs. Wilcox to membership. F. R. Hogeboom has been chosen as State treasurer of the Sunshine society.

Mrs. J. B. Smith, president of the Merna, Custer county branch, reports that sunshiners there are busy scattering deeds of kindness in and around Merna.

As soon as the weather grows warmer regular meetings will be held and some special work taken up in this branch.

Miss Clarice Lansworth of Agee, Holt county, is grateful for good cheer mailed her from state-division. Miss Lansworth will cheer many members in the state by passing on books, picture cards and writing cheerful letters.

Mrs. Will Daly of Brady Island contributed ten cents to the state fund. Mrs. Daly realizes that it takes the pennies to send good cheer out of the office and we are grateful for her plan of scattering sunshine.

The Myrtle division has commenced the first year of the twentieth century with a good report of sunshine deeds done. First it is the first branch in the state to contribute to the general fund at the General office, and also the first one to add its name to the state endowment fund. Is not this good news? Then Mrs. Wright mailed good cheer to Woodlawn, Oregon branch, Mrs. Wilson passed on reading matter, Mattie Rein divided her portion of crepe paper with another member, Ellis Burns passed on a game, Mrs. McGue, secretary of branch, paid her dues by adding 25 cents to the state fund, and she helped to clear up the mail at the office.

Annie Phillips gave a number of quilt blocks, and Hazel Phillips added her sunshine act by sending

a package of cancelled stamps to Harold Usher of Lincoln, and Mrs. Keslar dropped 25 cents into the branch fund. The sunshine social proved to be a pleasant affair and netted the ladies \$4.30.

Epworth Heralds from Paxton reached their destination safely. We would be pleased to have the sender forward his address to this office.

ACKNOWLEDGMENTS.

Will every one who has received sunshine in any form kindly remember that it is a part of the sunshine creed to acknowledge it at once, if only able to do it on a postal card. Will branch presidents kindly call the attention of their members to this notice?

H. M. Mould of Keesville, N. Y., added four books to our library at Myrtle the last month.

And now we must close the months work. We hope to hear from you all soon telling of the beautiful sunshine acts you have been doing and as a watch word for this month I quote the following little verse—

Give arms of strength to aid the poor and weak;
 Give strong hands to the friendless,
 Kind tender words so short and sweet to speak,
 Whose doings shall be endless.

Secretary of State Porter admits taking \$923.80 in fees paid into his office for the filings of brands and adds that he intends to keep it because the brand law says that he is entitled to 20 per cent of the spoils. "I am no constitutional lawyer," said Mr. Porter when confronted with the constitutional provision prohibiting a state officer from receiving fees for his own use or from receiving perquisites. It is true Mr. Porter is not a constitutional lawyer but he has great faith in the law that gives him 20 per cent of the swag. He is willing to follow the law as he finds it. Once he took a different view. When the sealed election returns were ripped open in his office contrary to law he took upon himself the powers of a constitutional lawyer so far as to declare that law obsolete. The per cent law will not soon be declared obsolete by him.—State Journal.

There are only two states in the union that produce more gold annually than do the three counties comprising the Black Hills, and they are Colorado and California. The gold output of the former for 1900 was \$29,500,000, and of the latter \$14,377,200. And then comes South Dakota with \$6,617,674 to her credit.

After He Comes

he has a hard enough time. Everything that the expectant mother can do to help her child she should do. One of the greatest blessings she can give him is health, but to do this, she must have health herself. She should use every means to improve her physical condition. She should, by all means, supply herself with

Mother's Friend.

It will take her through the crisis easily and quickly. It is a liniment which gives strength and vigor to the muscles. Common sense will show you that the stronger the muscles are, which bear the strain, the less pain there will be.

A woman living in Fort Wayne, Ind., says: "Mother's Friend did wonders for me. Praise God for your liniment."

Read this from Huxel, Cal. "Mother's Friend is a blessing to all women who undergo nature's ordeal of childbirth."

Postmaster Jewett informs us that the government intends to establish a new system in letting the contracts for carrying the mail on the star route. The contracts will be let only to person living in the locality of the route he contracts to carry and the carrier will be required to take the mail from and deposit in all boxes along the route. Under the present system, the contracts for the star line have been let to some eastern contractor, who would sublet it to another and by the time it got down to the man who carried the mail, there was not living wages in it and the service has been anything but satisfactory.—Broken Bow Republican.

Mose Shuttles who left the county jail Thursday evening of last week while the deputy sheriff wasn't looking was recaptured near Redington the following day and returned to the lock up. In answer to inquiry as to the reason for action he said he "wanted to visit the folks". He is under sentence of one year to the penitentiary for horse stealing but is held here as a witness in the Bartling case.—Sidney Telegraph
